NOTE. See full Index at end of Report.

I have the honour to submit my report for the fiscal year 1899-1900 on expenditure (Appropriation and Statutory) and on Revenue Accounts.

Subsidies based on cost of works

In the preface of the last report which I had the honour of presenting to Parliament, reference was made to the difficulties and dangers connected with expenditure of this kind. Let me call attention under this head to the correspondence on the Sorel Bridge Subsidy at A—65 of this report, and to the regulations given at part W. page 222 which at the suggestion of this office, were adopted by the Railway Department.

I observe that at the end of last session some subsidies in round amounts on railway bridges, were adopted without reference to the cost of the structures. I would suggest that such round sum subsidy recommendations, when presented to the House, be always accompanied by an estimate made by a competent official of the Railway Department, of the whole cost of the work.

Investigation under oath of expenditure of previous years.

At A—81 will be found the letters of lawyers and other correspondence, on my endeavour to examine, under the powers given to the Auditor General by sections 55 and 56 of the Consolidated Revenue and Audit Act, into expenditure that, according to information which reached me, was greater than it should have been. It will be noticed that in the opinion of the lawyers, *that* power is not conveyed to the Auditor General when the expenditure belongs to a previous year and has already been passed upon. The Act must be amended in this respect, if parliament should determine to have an examination made in such a case.

On June 23rd, 1900, I wrote to the Railway Department: "It seemed well to inform you in the meantime of the delay so that you may enter an action in the usual way against the Company if it should appear advisable to do so."

Using cheque after lapse of the appropriation against which it is drawn.

If the course described at A—97 followed by the Minister of Railways is justifiable, the statement that the supplies embodied in the appropriation Act are for a particular fiscal year is illusory. I should be glad if the matter were set at rest. The correspondence gives the points so far as I can see.

Credits and Audit before payment.

Persons whose audit experience has been mainly in transactions of municipalities or of business firms, consider that the only audit work which is effectual, is that which is done before payment. Much of the business of the Dominion, however, being transacted at points far from Ottawa with communication still slow, although happily becoming almost every day more rapid, it is not possible in all cases or indeed in many cases, to wait for specific instructions from head quarters before spending money.

Therefore credits are necessarily utilized for much of the Dominion expenditure. On the other hand, it is most advisable that the credit system should not apply to the classes of expenditure in which irregularities are likely to occur. To carry out this object, an effort has been made to separate the kinds of expenditure which may be covered by credits, from those which require the care and attention which can be applied when dealing with Receiver General's cheques, applying in fact the system of audit before payment. The result of this effort is the circular which is given at page A—102.

Treasury Board.

It will be remembered by those who have read former parliamentary reports from this office that I have not always agreed with the Treasury Board of the day. The following letter will assist in forming an opinion of the way in which in this respect matters now stand :

AUDITOR GENERAL'S OFFICE, OTTAWA, July 14, 1900.

DEAR MR. FIELDING,—I have your letter of yesterday about the appeals to the Treasury Board against my decisions. As you say, some of them have been before me for a considerable time. Let me give you the reasons. I have been endeavouring, in the short times, at long intervals, which I could snatch from the regular work of the office, to suggest a change in the Treasury Board's method of dealing with the Audit Office work.

You will recollect that Sir L. H. Davies, a member of the Treasury Board, said at a meeting of the Public Accounts Committee that I was overruled by the Minister of Justice. Now, if Sir Louis did not know that the Treasury Board had anything more to do with the financial affairs of the Dominion than to register the decrees of the Department of Justice, other members of the Board were likely in the same condition. The reports which I am required in all appeals to make to the Board were evidently never looked at. I need not go into an elaborate proof of the fact that when there is an appeal from my decision, the moment the Board learns from the Department of Justice that there is not, in its opinion, any legal objection to the payment which I have declined to sanction, no matter what I may urge in the public interest against making the payment, no attention is paid to my remarks. I am overruled without consideration. This is manifest from the letter of the Secretary of the Treasury Board to me : "June 18, 1900. I am endeavoring after 6 to get the Board to meet daily to "get rid of arrears and with some success." It is a sanguine man that looks for much careful consideration of opposing views on important subjects on the part of men who work all day, and nearly all night, especially when the consideration is to be given at the time borrowed from the short time set aside for a hasty dinner. Evidently if the Secretary agrees with the views of the Board in the course to which I am now objecting, notwithstanding the time which he has been in the position, and although he ought to appreciate its high functions, he has no adequate view of what the Board was expected to do in this respect.

Now, you will recollect that the opinion of the Department of Justice is, that the government may pay any price for services or materials whether provided under contract or not, the only restriction to the power of the government being that there is a parliamentary appropriation. If, therefore, the practice hitherto followed at the Board is persisted in, all that a claimant will require, to get what public money it may be convenient for him to have, will be to induce a member of the Board to take up his case. What a pleasant prospect to any one who is connected with the country's finances, while everything else about Canada and Canadians is glorious !

You may answer me as the Minister of Justice once did. He said, "I inform the "Board what I think it has the power to do, but there is no obligation on it to do what

"it has the power to do but which it would not be prudent to do." This it might have done, but, as I said above, it did not do.

Let us see what the Board has done. It has established the principle that an arrangement may be regularly entered into between the government and an employee, that he is to get a certain salary for a year. He is pleased to take the salary and occupation, gets his salary each month until the end of the year. He then makes a claim to be paid a higher salary for the period of his services, gets the additional claim and may come as often as he likes for more.

Mr. Courtney will remember informing me a short time ago that of three decisions then recently made, one was in my favour. By the way, the decision in that case has not yet reached me. The appeal which was refused was made by the Postmaster General on an arrangement made by that Minister and the Minister of Interior that postage on immigration literature sent through the department of the Interior should be remitted. The Treasury Board as usual decided on the opinion of the Department of Justice which was, as I supposed, that the Postmaster General had not the power to make the arrangement. The first opinion of the Department of Justice given to the Board was that the Postmaster General had the power to remit the postage, but subsequently the opinion was changed. One naturally asks, would the action of the Board have followed the opinion of the Department of Justice in the first case, notwithstanding the argument of this office which, I presume was the same as that which influenced the Department of Justice on looking at the question a second time. Please notice that I make no reflection on the Department of Justice for having changed its mind. Quite the contrary. My argument is that the reports which are under the Audit Act brought before you, should receive equally careful examination. While the technical knowledge of the lawyer is of great assistance, lengthened experience in any line of life cannot safely be despised when one of its branches is under consideration.

You reasonably ask me how are we to get rid of these difficulties and objections. Most simply; in a much more satisfactory way to the Board and to all those directly affected by the appeals. I need not go over the proof that a member of the Board, when he happens to be the applicant for an overruling of the Auditor's decision, is generally prejudiced in favour of overruling, and that he has an effect in the same direction on his colleagues at the Board, and that, therefore, the tribunal is not a good one. To such an extent is the member of the Board who brings the appeal affected by his desire to succeed, that when the Board is obliged, under the Audit Act, by the opinion of the Department of Justice, to refuse the appeal, the Board does not promulgate the result of the appeal, presumably because the appellant strongly objects.

I have not yet heard the result of these appeals :—

1. Marine—temporary clerks appointed without examination, contrary to statute.
2. Dominion steamers—Revenue used to meet expenditure.
3. Postage stamps furnished Immigration Branch of Interior Department.

What is wanted is to establish general rules, a rule with reference to each class of cases, when the special interest of no individual is present to the members of the Board to bias their views. After the making of such rules there would be one rule for all who are situated alike. You do not require to know the person who is to be affected by a decision before giving it, whether you are dealing with the case as a member of the government, or in any other capacity, provided you have all the facts.

I know how difficult it is for the members of the Board to give the appeals the care which they need, to carry out the spirit of the Audit Act. Every case has to be fully considered from the beginning, the facts to be mastered, the law to be cleared up, prejudice to be put aside. The members of the government are the busiest men about the Buildings and necessarily know the least about details. In many similar places the permanent official is the person on whom reliance is usually had. Not being familiar with the internal working of the Board, I do not know how far Mr. Courtney's tastes and information fit him for this work, but it is quite plain, when he is so much more engaged in other governmental work than this, it is his fitness for that which counts largely in his general usefulness. I am, therefore, unable to suggest that you, he and I might prepare

the draft of the general regulations for the Board, but I shall be glad to assist in that or any other way that may appear to the Board to be desirable. Let the Board now consider the general questions, and ask parliament to give its views the force of law as is done in the United States. There would be no room for further difference of opinion. If we make general rules without the sanction of parliament, we still get into difficulty. Whenever an Order in Council contravening such general Order in Council might happen to slip through Council without being noticed, we should be told by the Department of Justice, as at present constituted, that a general Order in Council may always be amended by a particular Order in Council without naming the general Order in Council, that is, virtually, that the Governor in Council cannot pass a general Order in Council of any more binding effect than any other Order in Council.

Sir John Thompson took a different view, but that does not help matters now.

An official calls to see me about the rule which should govern him in any particular claim. I ought to be able to give him a reliable answer. I have studied the statutes and precedents. All I can tell him, however, is that the practice hitherto followed is so and so, that there is perhaps a general Order to that effect, but that if the matter should come before the Treasury Board, it will give all that the law, as interpreted by the Department of Justice, will say is permissible, and the Department of Justice will say that anything may be done if there is any available appropriation.

I find that at the moment, I have not time to classify the overrulings under the general principles to which they belong, as referred to on page 3, but I hope to be able to do so shortly and perhaps to deal with the whole question in some other respects.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Hon. W. S. FIELDING,
Minister of Finance.

It is very manifest that, if business methods are to be applied to the Treasury Board proceedings, the Minister of Finance will require to make up his mind that he is to be held responsible for the continuance of financial regulations which are still required by our condition, and for the establishment of others to suit the great progress which Canada is making.

Of the appeals to the Treasury Board which are described in this report, numbering 11, one was on travelling expenses, four on leave of absence to temporary employees and two on retroactive increases of salary.

To describe shortly the ground of difference on the latter seven cases :—

1. The Treasury Board insists upon its right to fix any per diem amount for living expenses of any one in the Service, without requiring evidence that the amount has been spent. I do not claim the right to interfere with the style of living, but contend that evidence—not necessarily details in full—should be given that the money claimed has been actually expended. Salary is all that the official should get, except reimbursement for what he has been really out of pocket on Government account.

2. With reference to leave of absence to temporary employees, whether for sickness or recreation, I maintain that section 33 of the Audit Act restrains the Government from allowing to any employees, pay for time for which service was not given, except to the Civil Service, to whom the privilege is specially secured.

3. The opinion of the Department of Justice is that pay may count back from any period not earlier than the beginning of the fiscal year, during which the increase is authorized by the Government. My objection to this view is that there is nothing in the fiscal year limitation. If the Government has the power to make the increase date back to the beginning of the financial year, the employee having performed during the period nothing but what was contemplated in the Order-in-Council which fixed the salary before the performance of the service, the same authority could have made the increase date from the beginning of the service and can go on increasing the pay as often as it wishes, over and over again.

I have plenty of other work to do and dislike having standing differences with the Government. It seems to me that the Government should have these matters put in way of settlement by introducing in Parliament appropriate amendments which would be easily understood and short.

The following letter extracted from the London '*Times*' shows that difficulties similar to ours exist, even in England, sometimes, and that an independent audit is appreciated by the British Public:—

To the Editor of the Times.

SIR,—The announcement made in your columns that the post of Controller and Auditor General had been vacated is the more interesting to the public at large as the nomination to the vacancy will show how far Lord Salisbury's impatience of Treasury control has been dissipated since the opening night of the Session. The probability is in favour of his placidly eating the leek which the Treasury will offer him, and the opportunity of re-establishing an independent audit of the national accounts will be again indefinitely postponed. Those, from Lord Welby downwards, who have known anything of the inner life of the Civil Service during the past thirty years will admit that there has been only one Controller and Auditor General who consistently carried out the intentions of the Act under which he was appointed. Coming direct from the House of Commons where he had been in close touch with the framers of the new system of public audit, he laid down the principles of absolute independence of official dictation, and of responsibility to the House of Commons alone. In the earlier years of his Controllership the Public Accounts Committee, to whom the Controller and Auditor General's reports were referred, was composed of men of financial reputation, distinguished by administrative knowledge, and it may be said that the method in which public departments expended the money voted for them was thoroughly threshed out. The right and duty of the Treasury to exercise absolute control over the preparation of the Estimates and the issue of money were fully recognized, but the claim of the Treasury to act as a dispensing power (and to authorize expenditure which had not been contemplated when the House of Commons was invited to vote the money) was steadily resisted.

When after more than fifteen years' public service Sir William Dunbar retired, he was allowed to go without one of those honorific distinctions which are supposed to mark the recognition of duty well discharged. The reason for this omission must be left unexplained, but the Treasury, having learnt by experience the unpleasant side of an independent audit, took care that subsequent holders of the post of Auditor General should have been trained in its ways and dependent on its favours.

We have latterly had in the history of financial and industrial bodies, many object lessons in the results of an audit conducted by auditors appointed by the directors. These lessons are either lost upon our statesmen or are considered of small account where Treasury convenience is concerned.

I am, sir, your obedient servant,

Sgd. SEXAGENARIAN.

It has been a great struggle with the generally increased expenditure, the work connected with the recent elections, and the small staff of this office, to get this report out in time for the meeting of parliament.

It will be noticed that the details of the Intercolonial Railway wages have been cut down in the Railway part of the report and that the statement of payments from more than one source has not been made. It was impossible to do differently in either case, on account of want of time.

The absence of promptitude in providing statements and vouchers in two or three cases, interfered to a considerable extent with the completion of the report. The prospect is that this class of difficulty will not exist to any great extent in connection with the next report, as steps are now being taken with the concurrence of all concerned, to prevent it.

J. L. McDOUGALL,
Auditor General.

AUDIT OFFICE,
OTTAWA, February 11, 1901.

AUDITOR GENERAL'S REPORT
1899-1900

PART A

TREASURY BOARD OVER-RULINGS

AND

GENERAL CORRESPONDENCE

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S DECISIONS BETWEEN THE COMMENCEMENT OF THE SESSION OF 1900 AND THE SESSION OF 1901.

Travelling Allowance of $6 a day to Superior Court Judges, B.C., in addition to Expenses.

NOTE.—For correspondence on this subject see Audit Report of 1898-99, pages *a*—72 to *a*—81.

Treasury Minute, January 25, 1900.—The Board had under consideration a joint report from the Auditor General and the Deputy of the Minister of Finance and Receiver General in reference to the payment of the circuit allowances of the Superior Court Judges of British Columbia, and also the correspondence in connection therewith—the Auditor General having objected to the payment of the said judges, for living expenses, of their actual living expenses, as stated in bulk by themselves, with six dollars a day besides.

The Board while they observe that there is a certain amount of inequality existing between the allowances to Superior Court Judges in British Columbia and judges in the other provinces, as well as County Court Judges in British Columbia, yet as the order in council under which the allowances are paid to the British Columbia Superior Court Judges has been in existence for over twenty years, and as the judges have been appointed, subject to its provisions, the Board cannot see their way to recommend a change in the existing practice, and they therefore overrule the objections of the Auditor General, and direct that the payment of the circuit allowances to the Superior Court Judges in British Columbia be made as heretofore as authorized by order in council of July 2, 1878.

J. M. COURTNEY, *Secretary.*

The Warden of Manitoba Penitentiary allowed for Medical Attendance at Ottawa.

NOTE.—For correspondance on this subject, see Audit Report of 1898-99, pages *a*—70 to *a*—72.

DEPARTMENT OF JUSTICE, OTTAWA, December 20, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, inclosing Treasury Board file No. 25443, being the papers upon the appeal to the Treasury Board from the Auditor General as to passing an account for $16.40, paid by the Warden of the Manitoba Penitentiary for medical services while in Ottawa on penitentiary business. The file of correspondence which you inclose sets forth the particulars and circumstances with reference to the payment, and I am to state that the Attorney General is of opinion that the expenditure was legally incurred, and that it was authorized by the Penitentiary Act and the Appropriation Act, which together constitute parliamentary authority therefor. Papers returned.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, January 25, 1900.—The Board had under consideration an appeal by the Department of Justice against the objections of the Auditor General to the passing of an account for the sum of $16.40, paid by the warden of the Manitoba Penitentiary, to himself, from the contingent funds of that institution, for medical services while in Ottawa, on penitentiary business.

From the papers submitted to the Board, it appears that the Auditor General asked the Department of Justice for the authority under which the charge in question was allowed, and on May 23, 1899, the Deputy Minister of Justice, in reply, informed him that the warden of the penitentiary had been summoned to Ottawa by the Minister of Justice on matters relating to the institution, and that while in Ottawa he contracted a severe cold and was laid up at the Russell House for several days ; that the warden is allowed free medical attendance while at the penitentiary, and in this case he contracted the illness while on the business of the penitentiary, and the Minister of Justice considered it fair that the charge should fall upon the appropriation for the penitentiary.

In reply to the Deputy Minister of Justice the Auditor General, on May 30, 1899, stated as follows :—

'With reference to your letter of the 23rd instant, in which you state respecting the claim of the warden of Manitoba Penitentiary for a refund of $16.40, paid by him for medical attendance at Ottawa, that the warden is allowed free medical attendance while at the penitentiary, I beg to say that I cannot find either in the Penitentiary Act or the penitentiary regulations, the necessary authority for this privilege. I know that in the enumeration of the surgeon's duties in the penitentiary regulations, it is required of him to attend the officers and employees of the prison free of charge, but this direction to the prison surgeon is not, I take it, equivalent to free medical attendance in the sense conveyed in your letter. It seems to me that the privilege accorded penitentiary officers in regard to duty assigned by the governor in council to the prison surgeon, does not give them any more claim on the government for the payment of their doctors' bills than any other permanent employee in the public service.'

The Auditor General, who contends that the amount in question should be considered as cash in the warden's possession, takes his objection in the case under section 32, subsections (*a*) and (*c*) of the Audit Act, on the grounds that the payment is illegal, and the money is not justly due.

The Board had also under consideration in connection with the case a letter under date of December 20, 1899, from the Deputy Minister of Justice in which he states that the Attorney General is of opinion that the expenditure was legally incurred and that it was authorized by the Penitentiary Act, and the Appropriation Act, which together constitute parliamentary authority therefor.

The Board, in view of the opinion of the Attorney General, as above set forth, are of opinion that the objections of the Auditor General are not well founded, and should be over-ruled, and they accordingly direct the payment of the account in question.

I am, sir, your obedient servant,

J. M. COURTNEY, *S., T.B.*

Account for Legal Services, not certified by Justice Department.

AUDIT OFFICE, OTTAWA, February 2, 1900.

SIR,—I beg to acknowledge the receipt of your application of the 1st instant for a cheque of $1,570, in favour of H. C. St. Pierre, Q.C., in payment of his services in connection with the prosecution of certain sailors and stewards of the ss. *Scotsman*, the amount in question having been authorized by the Governor in Council.

I inclose herewith the copy of Mr. St. Pierre's account which was attached to the order in council sent me, that you may cause to be inserted thereon the usual and necessary certificate of taxation. This certificate is made a necessary preliminary of payment by section 33 of the Consolidated Revenue and Audit Act; and by an Order of the Governor in Council dated April 12, 1879, the Department of Justice is named as the proper department to give the certificate called for by Act of Parliament. The order in council of January 27 last, quoted in your letter of application does not, in my opinion, relieve the Department of Justice of the duty inferentially imposed on it by the general order of April, 1879, and certainly does not satisfy the requirements of sec. 33 of the Audit Act above quoted.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

JUSTICE DEPT., OTTAWA, February 5, 1900.

SIR,—I have the honour to acknowledge your letter of 2nd instant in reply to my application for a cheque for $1,570 to pay Mr. St. Pierre, Q.C., for his professional services, as directed by order in council of 27th ultimo. You refer to the general order in council of April 12, 1879. That order in council directs 'that the accounts rendered by legal gentlemen employed professionally by any of the departments of the government be submitted to the Department of Justice for examination and approval before payment.' If the account in question is held to come within the operation of the general order in council, I would consider that the requirements of the general order have been complied with, because the order of 27th ultimo is passed upon the recommendation of the Minister of Justice 'that Mr. St. Pierre be paid the sum of $1,570, according to his account rendered.' But it is clear that if there be any inconsistency between the general order and the special order of the 27th ultimo, the latter must govern, because it is an order dealing with a particular case, and, therefore, as to that case, supersedes the general order.

Upon these two grounds, therefore, I am of opinion that the requirements of the Governor in Council have been complied with and that you ought to issue the cheque in accordance with the application.

I am, sir, your obedient servant,

E. NEWCOMBE, *D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 6, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of yesterday with reference to your application for a cheque for $1,570, to pay Mr. St. Pierre, Q.C.

On re-reading my letter to which yours was a reply, you will observe that I laid more stress on section 33 of the Consolidated Revenue and Audit Act than I did on the order in council. You made no reference to that part of my letter. I shall not deal further with the subject till I hear from you on that point.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, February 9, 1900.

SIR,—Referring to your letter of the 6th instant and previous correspondence, you sent me a copy of Mr. St. Pierre's account, that I might 'cause to be inserted thereon the usual and necessary certificate of taxation,' and you stated that this certificate is made a necessary preliminary of payment by section 33 of the Consolidated Revenue and Audit Act, and that by order in council of April 12, 1879, the Department of Justice is named as the proper department to give the certificate called for by the Act.

In my letter to you of the 5th instant, I pointed out that the special order in council governing this case was passed upon the recommendation of the Minister of Justice, which recommendation seemed to me a sufficient compliance with the requirements of the general order if that order could be held applicable ; therefore, in so far as section 33 is to be interpreted having regard to the general order in council, my previous letter seems to have covered the point. If independently of these orders in council you contend that this account, authorized as it has been, requires my certificate under section 33 as a condition of payment, I do not agree with you, because I am not and never have been charged with the service in question, either specially or otherwise.

I would suppose, however, that when the government directly authorized proceedings which have resulted in this account and have directed payment of the account, either the order in council directing the payment must take the place of the certificate of the officer for the purpose of section 33, or else it must be held that there is in such case no officer within the meaning of the section, which, therefore, does not apply. In either case it would, I should think, be your duty to issue the cheque.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDITOR GENERAL'S OFFICE, OTTAWA, February 12, 1900.

SIR,—I have your letter of the 9th instant regarding Mr. St. Pierre's account. It will probably tend to bring this matter to a conclusion if you will be good enough to state what the reasons are which made necessary a departure from the usual course of procedure. So far as I yet know this is an account like any other account for legal services ; and if the facts as to the amount of work can be easily verified, there should be no difficulty in telling whether the rates demanded are those that should be allowed. Then the Governor in Council ought to have had these facts to have found a proper result.

I object on general principles to the government's doing this work instead of you and those under you who have special knowledge of the subject. Instead of its being disrespectful to the members of the government to say that they are incapable taxing officers, it would show a want of appreciation of their special duties to suppose that they could withdraw sufficient time from those duties to acquire the mastery of an entirely unconnected branch of knowledge. As I read section 33 of the Audit Act already quoted in the correspondence, it is knowledge that is required and not authority. If the legislature had intended that the Minister should be able to provide all the certificate that can be required, it would have been so stated and the necessary words would have been introduced as an alternative expression, if not as the main one.

It seems to me that it can be fairly taken that the order in council bringing legal accounts under the Department of Justice for taxation was the carrying out of the principle laid down in section 33, in a case where an individual official cannot be found to do the work ; and therefore in no sense can the special order in council fixing the amount payable for the account be considered as properly taking the place of the other, the general order in council.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, February 16, 1900.

SIR,—Referring to your letter of the 12th instant with respect to Mr. St. Pierre's account, I have no further explanation to offer, nor in my view should I be asked for any. That Mr. St. Pierre performed the service at the request of the government there can, I think, be no doubt. That he has charged therefore a reasonable and satisfactory amount is evidenced by the order in council directing payment of his bill. I have not considered the propriety of his charges, nor do I hold an independent view of my own upon that subject. I presume, however, from what has taken place that the amount is right, and I am satisfied that Mr. St. Pierre is entitled to be paid. All these considerations are involved in my application for the cheque, and previous correspondence. In fact, I consider Mr. St. Pierre's account properly authorized and legally payable, and therefore I conceive it to be your duty to issue a cheque in payment.

The further questions which you now raise appear to me, with all due respect, somewhat immaterial, and I should expect that further correspondence upon these questions would be unfruitful.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDITOR GENERAL'S OFFICE, OTTAWA, March 12, 1900.

SIR,—Your letter of the 16th ultimo was duly received. I have no doubt but that Mr. St. Pierre performed the service at the request of the Government.

The fact that there is an order in council for the payment does not seem to me to prove that he has charged a reasonable amount.

As you say, further correspondence would likely be unfruitful. As I still think that Mr. St. Pierre's account is not legally payable except for such amount as you can certify after taxation in the usual way, I decline to pass the account and return it herewith.

I began the correspondence because it appeared to me that you would see my position to be unanswerable and would advise the Minister to have the account taxed by the department.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, March 23, 1900.

SIR,—I have the honour to inclose herewith T. B. file No. 25899, being an appeal by the Department of Justice from your decision in reference to the payment of an account rendered by Mr. H. C. St. Pierre, Q.C., of Montreal, for services in the prosecution of certain sailors and stewards of the ss. *Scotsman*, and I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of and grounds for your objections to the passing of the account in question, and also as to the section and subsection of the Audit Act under which such objections are taken.

I shall also be glad to have any remarks in refernce to the matter which you may desire to make.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*

AUDIT OFFICE, OTTAWA, July 17, 1900.

SIR,—Your letter of March 23, with reference to the appeal to the Treasury Board on the account of H. C. St. Pierre, Q.C., of Montreal, is before me. I have no recollection of having ever been asked before by a department to pay an account that the applying department refused to certify in any particular that the work was ordered, that it was done, or that the prices are what they should have been if ordered or done.

It is most unreasonable for the department which acknowledges itself by appealing against my decision as the one directly concerned, to refuse to take the responsibility for having the work done, to decline to certify that the work was done, or to certify the value of the work, particularly when the work is of the kind to which the special duties of the Department of Justice belong.

Now, the 33rd section of the Audit Act, which applies directly to this case and prevents the appeal from being legally successful, is the foundation of the Audit Act, and was the great contribution of Alexander Mackenzie himself to that Act:

'No. payment shall be authorized by the Auditor General in respect of work performed or material supplied by any person, in connection with any part of the public service of Canada, unless in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.'

My objection is under section 32, subsection (*a*) of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, July 19, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant, inclosing Treasury Board File No. 25899, being the correspondence between this department and the Auditor General relative to the payment of an account for $1,570 rendered by Mr. H. C. St. Pierre, Q.C., of Montreal, for services in connection with the prosecution of sailors and stewards of the ss. *Scotsman*. You refer to the fact that the Auditor General has objected to issue a cheque in payment of this account in accordance with my application, under section 32,, subsection (*a*) of the Audit Act, upon the ground that there is no parliamentary authority for the payment, and you inquire whether, in the opinion of the Attorney General, there is such authority, and ask that the parliamentary authority be cited as required by the subsection.

I am directed by the Attorney General to state in reply that he agrees with the views expressed in my letters to the Auditor General, and that inasmuch as these charges were incurred under the authority of the government for the purposes of the due administration of criminal justice, payment having been authorized by order in council to be charged against the appropriation for miscellaneous justice, the item of the Appropriation Act, No. 1, 1899, 'Miscellaneous expenditure, including North-west Territories, $37,000,' furnishes parliamentary authority for the payment thereof.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, July 20, 1900.—The Board had under consideration an appeal by the Department of Justice from the decision of the Auditor General refusing to sanction the payment of an account for $1,570, rendered by Mr. H. C. St. Pierre,

Q.C., Montreal, for services in the prosecution of certain sailors and stewards of the ss. *Scotsman*, such payment having been authorized by order in council of January 27, 1900.

From the Auditor General's letter of July 17, 1900, it appears that his objection to the payment in question is under section 32, subsection (*a*) of the Audit Act, that is to say, that there is no parliamentary authority for the payment.

The Board had also under consideration a letter on the subject from the Deputy Minister of Justice, dated July 19, 1900, in which he states as follows :—

'I am directed by the Attorney General to state that inasmuch as these charges were incurred under the authority of the government for the purposes of the due administration of criminal justice, payment having been authorized by order in council, to be charged against the appropriation for miscellaneous justice, the item of the Appropriation Act, No. 1, 1899, "miscellaneous expenditure, including North-west Territories, $37,000," furnishes parliamentary authority for the payment thereof.'"

The Board, in view of the opinion of the Minister of Justice, as above set forth, are of opinion that the objection of the Auditor General is not well taken, and should be overruled, and they therefore direct that payment of the sum of $1,570 be made to Mr. H. C. St. Pierre, Q.C., as authorized by order in council of January 27, 1900. above referred to.

J. M. COURTNEY, *S., T.B.*

DEPARTMENT OF FINANCE, OTTAWA, August 10, 1900.

SIR,—I transferred an application from the Justice Department for the payment of $1,570 to H. C. St. Pierre, on the 3rd instant. Will you kindly deal with it. Mr. St. Pierre is, I understand, in town, and wants the cheque.

I am, sir, your obedient servant,

The Auditor General. M. G. DICKIESON, *Actg. D.M.F.*

AUDIT OFFICE, OTTAWA, August 11, 1900.

SIR,—I have your letter of yesterday with reference to an application to pay $1,570 to Mr. H. C. St. Pierre. I have seen Mr. St. Pierre, who is to get me some further information regarding the account. In the meantime I am holding the application.

I am, sir, your obedient servant,

The Acting Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

MONTREAL, August 11, 1900.

DEAR SIR,—Herein you will find the copy of the bill of costs which you were kind enough to hand over to me yesterday. I have caused to be annexed to it the certificate which you have requested of me. I hope that this will bring me to the end of my troubles at last, and that you will now sign me a cheque for $1,570, the amount of my claim, without any further delay.

I am, sir, your obedient servant,

The Auditor General. H. C. SAINT PIERRE.

Account certified by the presiding judge and the clerk of the court.

Paid August 13, 1900. J. L. McD.

Extended Leave of Absence to Temporary Clerks.

AUDIT OFFICE, OTTAWA, December 1, 1900.

SIR,—Concerning a deduction made from Mr. H. C. Stevenson's salary, for absence in excess of three weeks, under order in council :

Mr. Stevenson claims that an offset should be made in his case of the holidays which he has not taken since 1892, the date of the general order in council.

While not admitting that such a claim is valid, I would prefer, before considering it, that it be made by a department instead of an individual.

If you see your way clear to advocating Mr. Stevenson's interpretation, please support it by a detailed statement of the facts.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, January 4, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th ultimo (117864), in which you ask for advice as to the validity of an objection made by the Auditor General to the payment of the salary of certain temporary clerks employed in your department for periods during which they were absent upon leave granted by order in council, except for three weeks of such periods, i.e., for the regular leave for purposes of recreation.

The order in council to which you refer as attached to your letter was not with the letter as it reached me, but I can deal with the general question involved in its absence. This same question was raised by the Auditor General last year in the case of a temporary clerk in the Department of Agriculture, and the matter having been referred to the Treasury Board, the advice of the Department of Justice was obtained for the guidance of the Board. I send you herewith a copy of the letter (June 24, 1898—D. of J. 587-98 ; T. 23613 B.) conveying to the secretary of the Board the opinion of this department, and I beg to state that I concur in the view therein expressed, that it is competent for the Governor in Council to grant leave of absence, with pay, to a temporary clerk for a longer period than three weeks.

I am, sir, your obedient servant,

The Secretary, Public Works Department. E. L. NEWCOMBE, *D. M. J.*

DEPT. OF JUSTICE, OTTAWA, June 24, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant—T. 23613 B.—with reference to the objections of the Auditor General to the payment to Miss C. Ross, a temporary clerk in the Department of Agriculture, of her salary during her leave of absence.

In reply, I beg to state that I think it is clear that the Auditor General is right in his interpretation of section 49 of the Civil Service Act. That section, I think (subsection 2, as well as subsection 1 thereof), applies only to officers, chief clerks and employees who are members of the civil service as defined by section 3 of the Act.

That, however, does not, I think, dispose of the question involved in the present case. The statute does not empower the Governor in Council to give leave of absence to temporary clerks, but it does not, on the other hand, in my opinion, take away or restrict any power which the Crown may have aside from statute to grant such leave. I do not see any reason to doubt that such a power exists, or that in Canada it may be exercised by the Governor General on the advice of his responsible Ministers.

In this connection, I beg to refer to an order in council passed in 1892 and published in Executive Regulations at page XVIII. This order in council lays down

general rules for the granting of leave of absence to temporary employees, and if the view which the Auditor apparently holds be correct, it was *ultra vires* of the Governor in Council, but for the reasons above stated, I think, that it was not really so.

There being no statutory restrictions upon the power of the Governor in Council to grant leave of absence to temporary clerks, I think that as a matter of law he, on the advice of his Ministers, is the judge as to the extent of sick leave which may be granted in such cases.

I am, therefore, of opinion that if the requisite moneys are available under the Appropriation Act, that Act is parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence upon leave, and I am to state that the Minister of Justice and Attorney General concurs in this view.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, the Treasury Board. A. POWER, *Acting D.M.G.*

DEPT. OF PUBLIC WORKS, OTTAWA, January 20, 1900.

Memo :

The undersigned has the honour to report :—

That under authority of an order in council dated July 10, 1899, leave of absence with pay was granted to Mr. H. C. Stevenson and Mr. C. C. Hampshire, temporary clerks in the Department of Public Works, for periods of two months and six weeks respectively ;

That the Auditor General has objected to the payment of the salaries of these employees for more than three weeks of such periods, i.e. for the regular leave for the purposes of recreation ;

That the Department of Justice, to which the matter was referred, reports that it is competent for the Governor General in Council to grant leave of absence, with pay, to temporary clerks for a longer period than three weeks ;

In view of the above the undersigned has the honour to recommend that the Auditor General be directed to pay the salaries of the temporary clerks above mentioned during the whole periods of their leave, as authorized by order in council of July 10, 1899.

Respectfully submitted,

J. ISRAEL TARTE,
Minister of Public Works.

TREASURY BOARD, OTTAWA, February 13, 1900.

SIR,—I have the honour to inclose herewith Treasury Board Reference No. T. 25705 B, being a memorandum from the Minister of Public Works in regard to your objection to the payment of Messrs. H. C. Stevenson and C. C. Hampshire, temporary clerks in the Department of Public Works, for periods of two months and six weeks respectively, during which they were absent on leave under the authority of an order in council of July 10, 1899. I have to request that you will be good enough to advise me for the information of the Treasury Board, what your objections are to the payments in question, and also the grounds for such objections, as well as the section and clause of the Audit Act under which such objections are taken.

I shall also be glad to receive any remarks you may desire to make in connection with the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*

Order in Council, March 20, 1900.—Public Works.—That leave of absence with pay, on account of contagious disease (scarlet fever) in his family, be granted Mr. M. Desjardins, extra clerk, from February 3, 1900, to such time as his physician certifies there is no longer danger of contagion.

(Sgd.) J. J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, March 31, 1900.

SIR,—I have made a deduction from the March pay-lists of temporary employees, of $42.50 from Michel Desjardins, being leave of absence under special order in council, in excess of the customary five weeks.

My reasons for this action are similar to those set forth in a letter of October 26, 1899, shown at page Q—270 of my report for 1898-9.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Department. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC WORKS, OTTAWA, April 9, 1900.

DEAR SIR,—Must I understand from your letter of March 31 that your contention in the case of Mr. Desjardins, of this department, is to the effect that the Privy Council was not competent to pass the order which it has passed, granting special leave to this employee, beyond the customary five weeks ?

Outside of the authority which, under ordinary circumstances, would appear to be sufficient, we have to bear in mind the fact that the absence was not a voluntary one on the part of Mr. Desjardins, but compulsory, on the order of the department consequent upon his unfortunately having contagious sickness in his family, and upon being ordered not to return to the department until the physician would declare that he could do so without danger to the other employees.

In this connection, might I also suggest that, whenever a deduction is made from the pay-sheets, the reasons for such deduction be sent to the department at the same time as the corrected pay-sheets ? This would enable the accountant to inform the officer interested of the reasons why a portion of his salary is withheld.

I am, sir, your obedient servant,

The Auditor General. A. GOBEIL, *D.M.P.W.*

DEPT. OF PUBLIC WORKS, OTTAWA, May 12, 1900.

Memorandum:

The undersigned has the honour to report:

That in the month of February last scarlet fever broke out in the family of Mr. M. Desjardin, a supernumerary clerk in the Department of Public Works, and as a precautionary measure against contagion Mr. Desjardin was requested to remain away from the office until such time as his medical advisor did certify there was no longer danger;

That the approval of Council was obtained in the matter and authority given for the payment to Mr. Desjardin of his salary during the period of his absence (copy of order in council attached);

That the Auditor General has declined to pay Mr. Desjardin's salary for the time of such leave, viz., from February 3 to March 18.

The undersigned, in view of the special circumstances attending Mr. Desjardin's absence, and more particularly in view of the fact that the same was ordered by the department, has the honour to recommend that instructions be issued by the Treasury

Board to the Auditor General for the payment of Mr. Desjardin's salary during the period of his absence as authorized by order in council dated March 20 last.

Respectfully submitted,

WM. MULOCK, *Acting M.P.W.*

TREASURY BOARD, OTTAWA, May 14, 1900.

SIR,—I have the honour to inclose herewith Treasury Board file No. 26093, being an appeal by the Department of Public Works in connection with your refusal to pay the salary of Mr. M. Desjardin, a supernumerary clerk in the said department, during the period of his absence as authorized by order in council of March 20, 1900.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature of your objection to such payment and also the ground for such objection, together with the section and subsection of the Audit Act upon which your objection is founded. I shall also be glad to have any remarks you may desire to make regarding the subject. Would you kindly let me have an answer as soon as possible.

I am, sir, your obedient servant,

The Auditor General, Ottawa. J. M. COURTNEY, *S., T.B.*

AUDIT OFFICE, OTTAWA, March 8, 1900.

SIR,—Let me acknowledge receipt from your department of a pay-list for $9.42, in favour of J. R. Chamberlain, a temporary clerk, for five days' absence through illness, in excess of the usual two weeks. The authority quoted is a special order in council of February 2, 1900.

Objection has always been made to claims of this nature in this office.

You will find my reasons fully given in a letter to the Minister of Public Works, dated October 26, 1899, and shown on page Q—270 of my Report for 1898-99, a copy of which is forwarded herewith.

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals. J. L. McDOUGALL, *A.G.*

(Copy) AUDIT OFFICE, OTTAWA, October 26, 1899.

SIR,—Let me acknowledge receipt of a letter from your department, asking whether any progress has been made in discussing the cases of Albert Lane and other temporary employees, from whose salaries deductions have been made on account of protracted illness.

Since there is no legislation to sanction the payment of temporary employees during illness or vacation, they come under the general principle : 'that the executive can pay only for services rendered.'

As mentioned in my letter of August 1, 1899, concerning Dr. St. Jean, the allowances of two and three weeks for illness and vacation respectively (fixed by the order in council of October 20, 1892) were not objected to at that time, as it was thought they at least precluded the possibility of longer absences, such as had occurred previously.

If, however, these limits are not to be observed, I shall be obliged to recognize actual service only, until parliament explicitly sanctions payment for non-service.

I am, sir, your obedient servant,

The Minister of Public Works. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 13, 1900.

SIR,—The department is in receipt of a communication, dated the 8th instant, from the Auditor General, in which he raises an objection to the payment to Mr. J. R. Chamberlain, a temporary clerk in this department of the sum of $9.42, being an amount authorized to be paid him by an order in council of February 2, 1900, for five days' absence through illness, in excess of the usual two weeks' sick leave, during the month of December last.

I have the honour to inclose the file, and am, by direction, to request that a ruling of the honourable the Treasury Board be obtained on the said objection, in order that it may be either sustained or set aside.

I am, sir, your obedient servant,

The Secretary, the Treasury Board. L. K. JONES, *Secy.*

TREASURY BOARD, March 23, 1900.

SIR,—I have the honour to inclose herewith T. B. file No. 25871, in reference to your objection to the payment to Mr. J. R. Chamberlain, a temporary clerk in the Department of Railways and Canals, of the sum of $9.42, being an amount authorized to be paid him by an order in council of February 2, 1900, for five days' while absent from the office in excess of the usual two weeks' sick leave, and I have to request that you will be good enough to let me know, for the information of the Treasury Board, the nature of your objection to the payment in question, and also the ground for such objection, as well as the section and subsection of the Audit Act under which your objection is taken. I shall be glad to receive any remarks in connection with the subject which you may desire to make. I shall be glad to have your reply as soon as possible.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*
July 16, 1900.

AUDIT OFFICE, OTTAWA, July 16, 1900.

Treasury Board Appeals.—Extra Clerks' Leave of Absence: Stevenson, Hampshire and Desjardins of Public Works Department, and Chamberlain, of Department of Railways.

SIR,—All are based on an opinion of Mr. Power, of the Department of Justice. He says that in his opinion I was right in my interpretation of section 49 of the Civil Service Act. He considers that the section named applied only to permanent clerks.

He, however, thinks that the question is not disposed of by that conclusion. He does not see any reason to doubt that the Governor General, on the advice of his responsible Ministers, may grant such leave. Then he says that if the requisite money is appropriated the payment may be made.

Now, section 49 was an enabling clause in the case of permanent clerks. Can it be supposed that the legislature defined the limit of the leave to be granted to permanent clerks and intended that the executive should retain uncontrolled power with reference to extra clerks ? Section 49 would have been a restrictive instead of an enabling clause if the executive had otherwise the power to grant unlimited leave.

Then, with reference to appropriation. There is no appropriation from which pay can be made for days on which no work is performed. It will be admitted that

you cannot pay an extra clerk employed in the Interior Department from the vote for the Public Works Department, and yet it is contended that you can pay him from the Public Works Department apropriation for extra clerks if he has worked nowhere. With as much reason you might claim that although a vote for the construction of the St. Lawrence Canals would not authorize the construction of the Georgian Bay Canal, it would authorize the payment of a claim when no work has been performed. I quite see that if the wording of the appropriation described leave of absence as payable out of an appropriation for extra clerks, parliamentary authority would be given.

I may be allowed to say that in my opinion the overcrowding of the Civil Service which has always been a ground of trouble, is to be increased by the practice of recognizing the claim of extra clerks to all their sick or recreation leave, no matter how long or how short the service may have been. It will remove about the only safeguard against a temporary clerk, once he enters the service, becoming a permanent charge on Dominion funds. As it has been, a Deputy Minister, no matter how pressing the work was, feared the prospect of incurring a permanent charge if he employed an extra clerk to do it, but in the future if he is cautions he will stagger under the temporary pressure.

The service and the temporary clerks would both be benefited if the clerks were temporary in reality ; but if it be so arranged that with any foothold they cannot be removed, what is the service to become ?

You will notice that Mr. Stevenson has raised the point that he has not had a holiday for many years. There seems to me much in the argument that holidays should be cumulative, and therefore if the Treasury Board be convinced by my objections to the claim that the Government can legally grant unlimited leave, it might be decided to allow the leave applied for in Mr. Stevenson's case, on its being shown by the Public Works Department from the records, that there were unused holidays of previous years to cover the claim. As you will see, I asked the Public Works Department for the information, but it was not furnished me.

I am sorry that these cases before the Treasury Board have remained so long unanswered by me. Although I have sufficient occupation I cannot complain that I could not have found time to have dealt with the Treasury Board appeals. I really have been so disheartened with the results of recent appeals that I could not drag my mind to do my part in the cases pending. It is no doubt a weakness. I probably ought not to feel any responsibility or even interest in the general effect on the financial affairs of the Dominion of the conduct of any one but myself. Yet I have felt it and cannot help continuing to do so.

You will, I trust, understand that I do not imply that my views are necessarily correct, but they might be read.

I do not see any necessity, legal or other, in joining with the Deputy Minister of Finance in a separate report of the case under section 32, subsection (*c*), and shall decline to do so. His report and my report are together a report by him and me.

My objections are taken under (*a*) and (*c*), section 32 of the Audit Act.

I am, sir, your obedient servant,

J. M. Courtney, Esq., Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, July 16, 1900.

Re Treasury Board Appeals.—Leave of Absence to Extra Clerks.

SIR,—The undersigned, the Deputy Minister of Finance, has the honour to submit the following report under the provisions of subsection (*c*) of section 32, of the

Consolidated Revenue and Audit Act. The Auditor General, although his objections are taken under the above quoted subsection and the provisions of the law appear to be peremptory, having stated in his annexed letter of this date that he would decline to join the undersigned therein.

The cases in question are four in number and affect four temporary employees (three in the Department of Public Works, and one in the Department of Railways and Canals) to whom leave of absence with pay has been given by orders in council duly passed. and to the granting of which leave of absence with pay the Auditor General has taken objection.

The employees in the Department of Public Works are :—

Mr. H. C. Stevenson and Mr. C. C. Hampshire, who by order in council of July 10, 1899, were granted leave of absence, with pay, for two months and six weeks respectively ; and Mr. M. Desjardin, who by order in council of March 20, 1900, was granted leave of absence with pay on account of contagious disease (scarlet fever) in his family, from February 3, 1900, to such time as his physician certified there was no longer danger of contagion.

The temporary employee in the Department of Railways and Canals was Mr. J. R. Chamberlain (since deceased), for the payment to whom of the sum of $9.42, authority was given by order in council of February 2nd, 1900, as being the amount of his salary for the five days from December 8 to 12, 1899, inclusive, during which time he was incapacitated by a prolonged attack of heart failure for the performance of his duties.

On June 24, 1898, a letter was written by Mr. Power, then Acting Deputy Minister of Justice, with reference to objections taken by the Auditor General to the payment to Miss C. Ross, a temporary clerk in the Department of Agriculture, of her salary during her absence. A copy of this letter is annexed, from which it will be seen that 'there being no statutory restrictions upon the power of the governor in council to grant leave of absence to temporary clerks,' Mr. Power thought that 'as a matter of law, he on the advice of his ministers, is the judge as to the extent of sick leave which may be granted in such cases,' and he was, therefore, of opinion that 'if the requisite moneys were available under the Appropriation Act, that Act was parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence on leave,' and he stated that the Minister of Justice and Attorney General concurred in this view.

In the case of Messrs. Stevenson and Hampshire, the Deputy Minister of Justice Mr. E. L. Newcombe, in a letter to the secretary of the Public Works Department, under date of January 4, 1900, stated that he concurred in the view expressed in Mr. Power's letter above referred to, that it is competent for the governor in council to grant leave of absence, with pay, to a temporary clerk for a longer period than three weeks.

The undersigned desires to point out that the cases now before the Board are in every way analogous to the case of Miss Ross—the leave of absence in all cases being in consequence of illness, either of the clerk or in his family.

Mr. Stevenson claimed that an offset should be made in his case of the holidays which he has not taken since 1892, the date of the general order in council.

In reference to this the Auditor General seems to think there is much in the argument that holidays should be cumulative, and, therefore, if the Treasury Board is convinced by his objection to the claim that the Government can legally grant unlimited leave, it might be decided in Mr. Stevenson's case, to allow the leave applied for on its being shown by the Public Works Department, from the records, that there were unused holidays of previous years to cover the claim.

I am, sir, your obedient servant,

To the Hon. the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Minute, July 16, 1900.—The Board had under consideration objections taken by the Auditor General to the payment of the salaries of Messrs. H. C. Stevenson, C. C. Hampshire and M. Desjardins, extra clerks in the Department of Public Works, and J. R. Chamberlain, an extra clerk in the Department of Railways and Canals, as authorized by orders in council of July 10, 1899, March 20, 1900, and February 2, 1900.

The objections of the Auditor General, as stated in his letter of July 16, 1900, were taken under section 32, subsections (*a*) and (*c*), of the Audit Act.

The Board had under consideration the correspondence between the Auditor General and the Departments of Public Works and Railways and Canals in regard to these cases, and also the remarks of the Auditor General in reference thereto in his letter of July 16, 1900, to the Board, and the report of the Deputy Minister of Finance under section (*c*) of the Audit Act, of the same date—copies of which letter and report are hereto annexed.

The first objection of the Auditor General under subsection (*a*) of the Audit Act is that there is no parliamentary authority for the payments in question; but in view of the opinion of the Attorney General, as expressed in the letter of Mr. Power—then Acting Deputy Minister of Justice—dated June 24, 1898, a copy of which is hereto annexed and in which opinion it appears from a letter from the Deputy Minister of Justice to the Secretary of the Department of Public Works of January 4, 1900, (copy annexed), the Deputy Minister of Justice concurs, the Board are of opinion that the objections of the Auditor General that there is no parliamentary authority for the payments is not well taken. The Board are also of opinion that the objection of the Auditor General under subsection (*c*) of the Audit Act is not well taken and that the objections taken by the Auditor General under both subsections (*a*) and (*c*) should be overruled, and they therefore direct that the payments in question be made to the above-named clerks as authorized by the orders in council above referred to.

J. M. COURTNEY, *Secretary.*

Increases of Salary from an earlier date than that of the Order in Council authorizing them.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 1, 1900.

SIR,—I return herewith the April pay-list of the Chief Analyst's Branch, which I have certified at $705.65. The deductions are $38.91 from the amount entered as due A. L. Turchot, and $38.92 from Miss M. Tyrell, being increases in their salaries from July 1, 1899, to April 10, 1900.

In connection with these deductions from the pay-list as sent here for certificate, I beg to say that an increase of salary can be paid only from the date of the instrument which makes it: in this case, April 10.

I am, sir, your obedient servant,

The Acting Commissioner, Inland Revenue Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 14, 1900.

SIR,—By reference to your statements of expenditure on account of Adulteration of Food for April, I find that the cheques for the salaries of the Chief Analyst's Branch amount to $783.48 instead of $705.65, at which sum the pay-list was certified here. Please let me have your explanation.

I am, sir, your obedient servant,

The Acting Commissioner Inland Revenue Dept. J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, May 17, 1900.

SIR,—I beg to acknowledge the receipt of your communications of the 1st and 14th inst., relative to an increase to the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, as included in the pay-list of the Chief Analyst's Branch for the month of April.

The increase to the above-named officials was granted under the authority of an order in council dated April 10, 1900, which expressly states that it shall date from July 1, 1899,. Mr. Tourchot and Miss Tyrrell are paid from a special vote of $25,000 'to meet expenditure under the Adulteration of Food Act,' and are granted such remuneration as is determined by the Governor in Council as provided by section 4 of 49 Vic., chap. 107. Neither are members of the civil service within the meaning of chapter 17 of the Revised Statutes.

I would be glad if you would inform me under what provisions of law the date of payment of increase, as fixed by order in council, is illegal.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *A.C.*

AUDIT OFFICE, OTTAWA, May 21, 1900.

SIR,—I have your letter of the 17th instant regarding increases of salary to Mr. A. L. Tourchot and Miss M. Tyrrell. You have not given the explanation, asked for in my letter of the 14th, of your action in issuing cheques for the full amount of these increases without the certificate required by the Treasury minute of November 29, 1895.

With regard to the last paragraph of your letter I inclose herewith a copy of a letter dated June 21, 1898, which I addressed to the Treasury Board in reference to a case similar to that now under consideration. This letter gives my view as to the power of the Governor in Council to authorize an increase of salary from a date prior to the date of the instrument granting the increase.

I am, sir, your obedient servant,

The Acting Commissioner, Inland Revenue Dept. J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, May 25, 1900.

SIR,—I beg to acknowledge the receipt of your further communication of the 21st instant, relative to the increases granted by order in council of April 10, 1900, to Mr. A. L. Tourchot and Miss M. Tyrrell, of the Adulteration of Food branch of this department, and stating that I have not given the explanation asked for in your letter of the 14th instant, as to my action in issuing cheques for the full amount of these increases without the certificate required by the Treasury Board Minute of November 29, 1895.

In reply thereto, I beg to state that the analysts branch being a part of the outside service of this department, and the increases being granted under authority of an order in council and, as the outside service is paid on the 28th or 29th day of each month, the cheques were issued as usual, and were cashed before the receipt of your communication of the 1st instant.

Notwithstanding the receipt of copy of your communication to the secretary of the Treasury Board, of June 21, 1898, giving your views on a case of a similar character, I have not been informed of the decision of the honourable the Treasury Board on the points therein raised by you.

In order that this matter may be definitely disposed of, I beg to advise you that I have submitted this case to that honourable Board for its ruling.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *Acting Comr.*

AUDIT OFFICE, OTTAWA, June 13, 1900.

SIR,—I have your letter of the 25th ultimo, regarding the increases of salary paid to Mr. L. A. Tourchot and Miss M. Tyrrell.

As you have appealed to the Treasury Board for a ruling on my decision regarding the date from which the increases may count, I need add nothing on that point.

Your second paragraph reads in part as follows :—

'The Analysts' branch being a part of the outside service of this department, and the increases being granted under authority of an order in council, and as the outside service is paid the 28th or 29th day of each month, the cheques were issued as usual, and were cashed before the receipt of your communication of the 1st instant.'

As the May pay-list of the Analyst's branch, duly certified, was returned with my letter of the 1st instant, referred to by you in the paragraph quoted, and as the certified pay-lists of 'departmental employees' are never returned by this office to the departments until the last working day of the month to which they relate, the paragraph quoted above amounts to a statement on your part that it is the usual custom of the Inland Revenue Department to pay these salaries without the certificate provided for by the Treasury Minute of November 29, 1895. I assume that it is not necessary to add anything by way of argument to show the necessity of complying with the regulations.

I beg to request that in future the pay-lists of 'departmental employees at Ottawa,' sent here for certificate, bear your signature instead of, or in addition to, that of the chief officer of the branch.

I am, sir, your obedient servant,

The Acting Comr. Inland Revenue Dept. J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, May 25, 1900.

SIR,—I beg to forward herewith for the consideration of the Honourable the Treasury Board a question that has arisen between the Auditor General and this department.

By an order in council of April 10, 1900, the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, of the Analyst's Branch, were increased $50 each per annum, such increase to date from July 1, 1899.

The Auditor General, in his communication of the 1st inst., takes the ground that such increases of salary can be paid only from the date of the instrument which makes them.

In my communication of the 17th inst., I have pointed out to him that these two officials are paid from a special vote of $25,000, that the remuneration is determined by the Governor in Council, as provided by section 4 of 49 Vic., chap. 107, and that neither are members of the Civil Service within the meaning of chap. 17 of the Revised Statutes. He has also been requested to inform this department under what provision of law the date of payment of increase as fixed by order in council is illegal.

The Auditor General's reply, under date the 21st inst., contains a copy of his views as to the power of the Governor in Council to authorize an increase of salary from a date prior to the date of the instrument granting the increase, as communicated to you under date June 21, 1898.

I have not been informed of the decision of the honourable the Treasury Board in the cases to which he therein refers.

I forward herewith, for the information of the honourable the Treasury Board, a copy of the order in council of April 10, 1900, as well as the correspondence that has

taken place between the Auditor General and myself, and would respectfully ask for a ruling on the question at issue.

I am, sir, your obedient servant,

Secretary, Treasury Board. W. J. GERALD, *A.C.*

Approved and referred to the honourable the Treasury Board.

H. G. JOLY DE LOTBINIERE, *M.I.R.*

TREASURY BOARD, OTTAWA, May 29, 1900.

SIR,—I have the honour to inclose herewith Treasury Board file No. 26117, being correspondence between the Department of Inland Revenue and the Audit Office in connection with your objection to the payment of the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, of the Chief Analyst's Branch of that department, as authorized by order in council of April 10, 1900.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of your objections to such payments and also the ground for such objections, as well as the section and subsection of the Consolidated Revenue and Audit Act under which your objections are taken.

I shall also be glad to receive any remarks you may wish to make regarding the matter.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*

AUDIT OFFICE, OTTAWA, September 18, 1900.

SIR,—I beg to inform you that I have received an order in council of the 5th instant, authorizing increases in the salaries of several steamboat inspectors, to date from July 1, last; and to point out that, in my opinion, such increases cannot be legally paid for any period previous to the date of the order in council.

The increases should date from the 5th instant, and I write now so that you may make them from that date.

I am, sir, your obedient servant,

The Acting Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 23, 1900.

SIR,—Referring to your letter of the 18th ult., stating that in your opinion the increases allowed for certain steamboat inspectors, by order in council of the 5th ult., could not be legally paid for any period previous to the date of the order in council, I have to request that you will be good enough to inform me as to your grounds for the opinion thus expressed that the increases cannot be legally paid.

I may observe that precedents exist in the department for such payments, and I beg to call your attention to the order in council of August 24, 1891, also authorizing increases to certain inspectors to be paid from January 1, and February 1, 1891.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *A.D.M., M & F.*

AUDIT OFFICE, OTTAWA, October 26, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd instant asking for the grounds for the opinion given in my letter of the 13th ult.,

with reference to the antedating of increases of salary to certain steamboat inspectors under the authority of an order in council.

In my view of the matter the order in council which authorized the salaries at which the steamboat inspectors were paid previously to the date of the order in council, to which I called your attention by letter of 13th ult., was binding until repealed by a subsequent order in council, the repeal to have effect from the date of the instrument which authorized it. In other words, I am of opinion that the executive may not pay from a parliamentary appropriation provided for services to be rendered or material furnished, other than claims which are legally due.

A claim in the present instance for arrears of salary when the officers affected had been paid in full as authorized by the appointing power, would not be a legal claim and consequently is not a legitimate charge on the appropriation.

I am, sir, your obedient servant,

The Acting Deputy Minister, M. and F. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 6, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th ult. relative to paying the chairman of the Board of Steamboat Inspectors increased salary from July 1 last, the order in council directing that course being dated September 5 last, and stating that to pay the arrears of salary between the above-mentioned dates is not legal and is therefore not a legitimate charge upon the appropriation.

In reply I beg to inform you that I am unable to agree with the opinion expressed in your letter. I may observe for your information that the department had under consideration for some time the propriety of increasing the salaries referred to, but, from a variety of causes, the matter was delayed until August 24, when a report was made to council, recommending the increase to take effect on July 1. It appears to me that if the Governor in Council has a right to increase the chairman and inspectors' salaries, there being no statutory obstacle in the way, he has the same right to determine the date from which he considers such increases should take effect.

In the present case there is no statutory prohibition, and the necessary funds are to the credit of the steamboat inspection account, and I therefore think that the payment in this case is both legal and legitimate. I will be glad if you will inform me as to whether you have any further objections to the payment of the increased rate from July 1, to the officers referred to, or whether you desire to have the matter submitted for the decision of the Treasury Board.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *A.D.M., M. & F.*

DEPT. MARINE AND FISHERIES, OTTAWA, November 10, 1900.

SIR,—I have the honour to inclose herewith copy of correspondence between the Auditor General and this department in regard to the matter of increases to the salaries of steamboat inspectors, authorized by order in council of September 5 last, copy inclosed, and I am to request that the matter may be submitted for the consideration of the Treasury Board, and that you will be good enough to inform me as to whether the increases in question can be paid.

I am, sir, your obedient servant,

The Secretary, Treasury Board. JOHN HARDIE, *A.D.M., M. & F.*

TREASURY, BOARD, OTTAWA, November 20, 1900.

SIR,—I have the honour to inclose herewith Treasury Board file No. 26878, being an appeal by the Department of Marine and Fisheries from your objections in connection with the payment of increases to the salaries of certain steamboat inspectors, as authorized by order in council of September 5, 1900.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to what your objections to the payments in question are, and the ground for such objections, and also the section and clause of the Audit Act under which such objections are taken.

Any remarks you may wish to make concerning the subject I shall also be glad to receive.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S.T.B.*

AUDIT OFFICE, OTTAWA, January 17, 1901.

SIR,—*Re* appeals from my decisions :

Marine and Fisheries Department:

Increases of salary from July 1, 1900, under order in council of Sept. 5, 1900:

Ed. Adams, Chairman, from $1,700 to $1,800.
John Dodds, Inspector, Toronto, from $1,050 to $1,150.
T. P. Thompson, Inspector, Kingston, from $1,000 to $1,100.
W. L. Waring, Inspector, St. Johns, N.B., from $1,050 to $1,150.
Wm. Evans, Inspector, Toronto, from $1,000 to $1,100.
L. Arpin, Inspector, Montreal, from $1,000 to $1,050.

Inland Revenue Department:—Analyst's Branch, order in council, April 10, 1900:

Mr. A. Tourchot and Miss M. Tyrrell, increase of $50 each from July 1, 1899.

All the eight cases are objected to by me for precisely the same reasons and for reasons which were fully urged in my correspondence on previous appeals in circumstances of a kind similar to those connected with these cases.

It is surely quite clear that under an order in council defining the time during which an employee of the government was to receive a certain fixed sum for fully and plainly defined services, the government would be breaking its contract if it refused to employ the person to the end of the time fixed in the order in council, or if it refused to pay him the rate stipulated. If this conclusion is correct, must it not be equally correct to say that the employee, having continued his services for the period named and of the kind contemplated by the order in council, has no ground for seeking from the government additional remuneration? If the time named has expired and a new period of service has been entered upon, or if the nature of the service has been varied before the expiration of the time fixed, the case is no doubt changed.

Then, if the employees have no right to demand additional remuneration, it is manifest that the government, dealing as it does only with the money of others, cannot properly grant additional remuneration.

I have, in other claims similar to these, drawn attention to the fact that, when I have been overruled, no limitations have been acknowledged by the Board as to the character of the cases in which the Board might justifiably interfere, nor as to the length of time to which the interference might apply. Overrulings of the kind now sought having recently come fast, will they not serve as notices that it is worth while to revive claims years old? If so, every one connected with the management of the Dominion finances will have a right to feel that there is scarcely any limit to the

additional labour which may be put upon him. The country has manifestly the deepest interest in the matter, inasmuch as it has to provide for the direct added outlay as well as the cost of management.

There is no hardship to the employee to leave things as they are, because he was a consenting party to his rate of remuneration and would have chosen another employer if he could have found one who would have suited him better.

The late government was able to conduct its affairs without this class of cases, and there seems no change in business to necessitate the bringing of them into existence now.

Then, if there is such necessity, regulations governing the cases should be made when there is no special case before the Board.

The objection is taken under subsection (*a*) of section 32 of the Consolidated Revenue and Audit Act.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Dept. of Justice, Ottawa, January 21, 1901.

Sir,—I have the honour to acknowledge the receipt of your letter of the 18th instant (26117 and 26878 T. B.) with respect to appeals to the Treasury Board from decisions of the Auditor General (1) by the Department of Marine and Fisheries *re* increases of salary to certain steamboat inspectors, from July 1, 1900, under order in council of September 5, 1900, and (2) by the Department of Inland Revenue *re* increases of salary to Mr. Tourchot and Miss M. Tyrrell, of $50 each from July 1, 1899, under the order in council of April 10, 1900.

The question involved in these appeals is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4, of chapter 107, of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst, and the analysts, appointed under that Act, as he deems proper.

The Minister wishes me to add that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, January 26, 1901—Inland Revenue:—The Board had under consideration an appeal by the Department of Inland Revenue from the decision of the Auditor General regarding increases of salary to Mr. A. L. Tourchot and Miss

M. Tyrrell, of $50 each from July 1, 1899, under the order in council of April 10, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board had also under consideration a letter from the Deputy Minister of Justice under date of January 21, 1901 (copy attached), in connection with the subject setting forth that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

The Deputy Minister of Justice in the letter above referred to further says :—'I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister therefore thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst, and the analysts, appointed under that Act, as he deems proper.

'The Minister wishes me to add, that upon the question of the power to antedate increases of salary his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.'

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, consider that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made to Mr. A. L. Tourchot and Miss M. Tyrrell, of their salaries at the increased rates of pay, as authorized by order in council of April 10, 1900.

C. W. TREADWELL,
For Secretary.

DEPARTMENT OF JUSTICE, OTTAWA, January 21, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant (26117 and 26878 T. B.) with respect to appeals to the Treasury Board from decisions of the Auditor General (1) by the Department of Marine and Fisheries *re* increases of salary to certain steamboat inspectors from 1st July, 1900, under order in council of September 5, 1900, and (2) by the Department of Inland Revenue *re* increases of salary to Mr. Tourchot and Miss M. Tyrrell, of $50 each, from July 1, 1899, under the order in council of April 10, 1900.

The question involved in these appeals is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law

the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst and the analysts, appointed under that Act, as he deems proper.

The Minister wishes me to add that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, January 26, 1901—Marine and Fisheries :—The Board has under consideration an appeal by the Department of Marine and Fisheries from the objections of the Auditor General in connection with increases of salary to certain steamboat inspectors, from July 1, 1900, under order in council of September 5, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection *(a)* of section 32, of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board has also under consideration, in connection with the case of a letter (copy attached) under date of January 21, 1901, from the Deputy Minister of Justice, in which he states that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary, and sufficient to pay it at the increased rate.

In the letter above referred to the Deputy Minister of Justice remarks as follows :—

"I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases."

The Deputy Minister of Justice further states :—

"The Minister wishes me to add that upon the question of the power to ante-date increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view."

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, are of opinion that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made

M. Tyrrell, of $50 each from July 1, 1899, under the order in council of April 10, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board had also under consideration a letter from the Deputy Minister of Justice under date of January 21, 1901 (copy attached), in connection with the subject setting forth that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

The Deputy Minister of Justice in the letter above referred to further says :—'I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister therefore thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst, and the analysts, appointed under that Act, as he deems proper.

'The Minister wishes me to add, that upon the question of the power to antedate increases of salary his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.'

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, consider that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made to Mr. A. L. Tourchot and Miss M. Tyrrell, of their salaries at the increased rates of pay, as authorized by order in council of April 10, 1900.

C. W. TREADWELL,
For Secretary.

DEPARTMENT OF JUSTICE, OTTAWA, January 21, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant (26117 and 26878 T. B.) with respect to appeals to the Treasury Board from decisions of the Auditor General (1) by the Department of Marine and Fisheries *re* increases of salary to certain steamboat inspectors from 1st July, 1900, under order in council of September 5, 1900, and (2) by the Department of Inland Revenue *re* increases of salary to Mr. Tourchot and Miss M. Tyrrell, of $50 each, from July 1, 1899, under the order in council of April 10, 1900.

The question involved in these appeals is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law

the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst and the analysts, appointed under that Act, as he deems proper.

The Minister wishes me to add that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, January 26, 1901—Marine and Fisheries :—The Board has under consideration an appeal by the Department of Marine and Fisheries from the objections of the Auditor General in connection with increases of salary to certain steamboat inspectors, from July 1, 1900, under order in council of September 5, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection *(a)* of section 32, of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board has also under consideration, in connection with the case of a letter (copy attached) under date of January 21, 1901, from the Deputy Minister of Justice, in which he states that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary, and sufficient to pay it at the increased rate.

In the letter above referred to the Deputy Minister of Justice remarks as follows :—

"I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases."

The Deputy Minister of Justice further states :—

"The Minister wishes me to add that upon the question of the power to ante-date increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view."

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, are of opinion that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made

to the undermentioned steamboat inspectors, at the increased rates of pay as authorized by the order in council of September 5, 1900, viz. :—

Ed. Adams, chairman, from $1,700 to $1,800.
John Dodds, inspector, Toronto, from $1,050 to $1,150.
T. P. Thompson, inspector, Kingston, from $1,000 to $1,100.
W. L. Waring, inspector, St. John, N.B., from $1,050 to $1,150.
Wm. Evans, inspector, Toronto, from $1,000 to $1,100.
L. Arpin, inspector, Montreal, from $1,000 to $1,050.

C. W. TREADWELL,
For Secretary.

NOTE.—For correspondence on this subject see page S—81.

Leave of Absence to Employees not members of the Civil Service.

Order in Council, July 20, 1900.—On a memo. dated June 21, 1900, from the Minister of Justice, stating that William John Hanna Ross and Albert John Cawdron, the former a constable of the Dominion Police force, and the latter a clerk in the office of the Commissioner of Dominion Police, were given leave of absence by the Minister of Justice for service with the first contingent of Canadian volunteers in South Africa, and they accompanied the regiment. Mr. Ross died in South Africa on or about March 6, 1900. An order in council was passed bearing date April 17, 1900, granting leave of absence to members of the Civil Service who are serving in connection with the several military contingents in South Africa, such leave to be for a period not exceeding one year, during which they have been or in future may be absent on such service. The cases of Mr. Ross and Mr. Cawdron, who are not members of the Civil Service, are not within the letter of this order in council, although doubtless they are within the spirit and intention of it.

The Minister therefore recommends that the leave of absence granted by him to Mr. Ross and Mr. Cawdron be ratified and confirmed ; and that authority be granted for the payment to the legal representatives of Mr. Ross of his arrears of pay, down to the date of his death, amounting in all to $226.80, and that Mr. Cawdron's leave of absence be continued during the period, and for the purposes mentioned in the general order in council applicable to the Civil Service above referred to.

The committee submit the same for Your Excellency's approval.

J. J. McGEE, *C.P.C.*

DEPT. OF JUSTICE, OTTAWA, August 8, 1900.

SIR,—In conformity with the terms of an order in council of July 20 last, I have the honour to request that you will send me cheques for the amounts undermentioned in favour of the legal representatives of Messrs. William John Hanna Ross, and in favour of Albert John Cawdron, the former a constable on the Dominion Police force, and the latter a clerk in the office of the Commissioner of Dominion Police, who were given leave of absence by the Minister of Justice for service with the first contingent of Canadian volunteers in South Africa. Mr. Ross died in South Africa on or about March, 1900. An order in council was passed bearing date April 17, granting leave of absence to members of the civil service who were serving in connection with the several military contingents in South Africa, such leave to be for a period not exceeding one year. The order in council states that the cases of Mr. Ross and Mr. Cawdron, who are not members of the civil service, are not within the letter of the order in council, though doubtless they are within the spirit and intention of it, and the order in council ratifies and confirms the leave granted to these officers.

I have, therefore, to request that you will be good enough to send me a cheque in favour of the legal representatives of Mr. Ross for the arrears of his pay to the date of his death, $226.80 ; and one in favour of Mr. Cawdron for the amount of his salary to July 1, 1900, $266.68. I inclose vouchers certified by the Commissioner of Police.

I am, sir, your obedient servant,

The Auditor General. A. POWER, *Acting D.M.J.*

AUDIT OFFICE, OTTAWA, August 11, 1900.

SIR,—With reference to the inclosed application from your department for two cheques of $226.80 and $266.68, in favour of the legal representatives of the late William John Hanna Ross and Albert John Cawdron respectively, being arrears of salary in each case for the period covered by leave of absence granted them by order in council of July 20, 1900, to enable them to proceed to South Africa as members of the first contingent of Canadian volunteers, I beg to say that, in my opinion, there is no statutory authority for granting prolonged leave of absence of this nature to the persons concerned, and that, therefore, I am not at liberty to pass the amounts asked for therein.

In the other cases of leave to which you refer, the statutory authority quoted is the Civil Service Act, which applies to civil servants employed under that Act, and to no other persons.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, August 18, 1900.

SIR,—Referring to your letter of 11th instant, returning my application for cheques in favour of the legal representatives of William John Hanna Ross and Albert John Cawdron, for arrears of salary accrued during their absence upon leave authorized by order in council of July 20 last, and stating, in your opinion, there is no statutory authority for granting such leave, and that you are, therefore, not at liberty to accede to the application, I have the honour to inform you that I have referred the correspondence to the Treasury Board for the exercise of their jurisdiction in the premises.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D. M. J.*

DEPT. OF JUSTICE, OTTAWA, August 18, 1900.

SIR,—I have the honour to inclose herewith copy of my application to the Auditor General for cheques in favour of the legal representatives of William John Hanna Ross, for the sum of $226.80, and in favour of Albert John Cawdron for the sum of $266.68, for pay accrued due to them during their absence upon leave, serving with the South African contingent, also copy of the order in council and subsequent correspondence. You will observe that the Auditor General declines to issue these cheques upon the ground that in his opinion there is no statutory authority for granting the leave of absence, and I therefore submit the matter for the exercise of the jurisdiction vested in the Treasury Board.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, November 23, 1900.

SIR,—I have the honour to inclose herewith Treasury Board file No. 26905, being an appeal by the Department of Justice to the board from your objections to the issue of cheques in favour of the legal representatives of William John Hanna Ross for the sum of $226.80, and in favour of Albert John Cawdron for the sum of $266.68, for pay accrued due to them during their absence upon leave serving with the South African contingent, as authorized by order in council of July 20, 1900.

I have to request that you will be good enough to advise me, for the information of the board, as to what are your objections to the payments above referred to, also the ground for such objections, together with the section and clause of the Audit Act under which the objections are founded.

I shall also be glad to have any remarks you may wish to offer in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*

AUDIT OFFICE, OTTAWA, January 16, 1901.

Appeals to the Treasury Board from Department of Justice in cases of Ross and Cawdron.

SIR,—The difference between these cases and those covered by the order in council of April 17 is very manifest. Section 49, subsection 2 of the Civil Service Act reads:

'In case of illness or for any other reason which to him seems sufficient, the Governor in Council may grant to any officer, chief clerk, clerk or other employee, leave of absence for a period not exceeding twelve months.'

Therefore with reference to the limited number who are technical civil servants, power is given to the Governor in Council to allow leave of absence, with pay, for not more than twelve months. Why was the power specially given with reference to this limited number of permanent officials doing generally the most important work of the country, if the power was already in the hands of the government to give, not limited leave, but unlimited, not merely to permanent and the most important officials, but to all officials, even if the service is of the most temporary character ? There can be no argument which justified this class of payments on the ground set forth. If the reasoning is good, the government may legally employ a temporary messenger for a day and give him leave of absence for 10 years.

No one need be told that the public expect every one intrusted with the duty of employing other public servants and controlling them, to see that the ground of remuneration is not a sheet of paper with a few characters on it, but earnest, faithful, continuous work.

Consider now section 33 of the Audit Act in this connection. It reads:

'No payment shall be authorized by the Auditor General in respect of work performed or material delivered by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is certifies that such work has been performed or such materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by a contract, is fair and just.'

I take it that the services of these men were called for under contract. If so, it is clear that I am instructed in the plainest manner not to make the payment because, on the face of the order in council now being considered, the work was not performed. If the work was not done under contract, it is equally clear that I am instructed by the section not to make the payment.

But you tell me that these are very special cases. These men went to South Africa in defence of the mother country. One poor fellow lost his life there.

Every one must approve of the desire to recognize the merits of the individuals, but not necessarily of its being done by a breach of the law, when it is quite practicable to afford merited reward without establishing a precedent which it is difficult to set aside, even when it is working great injury. There is nothing in the Civil Service Act which, if it renders it legitimate to grant leave of absence to a general public servant who is not a permanent civil servant, to go to defend Canada or the mother country without losing his time as a civil servant, makes it illegal to grant similar leave when a like employee leaves his recognized duties for any other purpose, and therefore if it should happen to be for his own interest alone.

I would suggest that parliament be asked to legalize the leave in these cases and save the country from the bad precedent now proposed.

My objection is taken under subsection (c) of section 32 of the Consolidated Revenue and Audit Act.

I return the papers.

I am, sir, your obedient servant,

J. L.McDOUGALL, *A.G.*

Gilbert Blasting and Dredging Co. : Claim for damages, &c., on Contract annulled.

AUDIT OFFICE, OTTAWA, March 10, 1900.

SIR,—Let me acknowledge receipt of your application for $48,146 in favour of the Gilbert Dredging Company for further allowances on sections 5 to 8, of the Cornwall Canal.

The company's original claim was $58,913.35. This was reduced to $40,586.68 by Mr. Rubidge, under date of August 5, 1899, and further reduced to $22,266 by yourself on August 26, 1899—full reasons being given in the correspondence for each allowance. The $10,500 in the total of $26,766 is a clerical error for $6,000 (the amount allowed in the detailed examination by yourself).

The order in council of February 5, 1900, describes an appearance of the contractors before the Minister, yourself and Mr. Rubidge, at which the three latter 'were unanimously of the opinion' that $48,146 should be paid. There are no reasons given in the correspondence for the reversal of the judgments previously rendered. Please supply this omission at an early date.

Until these explanations are received, my treatment of the different items would be necessarily incomplete.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 16, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, relative to the application made by this department for $48,146 in favour of the Gilbert Dredging Company ; being in settlement of their claims for damages and extra work in connection with their contracts for sections 5, 6, 7 and 8 of the Cornwall Canal enlargement, as authorized by the order in council of the 5th ult. You desire to be furnished with reasons for the changes in the allowances in this regard previously made by Mr. Rubidge and by myself.

In reply, I would say that if you have been furnished by the Clerk of the Privy Council with a complete copy of the said order, you will note that in the report on

these claims made by me to the department on January 26, last, a copy of which report formed part of the said order, I have endeavoured to explain distinctly that so far as my own previous estimate of these damages was concerned, I had failed to do justice to them, owing to my lack of full information, and of complete understanding of the release given by the contractors at the time of the payment made to them of 15 per cent of the estimated value of the portions of their contract work which the government had abandoned, this lack being due to the fact that I had only recently entered upon the duties of chief engineer of canals at the time these claims were preferred. My first estimate, therefore, need not, of course, now be discussed, and the increase of the estimate, $40,585.68, made by Mr. Rubidge, which increase resulted from the investigation into the matter, which took place in the presence of the Minister on December 14, last, (upon which the present order in council was based) is that with which, presumably, you now desire me to deal.

With a desire to afford you all possible information, and in the hope that it may prove satisfactory to you, I have prepared a short memorandum, showing the several items of the claim put forward, their treatment by Mr. Rubidge, and the conclusions arrived at at that investigation. You will, of course, understand that on that occasion, the contractors with their solicitor, Mr. Rubidge and myself being present, every opportunity was afforded, both for hearing and for refuting statements made ; it being desirable, in view of the peculiar circumstances of the case, and the length of time that has elapsed, that explanations should, on both sides, be as full as possible, in order to a fair decision. In this memorandum I have only dealt, by way of explanation, with those items where Mr. Rubidge's original estimate has been increased.

MEMORANDUM *re* The Gilbert Blasting and Dredging Company's Claim—Sections 5, 6, 7 and 8—Cornwall Canal.

Claim.		Allowed by Mr. Rubidge, Aug. 5, 1899.	Allowed at investigation, Dec. 14, 1899.	Remarks.
		$ cts.	$ cts.	
1 Plant, idle	$ 9,550 00	1,000 00	7,900 00	See note.
2 Re-enforcing banks	11,377 75	11,250 00	11,250 00

11 Backing and dimension stone	5,470 72	5,270 68	Nil.	"
12 Moving dredges	1,020 00	1,020 00	1,020 00	
13 Work on road	700 00	588 00	588 00	
	58,918 35	40,586 68	48,146 00	

NOTE.—Item 1. This was a claim for loss entailed by plant, machinery, tools, &c., lying idle, including 2 steam derricks, 13 derricks, 5 scows, 2 pontoon bridges, from May, 1891, when the work was first stopped, till the formal notification in February and March, 1893, that no further work would be required. The contractors contended that they had been compelled to hold this plant in readiness during that period, not having been 'allowed to believe that the work would be permanently abandoned.' This

is undoubtedly correct; the plant was so held. They also claimed that they had been compelled, in consequence of such retention of plant on this work, to purchase new plant for similar work elsewhere.

Mr. Rubidge, on this item, recommended payment of $1,000 'to cover the cost of the *removal of the plant.*' At the investigation, it appeared evident that this would be, in no way, adequate compensation, hence the increase. The plant in question was valued at $34,000, and the amount, $7,900, that has been allowed for loss of its use and deterioration, during the period of twenty-one months which elapsed, represents increase at about 14 per cent per annum, which, in my opinion, would be a reasonable allowance.

Item 3. Under the terms of their contract, they are entitled to use the old stone in the culverts under the canal for the purposes of their new works, and had, naturally, based their tender on such use; owing to the change in the operations due to the non-unwatering of the canal, they lost the use and value of this old stone, and were compelled to provide other stone from elsewhere. The cost to them of the new stone was $3.50 per cubic yard, and 3,000 cubic yards of it were required. It appeared to be only fair and reasonable that this amount should be made good to them.

Item 10. During the period of suspended operation, prior to 1893, the contractors were under the necessity of paying office and other rent, salary of superintendent, watchman, &c., for which they claim $3,000, though they represent that this was considerably less than their expense in this connection. It was considered only fair that some portion, at any rate, of this item should be paid, and one-half, or $1,500, was allowed.

Item 11. With regard to the backing and dimension stone covered by this item, it is being employed in the several works of repair throughout the canal, and will be paid for as used from time to time. This claim, therefore, ceases to exist as such.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R & C.*

AUDIT OFFICE, OTTAWA, March 29, 1900.

SIR,—Let me acknowledge receipt of yours of March 16, concerning the Gilbert Company's claim.

When asking for your reasons for now making allowances on items which you had previously rejected for causes then given, I had in hand your recommendation to council of January 26, 1900, to which reference is made; but that recommendation merely states that you now make the allowances—without explaining (as is necessary) wherein your previous judgments were wrong.

A schedule is attached showing five items, amounting to $16,430, concerning which your last recorded remarks are disallowances. Your reasons for payment will be needed in each instance.

The different items of the Gilbert claim are discussed below, under their schedule numbers.

No. 1.—Plant Idle, $7,900.

The calculation given for this sum is: 2 steam derricks, 13 derricks, 5 scows, 2 pontoon bridges, &c., worth in all $34,000; idle from May, 1891, to March, 1893, say 21 months; rate of interest about 14 per cent.

The total of $34,000 should be supported by a detailed list of the plant, showing the approximate cost and age of each piece, and the value placed on it as of May, 1891; also there should be a certificate that all of the plant would have been necessary if the work had proceeded.

Item No. 2 (following) is an allowance of $11,250 for 58 per cent of the original cost of special plant procured for reinforcing banks, and is supposed to be the value of such special plant in May, 1891, when the work was stopped. Until $34,000 is explicitly stated to be only the cost of the other plant (after that for reinforcing banks has been excluded), I shall have to assume that it is a complete valuation of all the plant, and therefore includes the $11,250. But since $11,250 is complete payment for the special plant in May, 1891, no interest should accrue on it for lying idle. As $11,250 is three-eighths of $34,000, the $7,900 should be reduced by three-eighths, or $2,962.50, for this reason alone.

Hutchison & Co. say that, from May, 1891 to the summer of 1893, they were at no time allowed to believe that the work would be permanently abandoned, and that they therefore had to buy new plant for similar work elsewhere ; and Mr. Robertson (April 18, 1896), says only that 'The order of May, 1891 did not state whether the stoppage of work on the two bridges was temporary or permanent.' But Mr. Rubidge (August 5, 1899), says : 'The contractors were repeatedly notified that no further work on the two bridges was contemplated ; the plant remained for several months, until wanted elsewhere, although its removal was insisted upon. $1,000 might be paid.' Mr. Rubidge's positive statement as to the facts will need to be explained away before this item can be recognized.

No. 2.—Reinforcing Banks, $11,250.

This claim may be stated thus : To provide for depositing dredged material on outer slope of banks, special plant costing some $22,000 was bought ; 42 per cent of the proposed work was done and 58 per cent was cancelled. The contractors, having remunerated themselves (out of schedule rates for work done) for 42 per cent of their outlay for special plant now want the balance, or 58 per cent of $22,000, making, say $12,750, less $1,500 for 'value of old plant' for other purposes, leaving $11,250 as their apparent loss.

Under date of April 18, 1899, Mr. Robertson describes five methods by which this work was attempted, of which only the last was successful,—each method requiring different plant. A detailed calculation of the $22,412 will be necessary to show that only the cost of the successful plant is includde, as all the others were at the contractors' risk. (See Mr. Schreiber's note of August 26, 1899, 'As to the best methods of doing the work, it appears to me that it was for the contractors' device.')

It seems improbable that plant, worth $12,750 for this special work would be only worth $1,500 for anything else.

I gather that the depositing of the dredged material on the outer slopes was an addition to the regular contract. If so, please let me have a copy of the document by which it was arranged, and of any information supplied to the contractors as to the quantity expected to be done. How does the procedure, as actually adopted, differ from that described in the specification, namely, 'The material dredged will have to be handled twice so that it can be deposited to the south of the south side of the towing-path, at such places as will be pointed out' ?

The figures, 459,000 c.y., and 194,000 c.y., from which the percentage of 42 is struck, are given only in the contractors' claim ; they are not approved by Mr. Robertson or by Mr. Rubidge, as will be necessary. Please give the calculation of these amounts, by sections.

No. 3.—Old Stone in Culverts not Available, $10,500.

For greater clearness this item, to which there are many objections, is discussed in a separate letter.

No. 5.—Stone Talus, 3,200 c. y., at 55c.—$1,760.

This is an instance where a written order would have been useful as final evidence of liability. Had we the date of the 'order to stop further operations on the old bank,' to which Mr. Rubidge refers in his report of August 5, 1899, any claim for subsequent delivery of stone would certainly have been shut out.

At what date were the contractors relieved of the duty of guarding the materials which they had brought on to the ground? If the stone was in their charge when the farmers took it to sell to Wm. Davis & Sons, the loss should not be ours.

Mr. Rubidge says (August 5, 1899): 'No payment was made, as delivery was not accepted.' If the stone was not accepted, it was the contractor's property when stolen, and we have nothing to do with it. Please ask Mr. Rubidge whether he still adheres to his recollection of the fact.

No. 6.—Flooding Pits, $250.

This is shut out by the wording of item 26, of the contract-schedule: 'unwatering pit, embracing pumping and baling, and every contingency connected with unwatering pit, $1,500.' This allows of no difference to be made on account of one cause or another; the contractors took the risk of all causes.

No. 8.—Balance Due on Unwatering, $1,000.

I have been unable to find how this $1,000 was calculated, and therefore cannot discuss it intelligently. Please let me have further information.

There are two contract items of $1,500 each, for unwatering, and $500 was paid on each in the progress estimates, leaving $1,000 on each, or $2,000. On this, 15 per cent, or $300, was included in the $29,350 already paid.

No. 9.—Filling Behind Retaining Walls, $420.

Mr. Schreiber says, under date of August 26, 1899: 'The superintending engineer states that the work was condemned, and in his opinion should not be allowed.' If the work was condemned at the time it was done, there should be a full explanation of the reasons for now removing the condemnation.

No. 10.—Wages to Yearly Employees, $1,500.

Mr. Rubidge says under date of August 5, 1899: 'The senior member of the Gilbert Company very properly repudiates this claim' (of the sub-contractors). How then can it be paid?

This claim should be supported by the names and salaries of the yearly employees, and by affidavits that they were not engaged at some other work.

No. 12.—Moving Dredges, $1,020.

This is for moving dredges six times, apparently at the rate of $170. No mention is made of this rate being fair and just. Are there extant any engineer's written orders for this service?

What was the reason for moving, in each case? This seems to affect the question of liability.

No. 13.—Building Roadway at Mille Roches, $588.

Please explain how this differs from the service of 'raising, forming and making banks where required' with excavated material, as described at the middle of page 2 of the specification.

General.—15 per cent to be Deducted from Payment.

At page Q—151 of my report for 1893-94 will be found the calculation of unfinished and abandoned work, amounting to $195,663.62, on which 15 per cent, or $29,350 was paid to the Gilbert Company, on account of loss of anticipated profits. The details of the $195,663.62 by quantities and rates, as supplied to me, do not give details of the totals of the original estimates for probable cost of sections 6 and 7, namely, $87,535 and $141,280. Please have this defect remedied.

As far as the quantities involved in the calculation of $195,663.62 are involved in the calculation of the $48,146 now asked for, the latter total will need to be reduced, for the following reason : The only claim the contractors had on the $29,350 was the fact that they had not received the $195,663.62. Had the latter total been increased or decreased, the $29,350 would have varied in the same direction and proportion. If now it is proposed to allow $48,146 (or any part thereof) on account of the $195,663.62, it must be remembered that the contractors have already had 15 per cent of it. As an extreme case, if the whole $48,146 accrued on the items in $195,663.62, there would have to be a deduction of $7,221.90 from the application.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Railways and Canals.

Gilbert Claim: Analysis of Mr. Schreiber's Explanations.

Allowed and explained August 26, 1899:		
3. Old stone in culvert	$6,000	
4. Unwatering not done	9,958	
6. Flooding	250	
13. Working on road	588	
Total ($26,766 — $4,500 — $5,470)		$16,796
Allowed August 26, 1899, if not covered by release:		
12. Moving dredges		1,020
Allowed December 14, 1899. Explained March 16, 1900:		
1. Plant idle	$7,900	
3. Old stone in culvert, balance	4,500	
10. Wages of yearly employees	1,500	
		13,900
Allowed December 14 (Reasons not yet given):		
2. Reinforcing banks	$11,250	
4. Unwatering not done (balance)	2,000	
5. Stone toe	1,760	
3. Balance on unwatering	1,000	
9. Filling behind walls	420	
		16,430
Total allowed by order in council		$48,146

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 6, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 29th ultimo, relative to certain further information and explanations desired by you in

respect of the claims preferred by the Gilbert Blasting and Dredging Company in connection with the Cornwall Canal.

In reply, I inclose herewith a copy of a memorandum, dated the 5th instant, prepared by the Superintending Engineer of the canal, in which, it is hoped, will be found the information desired.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

MEMO. for Mr. Schreiber, *re* the letter of the Auditor General on the claims of the Gilbert Blasting and Dredging Company, March 29, 1900.

No. 1.—Plant Idle, $7,900,

On which I reported $1,000 (August 5, 1899). I was furnished with evidence from book-keeper and auditor, placing valuation on this plant on May 1, 1891, at $34,000, which amount formed basis of award. The contractors also produced evidence establishing the yearly depreciation calculated by other contractors having similar plant, such as Larkin & Sangster, Messrs. Wm. Davis & Son, Canadian Construction Company, and others. These gave a larger percentage than claimed by Gilbert Blasting and Dredging Company. The orders given, as referred to in my letter of August 5, 1899, were verbal orders of suspension, with the explanation that in all likelihood this work would be entirely abandoned, which in fact was done, though not officially until February and March, 1893. In the meantime, all plant on the works was, by terms of contract, the property of the government until completion, and contractors having no right to remove same, were deprived of the use of it during twenty-one months from date of suspension, spring of 1891, until abandonment in February and March of 1893. I had not taken these facts into consideration in my report of August 5, 1899. The award of $1,000 then made was, in my judgment, fair remuneration for cost of removal of plant from abandoned work.

No. 2.—Reinforcing Banks, $11,250.

This claim originated from a change in plan ordered by the late Chief Engineer, Mr. Page, and occasioned the providing of a special style of plant by the contractors to do this work. No doubt, had Mr. Page lived, he would have arranged the price per yard to cover this work sufficient to reimburse contractors, with perhaps a profit in doing the work. When called on to assess the value, I asked the contractors to furnish statement of cost of special plant, to assist me in arriving at fair allowance per yard, and as they handled 45,000 yards on that part of the work abandoned, allowed them 25 cents per yard. This price is much cheaper than we could otherwise have had this work done for. Apart from the 45,000 yards of reinforcing on abandoned work, I am not responsible for the quantities given by the contractors—perhaps estimated by themselves or their engineer. This item of plant is not included in the $34,000 of previous item, the latter being the value of sub-contractors' plant alone.

No. 3.—Old Stone in Culverts not available, $10,500.

By the terms of the contract the stone in these culverts became the property of contractors, as clearly indicated by the special provision that they (the contractors) should provide at their own expense piling ground for the stone. If the stone was intended to remain the property of the government, 'spoil ground' or 'piling ground' would have been provided at the government's expense. The provisions of the contract made all the stone in these culverts the property of the contractors. The approximate quantities furnished by

government placed the amount at 3,000 yards, and in consequence contractors' claim was limited to this amount. A condition in contract provided that the canal would be unwatered to allow the stone in culverts to be removed. The government's failure to conform to this provision deprived contractors of obtaining possession and use of the stone.

These facts were pointed out and urged by the contractors, and in view of the special provisions in contract governing this item, could not disallow their claim. With regard to price, it was urged by the contractors in disputing my recommendation, that 2,000 yards be paid for at $2.50 per yard and 1,000 yards at $1 per yard: (1st.) That 3,000 yards did not represent the actual quantity contained in the culverts, all of which was their property by terms of contract, and for all of which they could have found profitable use had they been allowed to remove the culverts as provided; (2nd.) That, as I had no means of ascertaining any more than they had of the actual proportionate value of the different classes of material contained in the culverts, I was bound by the approximate quantities furnished by government as they were; (3rd.) That I could not establish an arbitrary value at variance with allowance made in progress estimate for ordinary backing, viz., $4 per yard, except in so far as this was reduced by sub-contractors' figures or 50 cents per yard, making the amount claimed, viz., $3.50 per yard; (4th.) That I had not taken into consideration that a large proportion of the stone was suitable for use in face of retaining walls, as cut stone of a much greater value than ordinary 'backing.'

It was further urged by contractors that by terms of contract this stone was their property, whether they used it or not; further, that they had ample opportunity to do so if so disposed, when quantity of work done is taken into consideration.

I could not successfully combat these views.

No. 5.—Stone Talus, 3,200 cubic yards at 55 cents, $1,760.

This allowance is for stone purchased from farmers and selected from excavation by contractors—in reality field stone and small boulders delivered at convenient places to be loaded on scows and conveyed to place in stone talus. These deliveries were made previous to the suspension of the work in spring of 1891. The amount allowed represents price paid by contractors and does not allow any profit. This class of stone has no value in itself—merely the cost of gathering and delivering, so that while it is true that a large proportion of this stone, as well in fact as a quantity in place in talus, were taken by farmers and sold to the Messrs. Davis, they in paying for same gave full value and the government suffered no loss, except that occasioned by change in plan, rendering this, in common with all abandoned work, of no value.

No. 6.—Flooding Pits, $250.

This charge was occasioned by carelessness of lock tenders in not properly regulating height of water in canal, by which fact the contractors suffered, and is therefore in my judgment not a 'contingency connected with unwatering pit,' and is a fair allowance.

No. 8.—Balance due on unwatering, $1,000.

The allowance made on this item is based on the following facts : The contract price for unwatering on sections 6 and 7 amounted to $3,000 ; two-thirds of the work was actually done and but one-third allowed in progress estimates, consequently contractors are clearly entitled to the award of $1,000. The fact that this $1,000 had been included in estimate covering abandoned work, on which 15 per cent had been paid as anticipated profits escaped my notice and the Auditor General is quite right in asking that this item be reduced by the amount of 15 per cent or $150.

No. 9.—Filling behind Retaining Walls, $420.

This charge was for an omission of this amount in progress estimates and to which contractors were clearly entitled. The work referred to in your letter of August 26, 1899 as having been condemned by me was a portion of the retaining wall itself and not the filling behind same.

No. 10.—Wages to Yearly Employees, $1,500.

The amount of this item was arrived at by compromise, based on the following facts : Contractors claimed $3,000 as a loss of wages paid employees, including wages of watchman, office rent, rent of right of way from quarry, rent of piling ground and sundry other such charges which continued during the 21 months of suspension. This item of claim as originally rendered by sub-contractors to Gilbert Blasting and Dredging Company, was much higher than $3,000, and was objected to by the then senior member of the Gilbert Company, on the ground that notwithstanding that the amount then claimed may have been correct, the sub-contractors were not warranted in continuing the employment of some of their officials engaged by the month, even though their works were merely suspended, as their places could have been filled upon resuming operations without serious loss to sub-contractors though, perhaps, some inconvenience. Sub-contractors reduced claim as a result of Mr. Gilbert's opposition to $3,000, his remarks quoted in letter of August 5, 1899, referred to amount of original claim filed. I took stronger objections than did Mr. Gilbert, claiming that for same arguments advanced by him, even the reduced claim was extravagant. It was a difficult matter to determine to what extent sub-contractors were justified in claiming under this head, but it was clear that the government being responsible for the continued suspension, they were entitled to consideration, and I recommended that their claim be reduced by one-half, which they finally accepted. Evidence as to the employment, &c., that went towards making up their claim was not required, as I had personal knowledge of the facts, as had also the members of my staff.

No. 12.—Moving Dredges, $1,020.

This charge is occasioned by the fact that during the season of 1891, work was ordered to be resumed and suspended on the works totally abandoned in 1893. Contractors are clearly entitled to payment for this expense, and charges were checked by my assistants and confirmed to this extent.

No. 13.—Building Roadway at M. R., $583.

This differs from the service of 'raising, forming and making banks where required,' to the extent that it is entirely outside of bank formation, being roadway approaches to bridge made up of selected material suitable for that purpose. The portion of canal embankment forming part of this roadway was deducted from contractor's claim—the balance, $588, they are clearly entitled to. It was evidently an omission in 'form of tender' that this class of work was not covered by special item in schedule of prices ; such is the case on other sections on this work.

General.

The quantities referred to as forming a basis of payment of 15 per cent for anticipated profit on unfinished and abandoned work have no bearing on this claim, except in so far as they served to correct Item No. 8, 'balance due on unwatering,' by reducing the allowance $150. For information of Auditor General, may say that the quantities which formed basis of calculation determining the amount paid for anticipated profits were arrived at by taking the original approximate quantities

furnished to me by Mr. Killaly, upon which the awarding of contract was based, and deducting from same the actual quantity of work done up to date of abandonment. The difference monied out on each item at contract prices gave the sum named, viz. : $195,663.62, on which 15 per cent was paid.

It would be well, perhaps, to call the attention of the Auditor General to the fact that all work done on these sections, viz. : 5, 6, 7, 8, previous to the suspension of spring of 1891, was done under Messrs. Page and Trudeau, as chief engineers, and Mr. Killaly, as resident engineer, and that therefore, having succeeded these gentlemen, we had no personal knowledge of details previous to that date, and had to depend on information gleaned from their notes and merit of evidence submitted in support of claim, previous to that date. Further, that when expressing the opinion that only the item of reinforcing seemed the only item of merit in claim, this was offered previous to investigation of the claim and based on my knowledge of the fact, extending on to my own section, that such work was not included in form of tender, and formed part of the plan adopted to counteract the weakening of banks under original plan of deepening and enlarging old canal. It seems to me that it should be further pointed out to the Auditor General that my instructions, in the first instance, were merely to report on claim with what informaion I had at hand and could gather from assistants, and thereby reduce the claim for discussion to such items or parts of items on which, from such information, I differed from contractors.

This knowledge will serve to explain what would otherwise appear as inconsistencies previous to, and leading up to report, forming—with your concurrence—certificate issued for $48,146, and upon which order in council is based.

TOM S. RUBIDGE, *Suptg. Engr.*

5th April, 1900.

AUDITOR GENERAL'S OFFICE, OTTAWA, April 20, 1900.

SIR,—Let me offer the following remarks on Mr. Rubidge's report of April 5, 1900, concerning the Gilbert Company's claim for $48,146:—

In view of information obtained by Mr. Hayter on his recent visit to Cornwall, I am now passing $16,138 on account.

No. 1.—Plant Idle, $7,900.

This is calculated as twenty-one months' interest at 14 per cent on $34,000, given as the lump-sum value of 2 steam-derricks, 13 derricks, 5 scows, 2 pontoon-bridges, &c., belonging to Sub-contractor Hutchinson.

My letter of March 29 asked for a detailed list of the plant, showing the approximate cost and age of each piece and the value placed on it as of May, 1891; and for a certificate that all of the plant would have been necessary, if the work had proceeded.

Mr. Rubidge, in his report of April 5, stated that he was furnished by the contractors with evidence that the plant was worth $34,000 ; but he informed Mr. Hayter that the list is not now with himself, but with the contractors. Please get it from them and append the certificate shown above.

No. 3.—Old Stone in Culverts not availible, $10,500.

This is for $3.50 a yard on 3,000 yards of old stone claimed to be in the old culverts, which the contractors think they could have used in the extension walls of the bridges.

There are two lines of arguments against this claim, namely:—That the engineer certified only 2,000 yards, and at $2.50; and that, even were this difficulty removed, the

whole claim is shut out by the fact that the extension walls were stopped when more than 2,000 yards were yet to build, and the item is therefore covered by the company's release of anticipated profits. These arguments are developed at length as follows:—

No. 3.—Engineer certifies only 2,000 yards.

The specification for the extension walls reads: 'The stones taken from the old culvert may be used for this part of the work, as far as they will answer the purpose.' Section 3 of the contract makes the engineer the sole judge of work and material in respect of both quality and quantity: so that, had the culverts been taken down, it would have been for Mr. Rubidge (and no one else) to say how far the stone would have answered for the extension walls.

The amount and value of old stone which could have been used is estimated thus by Mr. Rubidge, August 5, 1899: '$2.50 a yard on 2,000 yards available for masonry in extension walls, and $1 a yard on 1,000 yards for stone for bank protection—a total of $6,000.' Mr. Schreiber's remark of August 26, 1899, is: 'If I may judge from what I have seen of old work torn down, which was built years ago, a very small percentage only would be suitable under the specification of to-day; however, the superintending engineer is in a better position to judge than I am.' We may, therefore, assume 2,000 at $2.50 as being the limit available for masonry, until Mr. Rubidge explicitly alters these figures.

Now, Mr. Hayter questioned Mr. Rubidge especially on these points, and elicited the information that Mr. Rubidge adheres without hesitation to his statements that he would not have allowed more than 2,000 yards of the stone to be used, and that it would not have been worth more than $2.50 a yard. He based these judgments on his experience in having taken down the old Cornwall culvert (a precisely similar structure) and on the fact that the stone would need much cleaning before use.

Mr. Schreiber, under date of March 16, 1900, says: 'The contractors were compelled to provide other stone from elsewhere. The cost to them of the new stone was $3.50 per yard, and 3,000 yards of it were required. It appeared to be only fair and reasonable that this amount should be made good to them.'

This argument has the following flaw:—Even if the contractors had to purchase 3,000 yards for masonry, they would only have got 2,000 yards out of the old culverts, and are, therefore, liable themselves for at least the other 1,000 yards.

No. 3.—When the work stopped, 2,320 yards was still to do.

The preliminary detailed estimate of total work anticipated on sections 5 and 7 shows 3,699 yards of 'random-coursed masonry in extension walls' as required for the Milles Roches bridge, and 4,000 at Moulinette, making 7,699 yards in all. On these two walls, 2,507 and 2,862 yards were built respectively, or 5,369 yards in all: leaving 2,320 yards still to build when the work was stopped. And the specifications do not say that the culverts were to be torn down before the walls were begun. We were still, therefore, in a position to give them the 2,000 yards out of the culverts in time to be used in the walls, if the work had gone on.

Going back now to the wording of the company's release, dated March 12, 1894, we find that the 15 per cent for loss of anticipated profits was calculated on the 'value of the estimated works remaining to be done': with the proviso that 'claims in respect of or arising out of works actually done will of course remain to be dealt with apart from this settlement.'

Of the 7,699 yards to be built, 5,369 was built and 2,320 cancelled. The company's claim for pay for the old stone must be based on the reasoning that they could have worked it into the beginning of the work, that is to say, the 5,369 yards actually built—since they have signed off their claim on the 2,320 yards. But it is not for those in

charge of the government's interests to allow this one-sided arrangement. I have shown above that we were still able to fulfil our contract obligations by giving them 2,000 yards of stone in time for use in the remaining 2,320 yards of the work, and therefore this 2,000 yards of stone was one of the sources of profit (cash being another) on the 'work remaining to be done' which were all commuted at an average of 15 per cent, regardless of whether any one kind of profit would have been greater or less than the average. And since the 15 per cent has been paid, this line of reasoning would leave the company with no further claim on the present item—whatever may be the ultimate judgment on the previous argument. 'That Mr. Rubidge's allowance of $6,000 cannot be exceeded until he himself withdraws that limit specifically.'

No. 4.—Unwatering Extension Walls, &c., $11,958.

In a statement obtained by Mr. Hayter from Mr. Bubidge, this item is calculated as follows by one of the sub-contractors : 'Memo. showing length of dams and cost of unwatering same in connection with building abutments and retaining walls at Mille Roches and Moulinette Bridges :—

	Feet.	
Total length of dams at Mille Roches	793	
" " Moulinette	793	
	1,586	
Cost of building dams, 1,586 ft. at $3		$ 4,758
Pumping Mille Roches work, 150 days at $24		3,600
Pumping Moulinette work, 150 days at $24		3,600
		$ 11,958

This calculation does not seem to have been submitted to the chief engineer for his approval of the quantities and rates.

Mr. Ramsay, the overseer, measures the walls at 1,375 feet instead of 1,586 feet—this should be explained. Dates will be needed for the 150 days. Messers. Rubidge and Schreiber should approve explicitly each of the quantities and rates as far as their knowledge goes.

Moreover, since the length of the dams is said to include the abutments, it will be necessary to deduct the $2,000 already paid for unwatering bridge-pits.

Wages of Yearly Employees, $1,500.

As remarked in my letter of March 29, this claim should be supported by the names and salaries of the yearly employees and by affidavits that they were not engaged at some other work.

Further, the statement should be explained away, that Mr. Frank Gilbert repudiates the claim.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 12, 1900.

SIR,—In reply to your letter of the 20th ult., by which you express a wish to be furnished with further information relative to the claim of Messrs. Gilbert—the Gilbert Blasting and Dredging Company—arising out of their contract for the Cornwall Canal enlargement, I would say that the department has made every effort to obtain such information for you, and I would now state as follows :—

Item No. 1.—Plant Idle, $7,900.

As to this you desire a detail list of the plant, showing the approximate cost and age of each piece, and the value placed on it as of May, 1891. You further desire a certificate that all the plant would be necessary if the work had proceeded.

The department has obtained from Messrs. Belcourt & Ritchie, who represent the claimants, a detailed statement of the said plant, and of its value in May, 1891, and in May, 1893. I enclose a copy of their communication, dated the 30th ult., together with certain inclosures, being letters from the bookkeeper and the Auditor employed in connection with the works. From these documents it would appear that the original value of the plant provided, mainly in the season of 1890, was $43,430.20, and in May, 1891, it was valued at $34,000, upon which sum 21 months' interest at 14 per cent has been calculated, making the amount above mentioned. Messrs. Belcourt & Ritchie observe that it is impossible to state the age of this plant, a large proportion of which was made up by carpenters, blacksmiths, &c., in the employ of their client.

I have no objection to giving a certificate that the plant would have been needed if the work had been continued, though it seems self-evident.

Item No. 3.—Old Stone in Culverts not Available, $10,500.

As to this item, I would observe that in Mr. Rubidge's report dated the 5th ultimo, a copy of which was furnished to you with my letter of the 6th of that month, he deals with this item clearly and intelligently, and it seems to me that his explanation may be accepted as a complete answer to your inquiry.

Item No. 4.—Unwatering Extension Walls, &c., $11,958.

The total length of the two dams built in this connection is set down by the engineer as 1,586 feet, whereas, you state, that the length of the walls built, as measured recently by Mr. Ramsey, the overseer, is 1,375 feet, and you ask for an explanation of the difference. The measurement made by Mr. Ramsey is, no doubt, correct, but of necessity, the length of the dams enclosing the area in which these walls were built was much greater. This you will no doubt readily concede. I may observe that part of these walls was removed previous to Mr. Ramsey's measurement, being dredged out to form a channel from the Sheik's Island channel into the old canal.

As to your suggestion that $2,000 should be deducted as having been already paid for unwatering bridge pits, I would say that this has no conncetion with the unwatering of the bridge pits. The retaining walls extended east and west of the abutments, and it was absolutely necessary to include in the dam the area covered by the abutments, as well as the area to the east and west of them.

As to your request for the dates of pumping work, I would say that these dates covered the period of the construction of the walls, and the pumping was continued night and day.

You ask for explicit approval of each of the quantities and rates of this work. I can only say that these dams were built and removed prior to my having any connection with the canals, and I am, therefore, unable to do as you desire.

Wages of Yearly Employees, &c., $1,500.

As to this, in a letter from Mr. McCaffrey, bookkeeper for sub-contractors, Hutchison & Co., which accompanies Messrs. Belcourt & Ritchie's communication, above referred to, you will observe that he states that he is personally aware that the superintendent and watchman, as well as himself, were duly paid their salaries in their respective occupations during the suspension of the works. I may add that Mr. Robertson, the assistant engineer, stated to me here that these employees had all been engaged and present on the works during the season of 1891. This fact alone

would be sufficient to justify the charge for services as allowed at $1,500. I inclose a copy of a letter from Messrs. Belcourt & Ritchie, dated the 1st instant, bearing on this point.

You refer to objections made by Mr. Frank Gilbert in this connection. Though it is true, as is fully explained by Mr. Rubidge in his report of the 5th ult., that Mr. Gilbert had objected to the original claim put forward by the sub-contractors, which was over $3,000, he concurred in the compromise of $1,500 arrived at.

I would desire to impress upon you again the fact that the adjustment of this whole question is, and must necessarily be, a matter of compromise, in the absence of definite personal knowledge of the circumstances of the case on my part, and on the part of the superintending engineer ; neither having been connected with the canal at the time when causes leading to these claims arose.

I am, sir, your obedient servant,

The Auditor General. C. SCHREIBER, *D.M., R. & C.*

OTTAWA, CANADA, April 30, 1900.

SIR,—*Re* Gilbert Claims—I inclose herewith the fullest information covering item of idle plant which my clients can gather. The letters of auditor and bookkeeper were deemed sufficient on the reference to you and investigation. The details of plant herewith inclosed indicate original value of same as provided for different parts of works. It is impossible to furnish age, &c. of plant, a large proportion of which was made up by carpenters, blacksmiths, &c., in the employ of my clients. The larger part was furnished and prepared in season of 1890. I hope that this will prove sufficient for the Auditor General's information, especially as amount of award is $4,000 less than the amount we could claim under this item or 14 per cent per annum instead of 20 per cent, the usual standard of valuation of depreciation in plant.

We are, sir, your obedient servants,

The Chief Engineer, Rys. and Canals. BELCOURT & RITCHIE.

SUMMARY showing value of plant provided by sub-contractors for sections 5, 6, 7 and 8, Cornwall Canal.

Quarry	$ 17,160 50
Masonry, earth-work and stone talus	15,353 50
Tramway	10,916 20
	$ 43,430 20

MEMO.—The above was valued in May, 1891, at $34,000, and in May, 1893, at $19,996.

Tramway Complete.

Grand Trunk culvert	$ 376 00
91·336 tons 56-pound rails at $25.50	2,329 07
62:66 tons 30-pound rails at $30.50	1,911 13
4,000 ties at 15 cents	600 00
Spikes, fish plates and bolts	518 00
Loading dock—Canal front	250 00
Clearing and grading	1,675 00
75 feet trestle at $5	375 00
Track laying	500 00
Culvert bridge, Grand Trunk	38 00
8 stone cars, $75	600 00
4 derricks at front	1,000 00
	$ 10,172 20

1 set track tools	15 00
1 set track lorry	25 00
1 track velocipede	30 00
8 large spawl boxes	344 00
1 watch-house, Grand Trunk Railway culvert	30 00
12 switches	300 00
	$ 10,916 20

Masonry and Earthwork and Stone Talus.

13 derricks, $350	4,550 00
3 scows, 2 barges	7,000 00
5 Pontoon bridges	1,500 00
12 drag scrapers	108 00
6 wheel scrapers	270 00
12 stone-boats	90 00
1 battery and lead wire	30 00
1 power house	25 00
1 blacksmith shop, complete	250 00
2 Portable forges, with tools	110 00
4 'well lights'	500 00
3 run ways stone talus	180 00
24 Wheelbarrows	108 00
Equipment, 150 labourers	487 50
Equipment, 8 building gangs	120 00
Equipment, 2 blasting gangs	25 00
	$ 15,353 50

Quarry.

2 pumps, complete	$ 1,060 00
1 boiler and engine, set up and housed	1,300 00
1 Scotch steam derrick, swing attach	600 00
4 steam drills, complete, $275	1,100 00
2 portable boilers	800 00
1 boarding-house, furnished	2,500 00
1 blacksmith shop, 2 forges complete	600 00
6 derricks, complete, $350	2,150 00
8 stone-cars, $75	600 00
1 stable, $300; 4 wagons, $250; 5 carts and harness, $200	750 00
6 wheel scrapers	270 00
6 drag scrapers	54 00
2 ploughs	43 00
6 extra points	30 00
4 stone-boats	30 00
Equipment 30 quarry men (duplicate)	300 00
Equipment 20 labourers	65 00
1 dozen wheelbarrows	54 00
1 dump car	48 00
2 water closets	15 00
1 oil-house	15 00
8 large scale boxes	160 00

6 spare car wheels an axles	73 00
4 tool-boxes	14 00
1 concrete screen	12 00
3 setts stiff leg irons	96 00
2,000 feet steel wire, spare	150 00
600 pounds chain, spare, 5¼	31 50
200 feet steam-pipe, spare	16 00
100 feet steam-hose, spare	25 00
8 grap hooks, spare	10 00
2 setts blocks and tackle, spare	50 00
24 sheaves, spare	30 00
1 lot clips, clavises, &c., spare	25 00
2 'John Bull' quarry bars	24 00
12 horses, $65	780 00
5 setts of harness	180 00
Office building and equipment	500 00
Storehouse	1,250 00
Quarry land	1,250 00
Clearing building, dams and ditches	825 00
Building wagon road, partly through swamp	275 00
	$ 17,160 50

St. Catharines, April 28, 1900.

Sir,—Yours of the 24th instant, received and note that my former letter *re* this matter has been mislaid.

In the spring of 1881, I audited the books of Messrs. Hutchinson & Co., contractors on Cornwall Canal; value of plant at that date was $34,000. I again audited these books in the spring of 1893, when their business was turned over to the firm of Garson, Purcer & Co., value of plant on this occasion $19,996, being the price paid for same by G. P. & Co. The difference in value representing 'depreciation on a basis of 20 per cent per annum, further reduced by refusal of G. P. & Co. to attach that value to some of the plant, and finally settled on a sum named, viz.: $19,996.

Mr. W. A. McCaffrey, who I believe is at present engaged in the sand business in your city, was at that time employed by Messrs. Hutchinson & Co., as book-keeper.

I am, sir, your obedient servant,

N. A. Belcourt, Esq., Q.C., M.P., Ottawa. WM. G. McNAMARA.

Ottawa, December 12, 1899.

Sir,—I acted in the capacity of bookkeeper for the firm of Hutchinson & Co., on their works on Cornwall Canal, from the time they commenced operations until the suspension took place in the spring of 1891. During that time I had a general knowledge of the quantity and quality of plant used by the said contractors on the said works; an inventory was made yearly amongst other things of the plant in use by the said firm on the said works, and a valuation placed upon the same after deducting for use of the same and depreciation in value in the inventory which was made in the spring of 1891; the depreciation in value of the plant was taken into account in the inventory which was then made, and the said plant valued at what I believe was then its value, visibly, $34,488. This valuation was subsequently reduced to $34,000 by Mr. W. S. McNamara. I am also personally aware that the superintendent and watchman, as well as myself as bookkeeper, were duly paid our salary

in our respective occupations during the suspension of the works in question. It is to my knowledge that in the year of 1893, Hutchinson & Co. made over to Messrs. Garson, Purcer & Co., the whole of the plant above referred to for the sum of $19,996.

I am, sir, your obedient servant,

Mr. Geo. A. Beggy, Iroquois, Ont. W. A. McCAFFREY.

Ottawa, May 1, 1900.

Sir,—*Re* Gilbert vs. the Queen.—In my letter of yesterday I overlooked the request to furnish affidavits concerning the item of 'wages to yearly employees,' made by the Auditor General.

You will remember, no doubt, that your award on this item, viz. : $1,500, does not cover the season of 1891 alone, as to which there can be no serious contention, as both Mr. Rubidge and Mr. Robertson admitted that during that season work was frequently ordered to be suspended and resumed, very little work being done during the year. It has been shown that the monthly expense was at least $245 ; the amount awarded, $1,500, would barely cover the loss in 1891, so that nothing has been allowed outside of that period of time when it is admitted by everybody that these employees were idle. For that reason it seems to me altogether unnecessary to implement with affidavits the information already given on this item ; however, if the Auditor General insists on affidavits relating to this item being furnished, I will endeavour to procure the same, though I expect to meet with considerable difficulty and delay in locating the employees in question.

I beg to again remind you that your award of $1,500 was the result of a distinct compromise, my clients agreeing to accept this amount as suggested by myself for the sake of closing the matter and securing prompt payment of your total award.

My clients are prepared to abide by your award on this item, but if they are compelled to procure affidavits of facts well known to the employees of your department, and as to which these employees have already certified, I shall expect, if it is shown, as I think it can be, that the amount of this item is altogether inadequate, it will be increased as may appear by these affidavits.

The procuring of these affidavits is going to involve considerable delay, and as this is the only item upon which further material is now required by the Auditor General, I now write to request that you will be good enough to forward to the Auditor General the additional information and statements furnished to you yesterday in order that the items so dealt with may be paid by the Auditor General as soon as possible, the understanding being that the item concerning the wages to yearly employees will be dealt with later on.

I would ask you to annex to your further report to the Auditor General a copy of this my letter to you.

I am, sir, your obedient servant.

Dept. Railways and Canals, Ottawa. BELCOURT & RITCHIE.

Auditor General's Office, Ottawa, June 8, 1900.

Sir,—Let me acknowledge receipt of your letter of May 12, 1900, concerning the claim of the Gilbert Dredging Company on sections 5 to 8 of the Cornwall Canal enlargement.

I do not at present see my way clear to maintaining objections against more than the following two items:—

3. Old stone in culvert, 3,000 cubic yards at $3.50, $10,500.

8. Part of balance on unwatering, $150.

The item of $150 is now conceded by everybody to have been already paid in the 15 per cent settlement.

With regard to the old stone in culvert, I have two difficulties, as explained in the letter of April 20, namely: that Mr. Rubidge ('The superintending engineer is in a better position to judge than I am,' says Mr. Schreiber, August 26, 1899) fixed these values for the stone:

Stone available for masonry, 2,000 yards, worth only $2.50..	$5,000
Stone for bank-protection, 1,000 yards at $1.....	1,000

Now, the very rational statement, that the local superintending engineer was the best person to judge on local facts, has never been withdrawn, and I assume that it still holds good. And Mr. Rubidge still adheres explicitly, and with emphasis, to his statement that he would not have allowed more than 2,000 yards to go into the extension walls, and that it was not worth more than $2.50.

You say, under date of May 12, 1900, that Mr. Rubidge's report of April 5 'deals with this item clearly and intelligently, and his explanation may be accepted as a complete answer' to my inquiry. In that report Mr. Rubidge gives at full length the different arguments advanced by the contractors, and ends with: 'I could not successfully combat these views.' Now, he could have done so, both for the quantity and the price. For the quantity, he was the only judge; had the work gone on, and had he adhered to his figure of 2,000 yards, the contractors could not have overruled him: he could, therefore, have 'successfully combatted' their claim by merely reiterating has simple *ipse dixi*. As for the difference between the prices of $2.50 fixed by him, and $3.50 claimed by the contractors, Mr. Rubidge explains that the stone would have to be cleaned of the old cement before using, and that in its uncleaned state it was not worth more than $2.50.

For these reasons, if the claim were allowed at all, $6,000 would be the maximum figure. But, as explained in my letter of April 20, at the time the work stopped there was still more than 2,000 yards of extension walls yet to build, and we were still in a position to fulfil our contract by giving to the contractors (out of the culverts) the full quantity of stone which they had a right to expect, and in time for them to work it into the extension walls, if the work had gone on. By this argument, which you do not discuss in your letter of May 12, the contractors would have no claim for a further allowance.

It might be well for us to have a meeting when Mr. Rubidge comes to Ottawa, and question him again as to the 2,000 yards and the $2.50 a yard.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 24, 1900.

SIR,—With reference to the matter of the application made to you for the issue in pursuance of the order in council of February 5 last, of a cheque, in favour of the Gilbert Blasting and Dredging Company, for the sum of $48,146 in settlement of their claim for extra work, damages, &c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement, payment of which amount you have verbally declined to authorize. I have the honour to say that the Finance Department has requested to be furnished with your written objections to making payment.

I would accordingly ask you to be good enough, should you still find yourself unable to grant the necessary certificate for the issue of a cheque in this matter, to forward to this department a letter stating your refusal explicitly, and giving the specific ground of your objection, as required by the Audit Act, in order that the matter may be placed before the honourable the Treasury Board in proper form.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

AUDITOR GENERAL'S OFFICE, OTTAWA, September 25, 1900.

SIR,—I have your letter of the 24th instant asking for a statement of the ground of my objection to certifying payment of the amount of your application in favour of the Gilbert Blasting and Dredging Company for extra work on the Cornwall Canal enlargement.

Let me direct your attention to my letter of June 8 last which requested an answer. I should like to get the reply to that letter before deciding upon the course to take.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 27, 1900.

Memo. for Mr. McDougall—Inclosed you will find a certified copy of Mr. Rubidge's letter of July 3, *re* Gilbert Claims. This is the one you saw last night in Mr. Schreiber's office.

L. K. JONES.

CORNWALL, July 3, 1900.

SIR,—I return the papers *re* the Gilbert claims.

With reference to Claim No. 3, old stone in culvert, 3,000 c. yards, at $3.50.

My valuation of $2.50 and $1 per c. yard was based on the large proportion of arch stone in the structure which would require to be redressed before it could be used in the extension walls.

But for the reason that in discussing this claim before the Minister and Chief Engineer, the contractors proved satisfactorily that the quantity of 3,000 c. yards was specifically given by the engineer, Mr. Killaly, to the contractors as fit to be used in extension walls, and would, in fact, become their property to be so used.

The claim was in consequence considered legally just and was allowed to stand as presented.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. TOM S. RUBIDGE, *S.E.*

AUDIT OFFICE, OTTAWA, October 23, 1900.

SIR,—With reference to your application in favour of the Gilbert Blasting and Dredging Company, and to the amount not passed in this office at the moment, awaiting information from you and consideration on my part, I beg to say that I have definitely concluded not to pass the amount. It will, therefore, be in order for you now to make an appeal to the Treasury Board for an over-ruling of my decision if you are dissatisfied with it.

In connection with the matter I beg to inclose a copy of an opinion which I have just received from Z. A. Lash, Q.C., of Toronto, on the part of the claim which I am declining to pass.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

TORONTO, October 20, 1900.

SIR,—*Re* Gilbert Dredging Company : It appears from your letter of June 8, 1900, to the Deputy Minister of Railways and Canals, that the only item of the claims of the Gilbert Dredging Company for which payment was asked under the authority of the order in council of February 5, 1900, to which objection is made,

is item 3, being 'old stone in culvert, 3,000 c. y., at $3.50, $10,500'; and I am asked by you for an opinion as to whether, in view of the facts below mentioned, the contractors had any legal claim against the Government for this item.

The order in council refers to the fact that certain claims were preferred by the Gilbert, &c., Company in connection with their contracts on the Cornwall Canal enlargement, and that the claims had been fully examined into with the result that out of a total of $58,918.35, the aggregate of thirteen items claimed, it was considered by the Chief Engineer of the Department of Railways and Canals, and the superintending engineers of the canal, fair and just that items to the aggregate of $48,146 should be allowed; and it gives authority 'for the inclusion of the said several allowed amounts aggregating $48,146 in the engineer's estimates for this work.'

Annexed to the order in council is a copy of the Chief Engineer's report, setting out in detail the claims made and the items allowed, item 3 above refered to being one of them. It appears from the engineer's report that, as a necessary result of the adoption of the Sheik's Island Dam scheme, which took the place of a large portion of the works comprised in the contract with the Gilbert, &c., Company, the contract was cancelled with respect to such portion, and that the company made a claim for loss of anticipated profits, with the result that an allowance was made to the company of 15 per cent on the estimated value of the work remaining to be done; and on April 19, 1894, the company was paid this allowance, amounting to $29,350, and gave a receipt 'in full of all claims in respect of the abandonment of parts of sections 5 and 8 and the whole of sections 6 and 7 and of the abandonments of aforesaid sections on the Cornwall Canal, as per order in council of March 28, 1894.' This order in council authorized payment of the sum 'as a fair consideration in lieu of the profit that would have accrued to the contractors, had they been permitted to complete said work in accordance with the terms of their contract.'

Upon being asked for a cheque to pay the claim, you, as Auditor, asked for information, and in reply full details were given showing the items claimed and the allowances made in respect of them and the reasons for these allowances. As item 3 alone is now in question, I will deal with it only.

Two questions are involved with respect to this, one going to the root of the whole item, the other involving the quantity and the price only. If the first be sound, the second would of course be immaterial. The objection raised by you, which goes to the root of the whole claim, is to the effect that the claim was settled by the payment made in 1894. I will now deal with this.

The stone, the value of which is claimed by the contractors, was in a culvert under the canal, which under the terms of the contract was to have been removed. The removal of this culvert was part of the work not done. There is no mention in the contract itself of this culvert, but in the specifications the following mention is made: Page 5—'For the stone taken out of the walls of the culvert the contractor must find suitable piling ground. To give access to both ends of the work a low service bridge is to be built across the canal at the most convenient place for the public travel as well as for the contractor's use in taking such stone from or to the piling ground as cannot be used with advantage in the abutments or walls for the new bridge.' Page 7—'The stones taken from the old culvert may be used for this part of the work as far as they will answer the purpose.' The part of the work here referred to is bridge abutments and walls, &c.

The contractors claim that the stone in the old culvert became their property, and not having been allowed to take it out, they must be paid for its value. This contention seems to have been acceded to by the Chief Engineer, who says: 'Under the terms of their contract they were entitled to use the old stone in the culverts under the canal for the purposes of their new works, and had naturally based their tender upon such use. Owing to the change in the operations, they lost the use and value of this old stone and were compelled to provide other stone from elsewhere.' The superintending

engineer says : 'By the terms of the contract the stone in these culverts became the property of the contractors, as clearly indicated by the special provision that they (the contractors) should provide at their own expense piling ground for the stone. . . . The provisions of the contract made all the stone in these culverts the property of the contractors.'

If I could agrée with the contention that the stone in question became the property of the contractors in the manner mentioned, I would have no difficulty in concluding that the settlement of the claim for loss of anticipated profits did not deprive the contractors of their claim for the value of their property, viz., the stone, of which they had been deprived; but I am unable to agree that this stone became the property of the contractors. Certainly, the words of the specifications above quoted do not make it so, either expressly or by necessary implication. In my opinion, the most that can be fairly said is that had the work not been stopped, the contractors would have been entitled to use the stone taken out of the culverts in building the masonry for which under the terms of the specifications it might have been used. The stone would never have become the property of the contractors and could not have been lawfully used by them for any purpose other than in the works contracted for.

It appears from the papers that included in the works not proceeded with there was a quantity of masonry for which the stones in the culvert (had it been removed) might have been used. Assuming that this stone would have been so used had the works been proceeded with, it is clear that the use of this stone would have entered into the question of the amount of profits which the contractors would have made in the execution of this work. These profits by agreement of the parties were fixed at fifteen per cent of the estimated cost, and in this view it seems clear to me that the payment made in 1894 covered any claim of the contractors for not being allowed to use this stone.

I gather from the papers that the contractors contend that, instead of using the stone in the work not done, they would, had they been allowed to remove it from the culvert, have used it in other parts of the work which they did do, and that therefore they were in this way deprived of profits which they would have made on such other parts of the work. Assuming this to be so, it is clear that they would have had to provide other stone for the work not proceeded with had such work not been stopped, and they would have been no better off on the completion of the whole contract.

Which ever way the case is put it seems to me clear that in depriving the contractors of the use of the stone the government was not depriving them of any property belonging to them, but was depriving them of the chance of making profits under their contract ; and, as the payment made in 1894 was made 'in lieu of the profit that would have accrued to the contractors had they been permitted to complete the said work in accordance with the terms of their contract,' it follows that that payment covered all claims which the contractors had for being deprived of the use of this stone in the works contracted for.

I do not understand that you desire any opinion as to whether the order in council of February 5, 1900, makes the government liable if it be not otherwise liable, and in the view I have taken it seems unnecessary to consider the objection to the claim with respect to the amount only. I return the papers.

And am, yours faithfully,

The Auditor General. Z. A. LASH.

Dept. of Railways and Canals, Ottawa, October 31, 1900.

Sir,—The department is in receipt of a communication, dated the 23rd instant, from the Auditor General, by which he states that he has decided not to pass a certain item, namely, in respect of 'old stone culvert, 3,000 cubic yards at $3.50 per yard,

$10,500,' included in an application made to him by this department for the issue of a cheque in favour of the Gilbert Blasting and Dredging Company, for the sum of $48,146, being in settlement of their claims for extra work, damages, &c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement.

I have the honour to inclose this letter, together with all papers, including a memorandum, dated the 29th instant, from the Law Clerk of the department, which goes very fully into the item in question, and am, by direction, to request that a ruling of the honourable the Treasury Board be obtained as to whether or not the Auditor's objection is sustained or refused.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary.*

MEMO. *re* Gilbert Blasting and Dredging Company :

Claim for 'stone in culvert, 3,000 c. y., at $3.50, $10,500.'

As a reason for not passing the above item (which is one of a number of items of the claim of the contractors for extra work, damages, &c., *re* sections 5, 6, 7 and 8, Cornwall Canal), the Auditor General submits an opinion of Mr. Z. A. Lash, who points out that this item of the claim is in the nature of anticipated profits, and is therefore covered and precluded by the compromise of claims for anticipated profits made in 1894.

I find it difficult to follow Mr. Lash's reasoning. It seems to me that dealing with the question reasonably and practically, without legal refinements, no such conclusion can be arrived at.

The case is simply, that the government in its specification for the work stated that the stone in an old culvert, which was to be taken down, could be used by the contractors in the new bridge abutments and walls, as far as they would answer the purpose. The contractors in tendering would naturally take this clause into consideration, and may be assumed to have figured more finely on the assumption that the stone practically belonged to them for the purposes of the work. The government, however, abandoned the portion of the work where the culvert was situated, and the contractors were deprived of the privilege of using the stone. They therefore were compelled to provide other stone for work actually performed by them, and now claim the value of the stone thus withheld.

Mr. Lash points out that there is nothing in the contract to 'pass the property' in the stone to the contractors, and that therefore the government 'in depriving the contractors of the use of the stone was not depriving them of any property belonging to them, but was depriving them of a chance of making profits under their contract.' It is true that, speaking with legal technicality, the actual property in, or ownership of the stone would not pass to the contractors, but the clear intention of the parties was that the contractors could use this stone in the work ; in other words, that the government would provide a certain quantity of stone. Now, the government has not provided this quantity of stone, and in order to proceed with the work the contractors provided other stone, the cost of which they defrayed themselves. They now ask to be reimbursed. If they are not reimbursed, of course it affects their profits in the whole contract, but it seems to me fallacious to argue that because their profits are affected the claim necessarily becomes one for anticipated profits, and is therefore already compromised.

The true measure of the contractor's claim, in my view, is the cost of the stone which the contractors had to supply, to replace the stone which the government failed, contrary to the provision in the specification, to allow them to use. In an action for damages at law for breach of a similar contract between two individuals, the test I have mentioned would be the measure of damages for the breach, and the burden of proof would be on the party making default.

One point further. The Auditor General in his letter of April 20, 1900 (177703), urges that since 5,369 yards of abutments and wall had been built and 2,320 remained to be built when the work was stopped, the culvert stone (which was placed at 2,000 yards) could have been supplied by the government in satisfaction of its contract, and used entirely in the works remaining to be done, and that therefore 'this 2,000 yards was one of the sources of profit (cash being another) on the 'work remaining to be done,' which were all commuted on an average of 15 per cent, &c. This does not seem to me to be correct. The 15 per cent compromise was on a gross estimate of the value of work remaining to be done, and with regard to the masonry, would be 15 per cent only on the value of the 2,320 yards of masonry. If 2,000 yards of this were culvert stone, the contractors would receive 15 per cent only of the value of that stone, whereas they were actually entitled under the contract, and under every engineering practice, not only to the full value of the stone, but to a reasonable profit thereon as well.

I think the item cannot in any way be considered as already settled, and should be allowed.

October 29, 1900. (Sgd.) R.

TREASURY BOARD, OTTAWA, November 3, 1900.

SIR,—I have the honour to send you herewith Treasury Board file No. 26612, being letter from the Secretary of Railways and Canals, dated 31st ultimo, with inclosures, relative to objection raised by you to payment of a certain item, namely, in respect of 'old stone in culvert, 3,000 cubic yards at $3.50 per yard, $10,500,' included in an application made to you by the Department of Railways and Canals for the issue of a cheque in favour of the Gilbert Blasting and Dredging Company for $48,146, in settlement of their claims for extra work, damages, &c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement.

I shall be glad to be informed for the information of the Treasury Board, to whom the matter has been referred, if you have any objection to the payment of the item referred to, and, if so, the nature of such objection and under what section and clause of the Consolidated Revenue and Audit Act it is made, and I shall also be glad to have any remarks that you may deem proper to make in regard thereto.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S., T.B.*

AUDITOR GENERAL'S OFFICE, OTTAWA, January 14, 1901.

SIR,—Re Appeal of the Gilbert Blasting and Dredging Company: It may be seen from the accompanying papers that the Governor in Council awarded to this Company the following amounts:—

No. of Claim.		
1.	Plant idle	$ 7,900 00
2.	Reinforcing banks	11,250 00
3.	Old stone in culverts	10,500 00
4.	Loss incurred through failure to unwater canal	11,958 00
5.	Stone toe	1,760 00
6.	Flooding	250 00
8.	Balance due on unwatering	1,000 00
9.	Filling behind retaining walls	420 00
10.	Wages to yearly employees	1,500 00
12.	Moving dredges	1,020 00
13.	Work on road	588 00
		$ 48,146 00

all of which, with the exception of $10,500 for stone in culverts were passed in this office.

A material circumstance in connection with this claim for the supposed value of this stone in culverts now under consideration came out in the investigations made in this office, viz., that there was enough of masonry of the kind for which this stone was suitable, left undone when the work was taken off the hands of the contractors, to have utilized all the stone in the culverts which was fit for the work.

The argument put forth by Mr. Belcourt in support of the claim was, that the company had to buy stone to do the masonry and they should be reimbursed for their outlay in this respect, as they took the contract on the well-grounded expectation that they would have the stone in the culverts, as far as it went, to use for the masonry in the work covered by their contract.

The argument is seen to be an entirely fallacious one when the point to which I have referred above, the effect of the masonry still to be done when the work was abandoned, is brought out.

The whole profit which the contractors could have made out of the stone in the culverts would have been the same whether the whole of the masonry called for by the contract was just what the stone in the culverts would have built or any larger quantity. Therefore, while there was masonry to the extent of 2,300 yards left undone the prospective profit so far as it depended upon the stone in the culverts was as great as it was at any earlier date in the progress of the work. This was the case when the work was stopped and when the contractors accepted in lieu of all their prospective profits, including that on the undone masonry, 15 per cent on the schedule value of the work to be done.

I need not deal at greater length with this question. It is quite manifest and is dealt with in an admirably clear manner by Mr. Lash, a copy of whose opinion on the matter is on the file.

Although a special provision is made by parliament for this claim, it must be remembered that the estimate was presented by the Minister of Railways under a misapprehension, as his explanation to the House shows. See Unrevised *Hansard*, page 9422 (1900) : 'Under their contract they were to take out the old stone from the culverts, and they were to be allowed so much for taking out the stone, and they were to own the stone and were to be entitled to use it on other works after it was taken out. The canal was not unwatered, and therefore they did not get the stone out, and were not paid for taking it out ; but they had to get other stone, and they were allowed what would be a fair price for the new stone, $3.50 a yard.'

Mr. Blair manifestly thought that all the masonry had been built. Then, he was quite mistaken in supposing that the contractors had any ownership in the stone. (See the contract.) They were to have the right of using the stone in the government work only.

I notice in the correspondence a letter from Mr. Belcourt in which he speaks of my interminable objections. I wonder whether it is possible to find any person in my position with some conscience who is so amiable that he will throw away over $10,000 of the public money for fear of wounding the feelings of the claimants or their solicitors by raising an objection to such a proposal as Mr. Belcourt supported in the interests of the Gilbert Blasting Company.

I observe that Mr. Ruel, the Law Clerk of the Railway Department, in criticizing the opinion of Mr. Lash, says that 'they therefore were compelled to provide other stone for work actually performed by them and now claim the value of the stone withheld.' And further on : 'Now, the government has not provided this quantity of stone, and in order to proceed with the work the contractors provided other stone, the cost of which they defrayed themselves. They now ask to be reimbursed.'

Then, in commenting upon my remarks Mr. Ruel says : 'If 2,000 yards of this were culvert stone the contractors would receive 15 per cent only of the value of that

stone, whereas they were actually entitled under the contract and under every engineering practice, not only to the full value of the stone but to a reasonable profit thereon as well.'

To test the soundness of Mr. Ruel's position when he says that the contractor is entitled to the full value of the stone outside of the reasonable profit, let us suppose that the contracting parties are a man who owns a house which he wishes to have replaced by another, and a man whose work on it is to be confined to the masonry, the stone of the old house to be used in the new.

1st. Assume that before any work has been done the owner decides not to build. He asks the contractor to abandon any claim he may have in consideration of receiving his expected profit. The agreement is reached as to the profit. Then the contractor says, 'Now let us proceed to determine the value of the stone in the old building so that I may be paid that.' Imagine the owner's surprise. He replies, 'you never did an hour's work on the stone nor paid another a dollar in connection with it and yet you want it to be treated as yours.'

This case is too manifest to make it worth while pursuing it further.

2nd. Now let us suppose that under a similar agreement between the parties the new house was built without the owner furnishing the stone from the old house. The contractor says after receiving the amount set down in the original agreement, 'I now want to get the particular stone that you were to have furnished to me to put in the building.' It seems clear that, while the owner would have the right to refuse the supplying of the particular stone, he would be liable for the loss the contractor was put to in providing the material to take its place.

3rd. If, however, the material to be supplied directly by the owner was only part of what was required in the building, it would plainly make no difference to the contractor whether it was supplied by the owner at the beginning of the work or later, as long as there was still, when it was supplied, enough of work to be done to utilize the material to be so supplied by the owner.

4th. Then it would also plainly make no difference to the contractor if, when the first part of the work was done and when the material in the old house was necessary to keep the work going on, the owner desired to stop the work, providing the owner was willing to pay his prospective profit but not a dollar for the value of the stone. The contractor did not calculate on getting the value of the stone. He paid nothing for it, and as raw material it was clearly to be returned at the same price.

The objection is taken under subsection (*c*) of section 32 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Geological Survey: Increases of Salary in Excess of Amount authorized by the Civil Service Act.

AUDIT OFFICE, OTTAWA, August 15, 1900.

SIR,—I have not seen my way to pass the increases of more than fifty dollars each to four of your staff, as sanctioned by order in council. I still adhere so strongly to the view that your department has no wider rights than the other departments with reference to statutory increases, that I feel I must be overruled in this case, as in previous ones, before I am justified in passing the higher increases.

The larger increase of course involves the smaller and I am passing in the meantime the fifty dollar increases instead of the $100 or $150 as the case may be.

I would have informed you earlier of my view, but my time has been so fully occupied since the close of the session in dealing with difficult questions that something had to remain unattended to until the last moment.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Head and Director, Geological Survey.

GEOLOGICAL SURVEY OF CANADA, OTTAWA, August 16, 1900.

SIR,—I am in receipt of your letter of the 15th inst., covering pay-lists sent you on July 30 and August 10 from this department, in which you state your opinion that the Geological Survey Department has no wider rights than other departments with reference to statutory increases, and declining to pass higher increases than $50 to certain technical officers of this department. Permit me to point out that appointments to this class of officers are made under the provisions of the Geological Survey Act, the appointees being required to have certain special qualifications.

I would refer you to decisions of the Minister of Justice, dated June 5, 1893 ; November 12, 1894; February 21, 1895, and April 28, 1898, and Treasury Board rulings on same, from which you will see, that for several reasons the technical officers employed in this department differ widely from the general classes of clerks employed in the other departments of the service, and while they have no claim to 'statutory increases,' or in fact to any increase of salary, the Governor in Council may increase their salaries by the amounts authorized by Parliament ; that the Auditor General is not warranted by law in refusing to certify for their payment and is only called upon to assure himself that moneys voted by Parliament are sufficient to pay these salaries, and that the Governor in Council has authorized their payment.

As all the conditions required under the Justice and Treasury Board rulings, above referred to, have been complied with in the cases of the five officers from whom you withheld the July and August portions of increased pay, I fail to see on what grounds, nor does your letter of the 15th inform me, you decline passing the higher increases.

As the whole matter of increases to technical officers has already been the subject of considerable correspondence and definite decisions from the Treasury Board have been obtained upon it, I do not see that any useful purpose is to be served by entering into its discussion at length.

I am, sir, your obedient servant,

The Auditor General. GEORGE M. DAWSON.

AUDIT OFFICE, OTTAWA, September 7, 1900.

SIR,—With reference to your letter of the 16th ultimo, which I am sorry to have been obliged to leave so long unanswered, I would remind you that the Treasury Board's overruling of me in a particular case forms no precedent for what should be my future action in an apparently similar case. I am usually not furnished with the reasons which have caused the Board to overrule me, and I am therefore unable to form an opinion as to what might be the action of the Board in any other case, whether remotely or closely like one on which I have been overruled.

Then with unreasoned decisions it is quite impossible to say what might be the effect of the change of one individual in the personnel of the Board. Mr. Lash who was Deputy Minister of Justice, is, as you recollect, of my opinion on the question in difference between you and me.

You will probably wonder when in a matter of this kind a final course of action is to be found.

I trust to be able to secure next session from Parliament some direction to prevent the necessity of my declining to pass indefinitely, claims which, in my opinion, are illegal and which are similar to other claims on which I have been overruled by the Treasury Board.

I quite agree with you that in this case nothing is to be gained by you and me discussing the merits at this stage.

I am, sir, your obedient servant,

The Deputy Head, &c., Geological Survey. J. L. McDOUGALL, *A.G.*

GEOLOGICAL SURVEY, OTTAWA, September 25, 1900.

SIR,—Absence from Ottawa on field duty has prevented an earlier reply to your letter of September 7, respecting increases of salary to certain permanent technical officers of this department.

The opinions already given by the law officers of the Justice Department, supported by the Treasury Board rulings (referred to in my letter of August 16), seem to me good precedents to follow and should govern in this matter.

The opinion from Mr. Lash to which you refer, was given years after his connection with the Justice Department and in response to your letter of August 29, 1894, and referred more particularly to appointments and promotions than increases of salary to technical officers.

Mr. Lash's opinion was cited by you in the Wait case (October, 1897), but was not concurred in by the law officers of the Crown (see letter, Department Justice, April 28, 1898), nor by the Treasury Board in their ruling of June 18, 1898 in the same case.

Under these circumstances it appears desirable that I should have this matter brought before the Treasury Board for decision.

I am, sir, your obedient servant,

The Auditor General. GEORGE M. DAWSON.

AUDIT OFFICE, OTTAWA, August 27, 1894.

SIR,—I inclose herewith letters which have passed between the Geological Survey Department and this office regarding the appointment of Mr. White to that department, at a salary of $1,400, and with the rank of a first-class clerk. Please refer to the Civil Service Act (49 Vic., cap. 17), and to 53 Vic., cap. 11. Under the former Act it is contemplated that civil servants are to begin their service after having passed a qualifying examination at the minimum of the third class ($400), with $50 additional for each optional subject (not to exceed four). After serving as a third-class clerk for such period as will give him a knowledge of the duties of the department, each civil servant is permitted to go up to an examination to test his fitness for higher responsibilities. If he succeeds in this examination, but not otherwise, he may be promoted when a vacancy in the second class takes place. In a similar way promotion from the second to the first, and from the first to chief, takes place. (*See* sections 29, 39, 40, 42 and 43.)

The staff of the Geological Survey Department are under this Act, except so far as they are removed from the applications of its provisions by 53 Vic., cap. 11 above quoted. Now, it seems quite apparent that if two men enter the same department and show at entrance that they possess precisely the same legal requirements, it cannot be legal to appoint one on his entering the service to a position to which the other man can be promoted at a subsequent time only after examination. If it is otherwise, the

experience obtained in the service must be looked upon by Parliament as unfitting a man for the performance of the work on which he is engaged.

If, therefore, Mr. White may be appointed to a first-class clerkship on his entering the permanent service, all examinations as promotion requirements have been dispensed with so far as the Geological Department is concerned, by 53 Vic., cap. 11. Is this your view, i.e., have all examinations as promotion requirements in the Geological Survey Department been dispensed with ?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Z. A. Lash, Esq., Q.C., Toronto.

Toronto, August 28, 1894.

Dear Sir,—I am in receipt of your letter of the 27th inst. with inclosures, asking my opinion as to whether the Act 53 Victoria, Chap. 11, respecting the Department of Geological Survey, has the effect of dispensing with the provisions of the Civil Service Act as to examinations, &c., with respect to the Geological Survey Department.

The Geological Survey was a branch of the Department of the Interior prior to the passing of the Act 53 Victoria, Chap. 11 (1890), and the statute relating to it was Chap. 23 of the Revised Statutes of Canada. It is quite clear that the provisions of the Civil Service Act, being Chap. 17 of the Revised Statutes of Canada, applied to this branch of the Department of the Interior and to the appointment and promotion of officers and clerks in it.

The question is: Whether, by the repeal of Chap. 23 of the Revised Statutes, and the substitution therefor of Chap. 11, 53 Victoria, the provisions of the Civil Service Act have been made inapplicable with respect to the appointment of persons having special professional or technical qualifications, and referred to as 'technical officers' by sub-section 2 of section 3 of the Act 53 Victoria, Chap. 11.

The Civil Service Act declares by section 3 that the civil service, for the purposes of the Act, includes and consists of all classes of employees, elsewhere than in the North-west Territories, in or under the several departments of the executive government of Canada, included in the schedules A and B to the Act, &c.

The Act 53 Victoria, Chap. 11, creates a department of the civil service called the Geological Survey, and authorizes the Governor in Council to appoint a deputy head and such other officers, clerks and servants as are required for the proper conduct of the business of the department, all of whom shall hold office during pleasure 'and shall be appointed and classified under schedule A of the Civil Service Act, and in accordance with and under the terms of section 6 of the said Act.'

Sub-section 2 of section 3 provides that such officers of the department as are continuously engaged in the prosecution of original scientific work or investigation shall be classified as 'technical officers under class (*b*) of schedule A of the Civil Service Act.' Section 4 provides that no person shall be appointed to this department under class (*b*) of schedule A of the Civil Service Act unless he is a science graduate, &c. (setting out certain qualifications required to be possessed by persons appointed as technical officers).

The Interpretation Act, by section 7, subsection 3, declares that the law shall be considered as always speaking, and whenever any matter or thing is expressed in the present tense the same shall be applied to the circumstances as they arise, so that effect may be given to each Act and every part thereof according to its spirit, true intent and meaning. It does not, however, require a reference to the Interpretation Act to warrant the conclusion that the Civil Service Act, although passed before the Department of the Geological Survey was created, applied to that department so soon as it was created, because there is sufficient direct reference in the Act creating it to the

Civil Service Act, to show that it was the intention of Parliament that it should so apply.

The only question is whether section 4 of the Act relating to the department is so in conflict with the provisions of the Civil Service Act relating to examinations, &c., as to make those provisions inapplicable with reference to persons appointed to the department as 'technical officers.' In my opinion there is no such inconsistency, but the provisions of the Civil Service Act and of section 4 may be read side by side, section 4 being regarded as requiring some additional qualifications, in cases of technical officers, to the general qualifications called for by the Civil Service Act.

Section 10 of the Civil Service Act is clear in its language—'Except as herein otherwise provided no person shall be appointed or promoted to any place below that of a deputy head unless he has passed the requisite examination,' &c. Section 29 is equally clear—'Except as herein otherwise provided no appointment shall be made to either division of the civil service unless the person appointed has passed an examination,' &c. Section 39 is equally clear—'No promotion in either division of the civil service shall take place without special examination under regulations made by the Governor in Council,' &c.

In my opinion the provisions of the Civil Service Act apply to the Geological Survey Department as well as to the other departments of the Government, and 'technical officers' are not exempt from its provisions. I return the papers inclosed.

I am, sir, your obedient servant,

Z. A. LASH.

The Auditor General.

Geological Survey Dept., Ottawa, September 28, 1900.

Sir,—I have the honour to report that at the last session of Parliament the sum of $53,800 was voted to meet the salaries of the permanent staff of this department for 1900-1901. $41,900 of this amount provides for the salaries of 24 technical officers, classed under section 4, Geological Survey Act, Schedule A, sec. b., Civil Service Act, and also covers increases of $50 to each of seven, $100 to each of two, and $150 to each of three of these officers for the reasons duly reported to you in each case.

That on July 25 last an order in council (No. 1827) was passed authorizing the payment of all the above named increases.

On July 30, a pay-list covering the proportionate amount for that month, due the officers named thereon, was sent to the Auditor General, and on August 15, was returned by him, accompanied by a letter in which he declined to authorize the paynemt of a greater increase than $50 to any of the officers for whom larger amounts had been voted.

In October, 1894, the Auditor General took objection to the payment of larger increases than $50 voted to technical officers of this department, and on his objection being referred to the Department of Justice in November, 1894, and again in February, 1895, it was not sustained, the law officers of the Crown reiterating an opinion given in June, 1893, on a somewhat similar objection from the Auditor.

In the present case, which affects Dr. Barlow, Messrs Dowling, Senecal, Johnston and Brock, all the conditions required by the above mentioned decisions of the law officers have been complied with, and the Auditor General still holding the same objection to payment, it appears to me desirable and in the interests of this service that, with your approval, an appeal be made to the Hon. the Treasury Board against the decision of the Auditor General.

For your information I herewith inclose copies of all the correspondence bearing on this subject.

I am, sir, your obedient servant,

The Minister of the Interior. GEO. M. DAWSON.

DEPT. OF JUSTICE, OTTAWA, June 5, 1893.

DEAR SIR,—In conversation with me to-day you asked my opinion as to whether technical officers under class (*b*) of schedule A, of the Civil Service Act, employed in the Department of Geological Survey are entitled to be paid the annual increase of salary which has been voted for them in the Supply Act, in view of the fact that the Civil Service Act does not provide for any such increase.

It is my opinion that, inasmuch as the Civil Service Act does not establish the rate of salary to be paid to technical officers falling within the class mentioned, the Governor in Council may do so, and although such officers have no claim under the Civil Service Act to annual increase of salary, yet it is open for the Governor in Council to increase their salaries by the amount authorized by Parliament.

Yours truly,

The Deputy Head, Geological Survey. E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, November 12, 1894.

MY DEAR SIR,—I return herewith Dr. Dawson's memorandum relating to the salaries of the technical officers of the Geological Survey Department and the withholding by the Auditor General of the intended increase of $100 for the present year.

The moneys necessary for the payment of the increased salaries having been voted by Parliament and the Governor in Council having authorized the payment of such salaries, I am of opinion that these officers are entitled to receive the same, and that the Auditor General is not warranted by the law in refusing to certify for their payment. The Auditor General, as appears from his letter to Dr. Dawson of the 13th ultimo, treats these increases as statutory increases, and, if they were so, his view as expressed in the letter would no doubt be correct. But in my letter to Dr. Selwyn of June 5 last, a copy of which is annexted to Dr. Dawson's memorandum, I have stated my opinion to be that these technical officers have no claim to the ordinary statutory increase, and that the Governor in Council may increase their salaries by the amount voted by Parliament, and I see no reason to depart from or vary that opinion.

I think that the Auditor General is called upon only to assure himself that the moneys voted by Parliament are sufficient to pay these salaries and that the Governor in Council has authorized their payment, and if he is satisfied as to these two points, he should not, in my opinion, withhold his certificate for the full increases of one hundred dollars each.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, February 21, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st inst.—T 19108 B—and of the papers inclosed therewith, relating to the application of the Minister of the Interior to the Treasury Board against the ruling of the Auditor General in the matter of the payment of the increases of salary to the technical officers of the Geological Survey Department.

I have shown these papers to the Minister of Justice, and he directs me to state that he concurs in the opinion expressed in my letter to Mr. Daly of November 12 last.

With regard to the several positions taken by the Auditor General in his letter of the 18th instant, the Minister bids me say that, in his opinion, there is nothing in schedule A to the Civil Service Act, or elsewhere in the Act which warrants the inter-

pretation placed by the Auditor upon paragraph (*b*) of schedule A. The Minister sees no reason why officers of the class indicated in that paragraph should necessarily be of a rank between that of a deputy head and a chief clerk.

I do not think, as the Auditor seems to suppose, nor does the Minister of Justice think, that all appointments under section 37 of the Civil Service Act are to be to this class. The section may be availed of to appoint to any office or employment in which a vacancy occurs under the rank of deputy head, and whether the office to be filled be one coming within paragraph (*b*) of schedule A, or a first, second or third class clerkship. Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Finance. E. L. NEWCOMBE, *D.M.J.*

GEOLOGICAL SURVEY DEPT., OTTAWA, October 10, 1900.

SIR,—I have the honour, by direction of the Acting Minister of the Interior, to transmit the accompanying file of papers in reference to the payment of increases of salary voted by Parliament last session for certain technical officers of this department, and to ask that this matter be brought before the Board at the earliest opportunity for their decision.

I am, sir, your obedient servant,

The Secretary, Treasury Board. GEORGE M. DAWSON.

TREASURY BOARD, OTTAWA, October 11, 1900.

SIR,—I have the honour to inclose herewith Treasury Board file No. 26817, being letter dated the 10th instant from the Director of the Geological Survey, with inclosures, in reference to the payment of the increases of salary of certain technical officers of that department under order in council of July 25 last.

As the matter has been referred to the Treasury Board for decision, I shall be glad if you will kindly let me know, for the information of the Board, the objections you have made in regard to the authorization of these increases, and the grounds of such objections, and the section and clause of the Audit Act under which the objections are made.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *S.T.B.*

SUNDRY TREASURY BOARD CORRESPONDENCE.

Treasury Board Procedure.

DEPT. OF FINANCE, OTTAWA, June 12, 1900.

SIR,—A meeting of the Treasury Board has been summoned for this evening at six o'clock, and it is probable that meetings will be held daily for the remainder of the week. I should be glad to receive answers to the references referred to in my letter to you of the 31st ult., in order that matters involved may be taken up and disposed of by the Board.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, June 23, 1900.

SIR,—In connection with the Treasury Board business so far as reports from me are concerned, I now find, in considering replies to the various cases, that there appears to be some hope of placing before the Board in a general letter a manner of dealing with the questions which would be satisfactory to all. Such a result would be an agreeable change from the present method which, while most discouraging to me, must be considered imperfect by the members of the Board and yourself.

I am engaged in preparing the letter and shall send it to you as soon as the many matters required to be disposed of from day to day will permit.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 14, 1900.

DEAR MR. FIELDING,—I have your letter of yesterday about the appeals to the Treasury Board against my decisions. As you say, some of them have been before me for a considerable time. Let me give you the reasons. I have been endeavouring in the shore times at long intervals, which I could snatch from the regular work of the office, to suggest a change in the Treasury Board's method of dealing with the Audit Office work.

You will recollect that Sir L. H. Davies, a member of the Treasury Board, said at a meeting of the Public Accounts Committee that I was overruled by the Minister of Justice. Now, if Sir Louis did not know that the Treasury Board had anything more to do with the financial affairs of the Dominion than to register the decrees of the Department of Justice, other members of the Board were likely in the same condition. The reports which I am required in all appeals to make to the Board were evidently never looked at. I need not go into an elaborate proof of the fact that when there is an appeal from my decision, the moment the Board learns from the Department of Justice that there is not, in its opinion, any legal objection to the payment which I have declined to sanction, no matter what I may urge in the public interest against making the payment, no attention is paid to my remarks. I am overruled without consideration. This is manifest from the letter of the secretary of the Treasury Board to me : 'June 18, 1900.—I am endeavouring, after six, to get the Board to meet daily

to get rid of arrears, and with some success.' It is a sanguine man who looks for much careful consideration of opposing views on important subjects on the part of men who work all day, and nearly all night, especially when the consideration is to be given at the time borrowed from the short time set aside for a hasty dinner. Evidently if the secretary agrees with the views of the Board in the course to which I am objecting, notwithstanding the time which he has been in the position, and although he ought to appreciate its high functions, he has no adequate view of what the Board was expected to do in this respect.

Now, you will recollect that the opinion of the Department of Justice is that the Government may pay any price for services or materials, whether provided under contract or not, the only restriction to the power of the Government being that there is a parliamentary appropriation. If, therefore, the practice hitherto followed at the Board is persisted in, all that a claimant will require to get what public money it may be convenient for him to have, will be to induce a member of the Board to take up his case. What a pleasant prospect to any one who is connected with the country's finances, while everything else about Canada and Canadians is glorious.

You may answer me as the Minister of Justice once did. He said : 'I inform the Board what I think it has the power to do, but there is no obligation on it to do what it has the power to do but which it would not be prudent to do.' This it might have done, but as I said above, it did not do.

Let us see what the Board has done. It has established the principle that an arrangement may be regularly entered into between the Government and employee, that he is to get a certain salary for a year. He is pleased to take the salary and occupation, gets his salary each month until the end of the year. He then makes a claim to be paid a higher salary for the period of his service, gets the additional claim, and may come as often as he likes for more.

Mr. Courtney will remember informing me, a short time ago, that of three decisions then recently made, one was in my favour. By the way, the decision in that case has not yet reached me.

The appeal which was refused was made by the Postmaster General on an arrangement made by that Minister and the Minister of the Interior, that postage on immigration literature sent through the Department of the Interior should be remitted.

The Treasury Board, as usual, decided on the opinion of the Department of Justice, which was, as I supposed, that the Postmaster General had not the power to make the arrangement.

The first opinion of the Department of Justice given to the Board was, that the Postmaster General had the power to remit the postage, but subsequently the opinion was changed. One naturally asks, would the action of the Board have followed the opinion of the Department of Justice in the first case, notwithstanding the argument of this office, which, I presume, was the same as that which influenced the Department of Justice on looking at the question a second time.

Please notice that I make no reflection on the Department of Justice for having changed its mind. Quite the contrary. My argument is that the reports which are under the Audit Act brought before you, should receive equally careful examination. While the technical knowledge of the lawyer is of great assistance, lengthened experience in any line of life cannot safely be despised when one of its branches is under consideration.

You reasonably ask me how are we to get rid of these difficulties and objections. Most simply. In a much more satisfactory way to the Board and to all those directly affected by the appeals. I need not go over the proof that a member of the Board, when he happens to be the applicant for an overruling of the Auditor's decision, is generally prejudiced in favour of overruling, and that he has an effect in the same direction on

his colleagues at the Board, and that therefore, the tribunal is not a good one. To such an extent is the member of the Board who brings the appeal affected by his desire to succeed that, when the Board is obliged under the Audit Act, by the opinion of the Department of Justice, to refuse the appeal, the Board does not promulgate the result of the appeal, presumably because the appellant strongly objects.

I have not yet heard the result of these appeals.

1. Marine: Temporary clerks appointed without examination, contrary to statute.
2. Dominion steamers: Revenue used to meet expenditure.
3. Postage stamps furnished Immigration Branch of Interior Department.

What is wanted is to establish general rules, a rule with reference to each class of cases, when the special interest of no individual is present to the members of the Board to bias their views. After the making of such rules there would be one rule for all who are situated alike. You do not require to know the person who is to be affected by a decision before giving it, whether you are dealing with the case as a member of the Government, or in any other capacity, providing you have all the facts.

I know how difficult it is for the members of the Board to give to the appeals the care which they need, to carry out the spirit of the Audit Act. Every case has to be fully considered from the beginning, the facts to be mastered, the law to be cleared up, prejudice to be put aside. The members of the Government are the busiest men about the buildings and necessarily know the least about details. In many similar places the permanent official is the person on whom reliance is usually had. Not being familiar with the internal working of the Board, I do not know how far Mr. Courtney's tastes and information fit him for this work, but it is quite plain when he is so much more engaged in other governmental work than this, it is his fitness for that which counts largely in his general usefulness. I am, therefore, unable to suggest that you, he and I might prepare the draft of the general regulations for the Board, but I shall be glad to assist in that or any other way that may appear to the Board to be desirable. Let the Board now consider the general questions and ask Parliament to give its views the force of law, as is done in the United States. There would be no room for further difference of opinion. If we make general rules without the sanction by parliament, we still get into difficulty. Whenever an order in council contravening such general order in council might happen to slip through council without being noticed we should be told by the Department of Justice as at present constituted that a general order in council may always be amended by a particular order in council without naming the general order in council—that is, virtually that the Governor in Council cannot pass a general order in council of any more binding effect than any other order in council.

Sir John Thompson took a different view, but that does not help matters now.

An official calls to see me about the rule which should govern him in any particular claim. I ought to be able to give a reliable answer. I have studied the statutes and precedents. All I can tell him, however, is that the practice hitherto followed is so and so, that there is a general order perhaps to that effect, but that if the matter should come before the Treasury Board it will give all that the law, as interpreted by the Department of Justice, will say is permissible, and the Department of Justice will say that anything may be done if there is an available appropriation.

I find that at the moment I have not time to classify the overrulings under the general principles to which they belong, as referred to on page 3, but I hope to be able to do so shortly and perhaps to deal with the whole question in some other respects.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Hon. W. S. FIELDING,
Minister of Finance.

Ottawa Improvement Commission—Audit of Expenditure.

NOTE.—For other correspondence on this subject see pages G—33 to G—36.

J. L. McD.

TREASURY BOARD, OTTAWA, February 17, 1900.

SIR,—I have the honour to inclose herewith T. B. reference No. 25797 in regard to your objections to passing an application for the isue of a cheque of $45,000 in favour of the Ontario Bank for the credit of the Ottawa Improvement Commission, and I shall be glad to be advised for the information of the Treasury Board as to what your objections are to the issue of the cheque in question, and also the grounds for such objections, as well as the section and clause of the Audit Act upon which such objections are founded.

I shall also be glad to have any remarks you may wish to make regarding the matter. As the matter is pressing kindly let me hear from you at your earliest convenience.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secy. T. Bd.*

AUDIT OFFICE, OTTAWA, February 26, 1900.

SIR,—I return herewith the appeal to the Treasury Board to overrule my decision with reference to the application to pay the Ottawa Improvement Commission the sum of $45,000.

I have seen the chairman and secretary, and the commission has passed a minute adopting the suggestions which I made as to the keeping of its accounts and has also authorized the Ontario Bank to furnish a statement of cheques drawn, and to permit the Audit Office to inspect the bank account whenever it may be desired. I am passing the application.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

GENERAL CORRESPONDENCE.

South Shore Railway Bridge at Sorel : Evidence as to amount stated as Cost in application for Subsidy.

I, the undersigned, Joseph Misael Fortier, tobacco manufacturer, of Montreal, one of the members of the Tourville Syndicate and one of the directors of the South Shore Railway Company do solemnly declare :

That to my personal knowledge the sum of five thousand dollars ($5,000) was paid out and expended of the funds of the South Shore Railway Company to Hyacinthe Beauchemin, of Sorel, according to an agreement with him to superintend the works of trestle, pile-driving, filling in rest piers, &c., all works connected with the construction of the Richelieu River Bridge at Sorel, except the work of the bridge itself, which was given out by contract, and also for the purchase of timber, boulders, sand, &c., which were required to carry out these works to the satisfaction of the company, being item two hundred and sixty (260) of the detailed statement of the amount expended for the construction of said bridge, and I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect and as if made under oath and by virtue of the Canada Evidence Act, 1893.

Declared before me at Montreal, this ninth day of December, eighteen hundred and ninety-nine. } J. M. FORTIER.

C. RATTIE, Esq., *N.P.*

Province of Quebec,
District of Richelieu.

I, Edouard C. Lalonde, secretary-treasurer and auditor of the South Shore Railway Company, of the town of Sorel, in the district of Richelieu, do solemnly declare :

That I know as secretary and auditor of the company aforesaid, that item seventy (70—) of the detailed statement of the amount expended for the construction of the bridge over the Richelieu River at Sorel, which reads as follows : 'To purchase of land and river ground belonging to the Richelieu and Ontario Navigation Company, and required for the construction of the bridge, it being cadastral number seventy-three (No. 73) of the parish of St-Pierre de Sorel, of the approximate value of two thousand dollars (2,000),' is correct, and that the transaction has not been completed owing to certain irregularities to be corrected in title deeds, so that the voucher cannot now be produced.

I know also that besides the question of details there is yet another question to be settled between the South Shore Railway Company and the aforesaid Richelieu and Ontario Navigation Company, about reserves which the said last company desires to have, but it is also to my knowledge that the said company is in possession of the said land, it being partly occupied for the purposes of the bridge above mentioned, and that it was necessary to secure this piece of property in order to construct the bridge.

I moreover solemnly declare that as secretary-treasurer and auditor of the said South Shore Railway Company, I was present at the examination of the books of the said company, by Joseph Perrault, architect, of the city of Montreal, and that said examination and report are true.

And I make this solemn declaration conscientiously believing same to be true and knowing that it is of the same force and effect as if made under oath by virtue of the Canada Evidence Act, 1893.

EDWARD C. LALONDE.

Declared before me, at Sorel, this ninth day of December, eighteen hundred and ninety-nine.

A. GUÉNEMENT, *N.P.*

Province of Quebec,
District of Montreal.

I, Joseph Perrault, architect, of the city of Montreal, do solemnly declare, that, on the 19th, 21st and 22nd days of November last, I did visit and examine the bridge over the Richelieu River at Sorel, and trestle work east and west of same and the abut rest piers north and south of said bridge, and that after long searches in the books, papers and receipts of the South Shore Railway Company, in their offices at Sorel, I have extracted all vouchers, relating to the amount expended for the construction of said bridge, and with the plans of said works and measurements taken, I have on the 23rd, 24th, 25th, 27th, 28th and 29th days of November last made all detailed statements and quantities of the materials and workmanship with the current mercantile value of same, and that said quantities and mercantile values are correct, and I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

JOSEPH PERREAULT,
Architect.

Declared before me, at Montreal, this seventh day of December, one thousand eight hundred and ninety-nine.

WM. F. LIGHTHALL, *J.P.*
District of Montreal.

Province of Quebec,
District of Montreal.

I, Simon Lesage, civil engineer and architect, of the city of Montreal, do solemnly declare, that I have examined and verified the detailed statements and quantities of the materials and workmanship in the construction of the bridge over the Richelieu River at Sorel and trestle work east and west of same and the rest piers north and south of said bridge, and mentioned in the detailed statements of the amount expended by the South Shore Railway for the construction of the bridge over the Richelieu River, at Sorel, which statement bears date November 29, 1899, and that said detailed statements and quantities are correct and that the mercantile value of said materials and workmanship mentioned in said statement are the correct value of the market for such materials and workmanship, and I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

SIMON LESAGE,
Civil Engineer and Architect.

Declared before me, at Montreal, this twelfth day of December, one thousand eight hundred and ninety-nine.

WM. F. LIGHTHALL, *J.P.*,
District of Montreal.

Province of Quebec,
District of Montreal.

I, Joseph Perrault, architect, of the city of Montreal, do solemnly further declare, that on the 19th, 21st, and 22nd days of November last (1899), I did examine the books and vouchers in the possession of the South Shore Railway Company at Sorel, and relating to the amount expended for the construction of the bridge over the Richelieu River, and I found that it was very difficult to ascertain the actual amount expended for said construction, as some items in said books and vouchers were for both the construction of the bridge and railway in general, and that, in taking as basis for the amount expended, the various amounts charged in said books and vouchers, I might have charged as amount expended for the construction of the bridge, items belonging to other constructions, or omitted some items, and I thought advisable to take only such vouchers that were clearly relating to the construction of said bridge, and for all the other works take the necessary measurements and make the calculations and valuation of same, as usually done in bridge work, and I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

JOSEPH PERRAULT,
Architect.

Declared before me, at Montreal, this fourth day of January, 1900.

WM. F. LIGHTHALL, *N.P.*,
District of Montreal.

Province of Quebec,
District of Montreal.

I, Edouard C. Lalonde, secretary-treasurer and auditor of the South Shore Railway Company, of the town of Sorel, in the district of Richelieu, do solemnly declare:—

That I know, as secretary and auditor of the company aforesaid, the various items mentioned in the statement of the amounts expended for the construction of the bridge over the Richelieu River at Sorel, and that in the total of $243,148.52, there is $217,783.73 for the bridge over the Richelieu River, and $25,374.79 for works east and west of said bridge and consequent of the construction of the bridge over the river and which constitute the approaches to same, and are part of the bridge.

And I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

ED. C. LALONDE,
Secretary and Auditor.

Declared before me, at Montreal, this fourth day of January, 1900.

WM. F. LIGHTHALL, *J.P.*,
District of Montreal.

Province of Quebec,
District of Montreal.

I, Edouard C. Lalonde, secretary-treasurer and auditor of the South Shore Railway Company, of the town of Sorel, in the district of Richelieu, do solemnly declare:—

That I know, as secretary and auditor of the company aforesaid, the various items mentioned in the statement of the amounts expended for the construction of the bridge over the Richelieu River at Sorel, and that item No. 11 in said statement and being for expenses and disbursements in connection with the expropriation of lands, fees of

arbitrators, and of advocates, witnesses, &c., and notarial deeds, &c., to the amount of $500 is the true amount expended in connection with the construction of the bridge over the Richelieu River.

And I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

ED. C. LALONDE,
Secretary and Auditor.

Declared before me, at Montreal, this fourth day of January, 1900.

WM. F. LIGHTHALL, *J.P.*,
District of Montreal.

DEPT. RAILWAYS AND CANALS, OTTAWA, January 5, 1900.

SIR,—I have the honour to report that, in accordance with your instructions, I have examined the books and vouchers of the South Shore Railway Company, in order to ascertain the cost of their bridge over the Richelieu River.

The detailed statement prepared by the company shows the cost to be $243,148.52, this sum including $25,374.79 as being the estimated cost of the works east and west of the bridge, and which constitute the approaches of the same, leaving a balance for construction alone of $217,783.73. This statement has been sworn to by Mr. E. C. Lalonde, secretary and auditor of the company.

I have examined and verified vouchers which are clearly for bridge construction, as follows :—

1	25 00
2	2 00
3	175 00
4	315 00
5	475 00
12	71 00
13	275 00
14	4 99
17	4 50
18	288 13
19	9 52
20	149,750 00
Total	151,395 14

I have omitted from the above the following items, which do not appear to me to be clearly for bridge construction :—

6—To purchase of land, &c	$ 4,500 00
7— " "	2,000 00
8— " "	125 00
9— " "	23 73
10— " "	293 00
11—Expenses and disbursements in connection with expenditures, &c	500 00
25—Two No. 5 semaphores, &c	150 00
26—To superintendence of all works, except for superstructure, &c	5,000 00
	12,591 73

The value of works represented by an amount of $53,796.86, as charged in their statement, for which no vouchers were produced, has been estimated by Mr. J. Perreault, who has made detailed statements of measurements and quantities of the materials and workmanship, with the current mercantile value of the same; and such statement being annexed to the statement of expenditure might be verified by an engineer of the department.

The total cost of the bridge, as per vouchers which appear to be properly chargeable to the construction, is, as hereinbefore stated, $151,395.14. If the estimated cost of the substructure, as furnished by the company, is approved of by the engineering officers of the department, viz., $53,796.86, then the cost of the bridge, &c, would be $205,192.

I inclose a sworn declaration from Mr. Joseph Perreault, with further reference to the above calculations, and two declarations from Mr. E. C. Lalonde, with reference to the total expenditure, and to an item of $500 (No. 11) respectively.

I am, sir, your obedient servant,

The Chief Engineer, Dept. of Railways and Canals. J. GLEASON.

Order in Council, January 16, 1900.—On a memo. dated January 6, 1900, from the Minister of Railways and Canals, representing that under date the 6th January, 1900, the Chief Engineer of the Department of Railways and Canals has furnished a report showing the completion of the bridge over the River Richelieu at Sorel on the line of the South Shore Railway, towards the construction of which a subsidy of 15 per cent 'upon the amount expended thereon,' not exceeding $35,000, was authorized by the Subsidy Act of 1899, Chap. 7, a contract having been duly entered into with the company for this work.

The Minister further represents that an examination has been made of the books and accounts of the company, with a view to ascertain the cost of the said bridge, claimed by the company to amount to $243,148.52. Of this amount, however, the sum of $25,374.79 applies to expenditure upon the approaches, and this has been admitted by the company, reducing the amount applicable to the bridge proper to $217,773.73. From this, however, should be deducted certain sums expended for the purchase of land, &c., and the cost of the bridge is set down by the officer of the Department of Railways and Canals who examined the vouchers, at $205,192, to this the Chief Engineer states that he considers it right to add a charge of $5,000 for superintendence which has been deducted by the said officer, thus making the total cost $210,192. Of this amount the subsidy of 15 per cent aggregates $31,528.80, which sum the Chief Engineer states appears to have been earned. He adds that the vouchers of expenditure produced and certificates of the company's engineer have been sworn to as correct by the persons giving them.

The Minister recommends that authority be given for payment to the company of the said sum of $31,528.80.

The Committee advise that the requisite authority be granted.

J. J. McGEE, *C.P.C.*

Audit Office, Ottawa, January 18, 1900.

Sir,—With reference to your application to pay the South Shore Railway Company $31,528.80 as subsidy for the bridge over the River Richelieu at Sorel, I beg to remark that the examination of Mr. Gleason, of your Accountant's Branch, does not indicate that he has satisfied himself that the sums which appear in the statement furnished to you by the company as the cost of the various parts of the bridge are either what were actually paid by the company or what were entered in their books

at the time the expenditure was going on. The absence of this information is a most serious defect and must be explained. If the defect is not fully supplied, whatever part of it can be supplied must be.

It does seem extraordinary that an expenditure of such magnitude and made by a railway company, would have been made without a bank account being kept and cheques issued for almost every separate payment. If cheques exist, there is nothing more satisfactory than the furnishing of them, because nothing can be more convincing than a cheque payable to the order of the creditor, since it shows by the endorsation that the money actually passed to him.

To show the advantage from the production of the cheques, I now observe that the superstructure is put down at $149,750, and was supplied by the Dominion Bridge Company. That company was no doubt paid in large sums by cheque or by some negotiable instrument, the existence of which would account for three-fourths of the amount said to have been expended on the bridge. This would probably be quite satisfactory so far as the cost of that part was concerned, and if so, would limit our investigations to the remaining fifty thousand odd, this balance being to a great extent composed of the cost of piles and square timber, the placing of them, the concrete and the masonry.

Mr. Beauchemin, if he were communicated with, on seeing what your department and this office require, might be able to supply the needed information at once.

I should be glad to see now a statement from your expert officer on this particular branch of work—probably Mr. Douglas—as to the value of the several parts of the bridge as it exists, basing the calculation on what those parts were worth at the time they were put in place.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 20, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 18th instant, relative to the application made to you by this department for the issue of a cheque in favour of the South Shore Railway Company for the sum of $31,528.80, being the amount of subsidy in respect of the bridge erected by them over the River Richelieu at Sorel.

In my previous letter to you I think the case was fully stated. Mr. Gleason, of this department, examined the vouchers, amounting to $151,395.14, and, further, obtained an affidavit from the company's auditor, testifying to the correctness of that amount as having been expended on the bridge. This covers the greater portion of the amount of the said application ; and the balance is based on an estimate of cost made and sworn to by Mr. Joseph Perrault, C.E., and also sworn to by Mr. E. C. Lalonde. This is the best, and, indeed, only evidence I was able to procure.

Permit me to suggest that, as Auditor General, powers are vested in you for examination into matters of this nature greatly in excess of any possessed by the department, and that their exercise in the present instance might be means of enabling you to arrive at a proper solution of the difficulties you experience in dealing with the case.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

Montreal, January 27, 1900.—Mr. Beauchemin was asked by me 'How much did you pay the Dominion Bridge Company for iron of the superstructure ?

Mr. Beauchemin answered, 'I refuse to say as it is my personal affair and it would be giving to the public information as to the profits I made out of the contract ; and as a contractor I refuse.'

F. HAYTER.

He adds : 'I have no objection to tell what the bridge has cost to the South Shore Railway Company.'—F.H.

OTTAWA, February 14, 1900.

SIR,—In accordance with your instructions I have examined the bridge built by the South Shore Railway Company across the Richelieu River at Sorel, in order to make an estimate of its propable cost and beg to report as follows :—

The estimate which I inclose is based on the plans of the substructure made by Mr. J. M. McCarthy, C.E., and the plans of the superstructure made by the Dominion Bridge Company. These plans I have verified as far as possible by measurements of the structure. Mr. McCarthy's plans are, general plan, dated August, 1895 ; masonry plan, dated December 14, 1895, and foundations and rest piers plan, dated January 3, 1896.

In estimating the cost of foundations I have included the caissons with the concrete measurement at an average price which, in my opinion, is ample to cover both classes of work. I have also made a detailed estimate of the quantities of timber, iron and concrete in these caissons, to check this average price, and can furnish you with these details. In estimating the piling as shown on the plans, I have taken the number of piles shown on the plans, and adopted the lineal measurement claims by the company as there are no other means of obtaining definite information available.

The rest piers, I have estimated at a price per cubic yard for the total contents of the piers, sufficient to include the cost of the timber, stone filling and iron. I have also made detailed estimates of the quantities of timber, stone and iron in these piers, which I can furnish you with.

The riprap or stone filling around piers, is a quantity which would be very difficult to arrive at, definitely now. I cannot, however, very well understand how there could be likely to be any greater quantity than I have estimated which is the quantity claimed by the company. The price given for riprap in my estimate, though larger than usual, I have adopted, as I understand from the inquiries I made, and the most reliable information that could be obtained at Sorel, that there is difficulty in obtaining suitable stone, and that under the circumstances it is fair price.

The prices for superstructure are ample to cover the cost of the material, and erection of the completed spans. I am of the opinion that all the prices I have adopted, are fair and liberal, and that a contractor with a knowledge of this class of work could at these prices make a good profit.

The local conditions are such, that all the material required could be obtained reasonably, and without difficulty.

I send with this two photographs of the bridge which may be useful to show its position and its class as a structure.

I am, sir, your obedient servant,

The Auditor General. CHARLES H. KEEFER, *C.E.*

OTTAWA, February 14, 1900.

Estimate of cost of the Sorel Bridge, crossing the Richelieu River on the South Shore Railway.

Substructure.

(1.) First-class bridge masonry, 1,535 cubic yards at $15		$ 23,025 00
(2.) Concrete in foundations, including timber and iron in caissons, 1,425 cubic yards at $10		14,250 00
(3.) Timber in foundations, 75,000 feet B.M. at $40		3,000 00
(4.) Piling in foundations of piers, and rest piers, 21,600 lineal ft at 50c.		10,800 00
(5.) Rest piers, total quantity, including timber, stone filling, and iron, 1,800 cubic yards at $3		5,400 00
(6.) Riprap around river piers, pivot pier and rest piers, 5,899 cubic yards at $2.50		14,747 50
(7.) Earth excavation in foundations, 500 cubic yards at 50c		250 00
		$ 71,472 50

Superstructure.

2 fixed spans, 114 c. to c. each	$12,000 00	
1 draw span, 238 c. to c. each	19,000 00	
		31,000 00
		$102,472 50
Add for engineering superintendence and contingencies		10,000 00
Total		$112,472 50

CHARLES H. KEEFER, *C.E.*

AUDIT OFFICE, OTTAWA, February 14, 1900.

SIR,—In further discussion of your application No. 327 for $31,528.80 in favour of the South Shore Railway Company, being a subsidy of 15 per cent on $210,192, the claimed cost of their bridge at Sorel:

The account for $210,192 is made up as follows:—

Work by company, in piling, rest piers and boulders	$ 53,796 86
Contract between company and its president, Mr. Beauchemin, for concrete, masonry, and iron-work	149,750 00
Sundry charges	6,645 14
	$210,192 00

My attention was arrested by the peculiar facts, that the company had entered into a contract with its own president, and that no specification could be had. Further, since the contract was made without calling for tenders, there was absolutely no evidence that the price was connected in any way with the value of the work. Nor was there any indication that the $53,796.86 was based on the prices actually paid by the company.

As the Railway Department does not appear to have made a valuation of the bridge, I have had this done by Mr. Chas. H. Keefer, of Ottawa, a member of the Canadian Society of Civil Engineers, who was recommended to me as one of the most competent persons available. Mr. Keefer visited Sorel, January 25-26, accompanied by Mr. Hayter, as a commissioner under sec. 57 of the Audit Act. After inspecting and

measuring the bridge, and interviewing the company's officials, Mr. Keefer now reports the whole work to be worth some $112,472.50, instead of $210,192.

My instructions were,—that good prices were to be allowed, and that all cases of doubt were to be decided in favour of the contractor. A copy of Mr. Keefer's report is inclosed, that you may see how far these instructions have been observed. It may be that some of the allowances are higher than you care to pass.

The application for $31,528.80 is returned to you herewith. A new application for 15 per cent of $112,472.50, making $16,870.87 (or whatever less sum you may fix), will be recognized by this office, without prejudice to any subsequent readjustment. The company's agent is anxious for an early payment on account of as large an amount as possible.

Let me call your attention to the last section of my Report for 1898-99, where I state that our experience has been unfavourable to the method of basing subsidies on the cost of the works.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Depy. Minister of Rys. and Canals.

DEPT. RAILWAYS AND CANALS, OTTAWA, February 21, 1900.

SIR,—I am in receipt of your communication of the 14th instant, upon the subject of the subsidy granted, under the authority given by Parliament by the Act 62-63 Vic., chap. 7, towards the construction of a bridge over the River Richelieu at Sorel.

I note your statement that this department does not appear to have made a valuation of the bridge ; this is correct ; the reason being that the Subsidy Act authorizes payment for this work to the extent of '15 per cent upon the amount expended thereon, not exceeding $35,000,' and the law officer of the department advised me that under its terms an estimated valuation on my part was uncalled for, and useless for purposes of payment.

The department accordingly aimed at ascertaining what the expenditure upon the bridge had been, and, for this purpose, one of the officers of the Acountant's Branch was sent down to the office of the South Shore Railway Company, with whom the contract had been made for the construction of this bridge, to examine their books, accounts and vouchers. He made such examination, and reported. The correctness of the acounts, &c., was sworn to as being the expenditure by their auditor, Mr. Edward C. Lalonde, and their engineer, Mr. J. Perreault. I informed the company that their statement was not satisfactory to me, and that the amount stated to have been expended appeared excessive. Mr. Beauchemin, their president, and Mr. Prefontaine, acting for them, stated to me that it represented all the information they had or could get, and that it was a correct statement of the cost of the structure; further, that, however large the amount migh appear to me to be, I could not, if it were the actual expenditure on the bridge, take exception to it.

Under these circumstances, I have sent in an application to you for the issue of a cheque in accordance with the said statement ; and in so doing, it appears to me, if the wording of the Subsidy Act is to govern, that I have done all that I can do in the matter.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, February 22, 1900.

SIR,—In further discussion of the subsidy to the Sorel railway bridge, I would like to affix what you consider reasonable rates to the quantities given below, for work similar to this bridge :

1. First-class bridge masonry, 1,535 c. y.
2. Concrete in foundations, including timber and iron in caissons, 1,425 c. y.
3. Timber in foundations, 75,000 ft. B.M.
4. Piling in foundations of piers and rest-piers, 21,600 l. ft.
5. Rest-piers, total quantity including timber, stone filling and iron, 1,800 c. y.
6. Riprap around river-piers, pivot-pier and rest-piers, 5,899 c. y.
7. Earth excavation in foundations, 500 c. y.

Please let me have these figures at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February 26, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 22nd instant, asking, in connection with the subsidy granted to the South Shore Railway Company in aid of the construction of the bridge erected by that company across the River Richelieu at Sorel, that the department affix what it considers reasonable rates to the quantities given in your letter.

In reply, I inclose herewith a copy of the said quantities, to which I have applied what I consider fair and liberal prices, as desired by you.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M.*

The Auditor General.

Estimate of value of the work of construction of the Richelieu bridge on the South Shore Railway, based on quantities given by the Auditor General:

First-class masonry, 1,535 cubic yards at.....	$13 00	$19,955 00
Concrete in foundations, 1,425 cubic yards at..	8 75	12,468 75
Timber in foundations, 75,000 feet B.M., at..	30 00	2,250 00
Piling in foundations, 21,600 lineal feet at....	0 35	7,560 00
Rest piers, stone, timber and iron, 1,800 cubic yards....	1 75	3,150 00
Riprap around piers, 5,899 cubic yards..	2 00	11,798 00
Earth excavation in foundation, 500 cubic yds. at	0 50	250 00
		$57,431 75

Superstructure:

One swing span, 240 feet, weight 329,000 pounds, at....	0 05½	$18,095	
Two fixed spans, 117 feet, weight 215,000 pounds, at....	0 05	10,750	
Floor system....		1,895	
			30,740 00
			$88,171 75
Superintendence engineering and contingencies....			10,000 00
			$98,171 75

COLLINGWOOD SCHREIBER.

Ottawa, February 26, 1900.

AUDIT OFFICE, OTTAWA, March 12, 1900.

SIR,—Let me acknowledge receipt of your letter of the 20th ultimo in further discussion of the subsidy of the South Shore Railway bridge at Sorel.

Your second paragraph is:—

'I note your statement that this department does not appear to have made a valuation of the bridge. This is correct, the reason being that the Subsidy Act authorized payment for this work to the extent of "15 per cent *upon the amount expended thereon* not exceeding $35,000," and the law officer of the department advised me that under its terms an estimated valuation on my part was uncalled for, and useless for purposes of payment.'

Probably your law clerk supposed that you had only to deal with extravagance in the accounts of the cost of the Sorel bridge as furnished by the company, but you surely had a right to suspect fraud as I did. I was glad that in the discharge of my duty it was not necessary to fix the fraud on any particular person. If you ask me why I suspected fraud I tell you that it was mainly for three reasons :

1. The piles, which formed a considerable portion of the account, were charged at $1 a foot, a remarkably round figure.

2. The only voucher to substantiate three-fourths of the whole account was a simple receipt from the president of the company, who was also the contractor. No evidence was given that tenders had been called for or that even an estimate had been made by the company's engineer to guide the letting of the contract.

3. When actual cost of anything was requested by me, I was told that no regular accounts were kept and that there were no bank cheques even.

I cannot understand why you were not affected by these reasons, and why it did not occur to you to explain your suspicions to the Minister, who is a lawyer, as well as to the law clerk. Either of them could not have failed to tell you that if you suspected fraud you were not bound to be governed by the statement of account presented.

To meet such a case when it may arise in the future, as it is certain to do soon and often, I wish that you would put this part of your duty, as I view it, before the Minister and the law clerk without delay, and let me know the result.

In this matter I was able to prevent the success of an attempt to defraud the country, but in ordinary cases I have small means of doing so, compared with the power that is in your hands. You have the knowledge of the value of all parts of a bridge, and you can work out all the quantities from the plans. Then, you have a staff of assistants to do this work for you, if you have not the time to do it yourself. If your calculations produce a sum which differs to any considerable extent from the amount on which the claim of the company is based, you are almost as certain that the accounts are unreliable, as you would be if the material charged for were flour at a rate much beyond the market price. What was put down as having cost in this case $149,750 you found to be worth $63,413, or what was worth $423 was charged at $1,000. Would the manager of a private business feel that he could justify himself to his principal in paying $1,000 for 100 barrels of flour because the furnisher of the flour stated that $1,000 was the cost, when flour was selling at the time in the open market at $4.23 per barrel ? The charges of reputable contractors for like work under similar circumstances are the only standards to be used when those who are claiming a fulfilment of a government promise of subsidy have of their own accord deprived themselves of the means provided for determining the amount of the subsidy.

It is our duty to work out, with as little loss to the country as possible, this very unsatisfactory parliamentary regulation for paying subsidies, and I trust that you will see your way to apply the test of value whenever you can do so at all expeditiously, and in every case where you have reason to believe that the claim is much beyond what it should be. I have stopped one particularly striking attempt to overreach the country, but there is so very little money for the purpose of examining accounts at the disposal

of this office that, faced again with a claim of like suspicious character, I would be obliged to refuse the application for payment unless you would cause the valuation to be made. I hope you will see that, while we are both bound to save to the country every dollar that we can without doing injustice to others, you have, in cases similar to this, so much more ability for good than any other person that you should apply every available test to accounts of this kind before passing them.

Have you been informed that this company has received $50,000 from the Quebec government and $25,000 from the city of Sorel ? If the information is correct, and if the application for $35,000 from the Dominion had passed, the subsidies would have amounted to $110,000, that is, $12,000 more than the cost of the bridge at your calculation.

I really do not know how to characterize your third paragraph :—

'The department accordingly aimed at ascertaining what the expenditure upon the bridge had been, and, for this purpose, one of the officers of the Accountant's Barnch was sent down to the office of the South Shore Railway Company, with whom the contract had been made for the construction of this bridge, to examine their books, accounts and vouchers. He made such examination and reported. The correctness of the accounts, &c., was sworn to as being the expenditure, by their auditor, Mr. Edward C. Lalonde, and their engineer, Mr. J. Perrault. I informed the company that their statement was not satisfactory to me, and that the amount stated to have been expended appeared excessive. Mr. Beauchemin, their president, and Mr. Prefontaine, acting for them, stated to me that it represented all the information they had or could get, and that it was a correct statement of the cost of the structure; further, that however large the account might appear to me to be, I could not, if it were the actual expenditure on the bridge, take exception to it.'

I should tremble on account of my responsibility in passing your expenditure if much of your course of action were permeated by a similar complaisance. The views of an interested creditor are not the most reliable help in the interpretation of a statute under which he is to be paid. I was told by one of the gentlemen named, without my seeking his opinion, that in endeavouring to determine the value of the work, I was giving myself much unnecessary trouble. There is a name for this kind of advice, but I do not need to give it.

I append the costs as given by the company, Mr. Keefer and yourself :—

	Chief Engineer.	Engineer Mr. Keefer.	Company.
Contract with President Beauchemin	$ 63,415 75	$ 68,525 00	$ 149,750 00
Piles, floors, rest-piers, boulders.....	24,758 00	33,947 50	53,796 86
Superintendence.....	.....	.....	5,000 00
Sundry expenses, as by vouchers.....	.....	.....	1,645 14
Contingencies and superintendence	10,000 00	10,000 00	.....
	98,171 75	112,472 50	210,192 00

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*,

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 19, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, relative to the subsidy to the South Shore Railway Bridge over the River Richelieu at Sorel.

In reply I can only say that I have nothing to add to the communications you have already received, in which I made a plain statement of the matter and suggested the exercise of the powers of investigation vested in you, but not in me.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

---

58 Vic., Cap. 2, Sec. 5 (Quebec), Extract.—'A sum of $50,000 may be granted by the Lt.-Governor in Council for the South Shore Railway Company or its representatives, to aid in the construction of a bridge over the Richelieu River within the limits of the city of Sorel, and such sum shall be paid on the monthly estimates of the company's engineer, approved by the government engineer.'

'The work of constructing the said bridge shall be commenced within the six months following the close of the present session (1895), be carried on without interruption, and be completed on or before January 1, 1897.'

Paid, as by public accounts, Quebec, pages 308 and 34.

Audit Office, Ottawa, March 10, 1900.

Sir,—I should like to be favoured, if possible, with a perusal of the engineer's estimates for the South Shore Railway Bridge at Sorel.

The documents would be returned to you without delay.

Please let me know whether the $50,000 was paid when the estimates reached that amount,—or whether it was paid as a percentage of the estimates.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

H. T. Machin, Esq., Asst. Treasurer, Quebec.

Quebec, March 13, 1900.

Sir,—I beg to acknowledge receipt of your letter of the 10th instant.

I inclose herewith a copy of the railway company's estimate of the South Shore Railway Bridge at Sorel. It is not necessary that you should return this.

No estimates were made by the government engineer of the work done. After the completion of the bridge, on the report of the government engineer, there was paid to the company on August 10, 1896, the sum of $49,000, $1,000 being retained until the finishing of semaphores. This $1,000 was subsequently paid to the company on August 27, 1896.

The grant was made by the Act 58 Vic., Cap. 3, section 5, 'to aid in the construction of the bridge over the Richelieu River within the limits of the city of Sorel.'

I am, sir, your obedient servant,

The Auditor General. H. T. MACHIN, *Asst. Treas., P.Q.*

South Shore Railway—Richelieu River Bridge, Sorel.

ESTIMATE OF COST.

1. Superstructure 2 spans, 117 ft. 6 in., 1 swing, 240 ft., including rails, ties, guard-rails, &c.	$41,000
2. Masonry, 1,875 c. yds. at $15.50	29,062
3. Concrete, 1,125 c. yds. at $12	13,500
4. Timber caissons and rest-piers, 375,000 ft. B.M. at $30	11,250
5. Iron in caissons, 30,000 lbs. at 6c	1,800
6. Stone filling in rest-piers, 1,900 c. yds. at $2.50	4,750
7. Rip-rap, 400 c. yds. at $2.50	1,000
8. Piling, driving and cutting under water, 14,850 lin. ft. at $1.10	16,335
9. Excavation under water, 375 c. yds. at $3	1,125
10. Permanent Trestle-work—	
Piling, 5,168 lin. ft., 60c	3,100
Stringers, 32,840 ft. B.M., $40	1,314
Caps, ties, guards and braces, 55,100 ft. B.M., $30	1,653
Iron, 4,500 lbs., 6c	270
11. Temporary Trestle-work—	
Posts, caps, braces and sills, 45,000 ft. B.M., $20	900
Iron, 2,000 lbs., 6c	120
Erecting 825 lin. ft., $5	4,225
12. Earth filling in temporary trestle, 19,600 c. yds., 25c	4,900
13. Rails on trestle-work (and attachments) 26 tons, $27	702
14. Swing semaphores, &c	850
15. Engineering, superintendence, inspectors and contingencies, 8 per cent	10,228
16. Land at approaches	8,000
	$146,084

(Signed) J. M. McCARTY,
Chief Eng. South Shore Ry.

Sorel, January 7, 1896.

True copy of the original in the Department of Public Works, province of Quebec.

Louis A. Vallée, *D.M.R.*

Audit Office, Ottawa, March 15, 1900.

Sir,—I received the estimate of cost of the South Shore Railway Bridge at Sorel, which you were good enough to send me. I find, however, on examination, that there is a slip either in the first item or in the addition of the whole. If $41,000 is correct, then the amount instead of being $146,084 should be $156,084. Will you be good enough to have the correction made. I send you a copy of the statement as sent to me, as I require to retain your original. I wish you would kindly initial the new statement.

I am, sir, your obedient servant,

H. T. Machin, Esq., Asst. Treas., Quebec. J. L. McDOUGALL, *A.G.*

QUEBEC, March 16, 1900.

SIR,—The copy of the estimate of cost of the South Shore Railway Richelieu River Bridge, Sorel, which I sent you, was furnished to me by the Department of Public Works. I have submitted your letter to the department, and am informed that it was a true copy of the estimate furnished to the department by the railway company and Mr. Vallée, the Government engineer and director of railways, has certified the copy received from you as being a true copy of the original in their office, and I return it herewith.

I am, sir, your obedient servant,

H. T. MACHIN,
Asst. Treas., P.Q.

P.S.—Evidently there is a mistake in the addition of the estimate, but I have no power to rectify it.

The Auditor General. H. T. M.

AUDIT OFFICE, OTTAWA, March 19, 1900.

SIR,—I have just received a letter from the Quebec Government inclosing the statement of Mr. J. M. McCarthy, the chief engineer of the South Shore Railway, giving the details of the cost of the bridge after its completion, amounting to $120,050, deducting items 10 to 14 inclusive and 16, which do not belong to the bridge proper but to the approaches.

This is scarcely consistent with the statement of the company that the cost was $210,192 or with the allegation that for part only of the work Mr. Beauchemin, the president, has been paid $149,750. How could there have been a contract without the chief engineer having known or without his having made an estimate?

It is possible that where I mention $120,050 as the cost of the bridge proper, the correct amount is $10,000 more. There is a mistake of $10,000 either in the cost of the superstructure or in the addition. You and Mr. Keefer make the superstructure to be worth about $31,000. The conclusion which I draw will not, however, be changed, no matter where the mistake is

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 4, 1900.

SIR,—The Right Hon. the Premier has sent me a note adressed to him by you on the 4th instant, relative to the question of the payment of subsidy in aid of the construction of the Richelieu Bridge at Sorel, in which you state that you regard the correspondence between yourself and the department in the matter as closed. The Minister (Mr. Blair) had a conversation with you recently on the subject, and, as the result of statements read to him, he has instructed me to have a further examination made as to the work and materials in the structure by a general inspection of the same, with a view to determine whether, in the event of your deciding to adhere to your present attitude, after due consideration of any facts which may be brought out by such further inspection, the case appears to be one as to which an application should be made to Parliament for the vote of a specific sum in aid of this undertaking.

So soon, therefore, as I have received the report of the inspecting engineer, and am fully informed on the subject, I shall advise you further. I assume from the

opinions you have already expressed that in deciding as to the amount of subsidy which might properly be payable, you decline to take into account the cost of the bridge approaches.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, July 5, 1900.

SIR,—I have your letter of yesterday about the Sorel Bridge.

You are right in supposing that I agree with your own view that the cost of the approaches is not an element in determining the cost of the bridge for subsidy purposes.

At the moment the important part is whether the correspondence is closed on the claim for the subsidy at present available.

I take it that you are now convinced that the statement of cost sent in by the company is utterly unreliable and that you have no disposition to attempt to show that any part of their claim which has not been passed here should be allowed to them. Then, you know perfectly well that the company would long ago have presented its proofs that the cost of the bridge was greater than our estimate, if the cost was really greater.

I have had no communication from you on the subject since March 19 last.

What answer can there be to the statement of cost given by the chief engineer of the company to the province of Quebec after the bridge was completed? If he did not claim that the cost, including the approaches, was more than $120,000, could it have been $210,000, as claimed by the company?

The correspondence, then, is closed under the subsidy as now available.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 20, 1900.

SIR,—As intimated to you by my letter of the 4th instant, I have had a further examination made of the work and materials in the South Shore Railway Bridge over the River Richelieu at Sorel, and I now inclose, for your information, a copy of the estimate of the cost of this work, prepared by Mr. Thomas Ridout, Inspecting Engineer of the department, as the result of his remeasurements. This estimate does not include the cost of the bridge approaches.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

Estimate of Cost.

Bridge over the Richelieu river at Sorel, on the line of the South Shore Railway, consisting of one through steel swing, 240 feet over all, and two through steel fixed spans, 117½ feet each.

Substructure.

Quantities.	Description of work.	Price.	Amount.
15,000	lineal feet piling in foundations of piers.....	0 40	$ 6,000
7,000	lineal feet platforms on piles of 12 x 12 timber.....	0 35	2,450
1,200	cubic yards concrete in piers, including caissons....	12 00	14,400
1,547	cubic yards masonry in piers of Terrebonne stone....	15 00	23,205
5,900	cubic yards riprap.....	2 00	11,800

Superstructure.

Quantities.	Description of work.	Price.	Amount.
329,000 pounds steel erected, ready for floor in swing bridge		0 04¾	15,628
215,000 pounds steel erected, in two fixed spans		0 04¼	9,175
480 lineal feet length of flooring		4 00	1,920
480 lineal feet false work		3 00	1,440
1,600 lineal feet piling under two rest piers		0 40	640
1,800 cubic yards timber rest piers		1 75	3,150
Ice breaker, say			1,000
Two semaphores			200
Engineering, superintendence and contingencies			10,000
Estimated cost of bridge			$101,008

July 14, 1900. THOMAS RIDOUT.

Investigation on Previous Year's Expenditure—Subsidy for C. A. Ry. Bridge at Coteau.

The legality of my holding an investigation on expenditure of a previous year questioned.

January 22, 1901. J. L. McDOUGALL, *A.G.*

CANADIAN GOVERNMENT RAILWAYS,
OFFICE OF CHIEF ENGINEER AND GENERAL MANAGER,
OTTAWA, November 2, 1889.

SIR,—I have the honour to inform you that I yesterday made a personal inspection of the Canada Atlantic Railway Company's bridge over the St. Lawrence at Coteau, with regard to subsidy, and I am pleased to be able to state they are making good progress with the work, and I see no reason to doubt but that trains will be running over it by New Year's Day.

The substructure is of massive masonry, resting on a blanket of concrete, which, I am informed, is bedded on solid rock, excepting in one pier, which is resting on hard-pan. The superstructure is a well-designed steel structure, substantially put together, and when the work is completed, I believe it will be a credit to the railway staff in charge, as well as to the contractors. There are three channels to be bridged. The south channel, four spans of 223 feet each; the centre or main channel, ten spans of 217 feet each, and the north or steamboat channel, two spans of 175 feet each; one swing span over all 355 feet, and one span of 139 feet—in all, 3,906 feet.

South Channel.—The substructure, composed of three piers and two abutments, is complete, all four of the steel spans are erected and in place, but the timber floor ties are not yet set in place; they are, however, delivered on Clark's Island.

The Centre or Main Channel.—The masonry substructure is completed, excepting about one-third of one pier and one-third of an abutment; these should be completed in a week, that is, there is one abutment completed and the other two-thirds done. There are eight piers completed, and about two-thirds of the ninth is done. Of the steel superstructure there are three spans erected and in place, and two more erected, but have yet to be floated in place; the material for the other five steel spans is manufactured and delivered on Clark's Island, and the timber floor ties are also delivered on the island

The North or Steamboat Channel.—The two abutments are completed, the pivot pier for the swing is completed, one pier is finished, about three-quarters of the con-

crete is in the second pier, and the dredging for the foundation of the third pier is about completed. Only a small portion of the steel superstructure for this channel is delivered at Clark's Island, but a barge load is said to be on the way up the river from Lachine, and when this is delivered there will remain only about two-thirds of the swing span to come forward. The timber rest crib is almost completed.

The estimated cost of this bridge is $1,175,000. I estimate that 85 per cent of the work is done. The subsidy applicable to this work is granted by 50-51 Vic., chap. 24. For a railway bridge over the St. Lawrence River at Coteau Landing, on the line of the Canada Atlantic Railway, a subsidy of 15 per cent on the value of the structure, not to exceed $180,000.

The estimated cost is, as before stated, $1,175,000, 15 per cent on which is $176,250; 85 per cent of which is $149,812 earned by the company.

Attached hereto is a sketch of the bridge.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER,
Chief Engineer and General Manager.

The Secretary, Dept. Railways and Canals.

THE CANADA ATLANTIC RAILWAY COMPANY,
GENERAL OFFICES, OTTAWA, June 25, 1890.

SIR,—I beg to lay before you the following statement in connection with the construction of this company's bridge over the St. Lawrence River at Coteau, which is now completed, excepting the filling on Giroux and Round Islands.

We were unable to get the filling done on these islands last fall before the hard frost set in, and in order to get the use of the bridge during the winter, we were compelled to erect heavy trestle work, sufficiently strong to allow of the safe passage of heavy trains. This work was done at a great outlay, and of such a character that it will be quite safe for two years or more, and whereas we did not ask for any part of the subsidy until the whole of the substructure, and nearly all of the superstructure, was completed, although we were entitled to payments as the work progressed, and whereas there has been already expended in connection therewith the sum of $1,364,824.78, we would respectfully ask that the balance of the $180,000 subsidy, viz., $30,187.50, be now paid, and we hereby pledge ourselves to complete the filling over of the islands early next season.

As the outlay has been a very heavy drain upon the limited means of the company, and payments are pressing us hard, I would respectfully urge that you may be pleased to order the early payment of aforesaid balance of subsidy.

I am, sir, your obedient servant,

J. R. BOOTH.

The Right Honourable Sir John Macdonald, G.C.B.,
Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 12, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 25th ultimo, advising that you have received a letter stating that some years ago you paid to the Canada Atlantic Railway Company the sum of $180,000, being a percentage on the alleged cost of constructing their bridge from the Coteau side of the River St. Lawrence to Clark's Island, and that this should have been about $105,000

as the bridge did not stand to cost more than about $700,000 as shown by the books of the company.

In reply I have to say that the matter has been referred to the said company, who have replied, through their secretary, to the effect that the statements to which you call the attention of the department are wholly untrue.

I inclose a copy of the company's communication for your information.

I am, sir, your obedient servant,

The Auditor General. L. K. JONES, *Secy.*

CANADA ATLANTIC RAILWAY COMPANY, OTTAWA ONT., May 1, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of April 27 last, wherein you ask for an explanation respecting certain statements purporting to be set forth in a letter addressed to the Auditor General and communicated to your department.

Having submitted your letter to the proper officers of this company. I am instructed to say that the statements to which the Auditor General calls your attention are entirely untrue.

Such statements brought to your attention by an important officer of the Government, even after the lapse of so many years and without any indication of the source or motive, are alone sufficient inducement for making a careful examination as to how the work in question was carried on ; and I may state that three different parties had to do with the construction of the bridge in question, namely, the Canada Atlantic Railway Company, the syndicate owning the Canada Atlantic Railway and Mr. J. R. Booth individually, whose several charges and accounts are no where brought together, excepting in the records of your department, which will certainly disclose the statements and reports upon the approval of which, the money referred to was paid, and I am sure you will find, upon reference thereto, that I have properly characterized the statements made to the Auditor General.

I feel it hardly necessary to ask whether the department deems it possible such a bridge could have been constructed for the sum stated in the letter referred to by the Auditor General.

I am, sir, your obedient servant,

The Secretary, Dept. of Railways and Canals. A. W. FLECK, *Secy.*

AUDIT OFFICE, OTTAWA, August 28, 1899.

SIR,—Let me acknowledge receipt some time ago of a copy of a detailed estimate of the cost of the substructure of the Canada Atlantic Railway Bridge at Coteau.

Please send a similar statement showing the value of the superstructure.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 20, 1899.

SIR,—I should like to be supplied at as early a date as possible with the statement asked for some time ago showing the estimated value of the superstructure of the Canada Atlantic Railway Bridge at Coteau.

I propose to begin the investigation into this matter November 27, a week from to-day.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, December 14, 1899.

SIR,—I inclose herewith for your information, in accordance with your reminding note of the 13th instant, a copy of the subsidy agreement entered into with the Canada Atlantic Railway Company for the construction of their bridge across the River St. Lawrence at Coteau.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 22, 1900.

SIR,—In compliance with your verbal request, I am, by direction, to inclose herewith the several files of this department relating to the subsidizing by the government of the bridge across the River St. Lawrence near Coteau Landing, constructed by the Canada Atlantic Railway Company, under agreements, dated December 5, 1888 and January 12, 1889.

I am, sir, your obedient servant,

The Auditor General. L. K. JONES, *Secy.*

AUDIT OFFICE, OTTAWA, January 31, 1900.

DEAR SIR,—With reference to our interview I have not yet received the letter which you were to send me stating the precise time within which I would be furnished by the Canada Atlantic Railway Company with a detailed statement, supported by vouchers, showing the cost of the Coteau Bridge before June 27, 1890, for the purpose of determining the balance of the Dominion subsidy.

I am, sir, your obedient servant,

J. CHRISTIE, Esq., 110 Wellington St. J. L. McDOUGALL, *A.G.*

---

110 WELLINGTON ST., OTTAWA, February 1, 1900.

DEAR SIR,—I have just received your letter dated yesterday, and in reply I wish to say that during our interview on Saturday last I promised to ascertain from the officials of the Canada Atlantic Railway Company a date within which they believed they could send you a statement showing the whole cost to the company of their bridge structures across the River St. Lawrence at Coteau, and I personally undertook to write to you on the same afternoon or on the following Monday, giving such date.

Upon the latter day, instead of writing to you, I brought Mr. Mountain, chief engineer of the company, to your office, when he explained to you the difficulty in obtaining the full information, but stated he believed he would be able to supply you with a statement within a month, and in case the statement could be prepared within a shorter period, it would be forwarded to you. I assumed this was an entire compliance with my undertaking, but I am quite willing to put the same in writing and to assure you that I will do my utmost to have the statement prepared within the time limited.

I do not understand your reference to June 27, 1890. The information desired was, I assumed, the full cost of the Coteau Bridge to the company, which certainly was not finished until subsequent to June 30, 1890, as appears as well in the papers relating thereto in the Department of Railways and Canals, as in the order in council directing the final payment.

I am, sir, your obedient servant,

The Auditor General. JOHN CHRISTIE.

AUDIT OFFICE, OTTAWA, February 14, 1900.

SIR,—With reference to your letter of the 1st inst. regarding the cost of the Coteau Bridge, I beg to say that in my opinion the cost up to the date when the report, on which the subsidy was based, was made, should be that supplied. Please, under any circumstances, make a division in the statement, so as to indicate the expenditure up to the date mentioned, viz.: June 27, 1890.

I am, sir, your obedient servant,

J. CHRISTIE, Esq., 110 Wellington St., Ottawa. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 21, 1900.

DEAR MR. CHRISTIE,—I am rather surprised that I have not received any further information with regard to the completion of the accounts with reference to the cost of the Coteau Bridge. Will you be kind enough now to fix a time before which the accounts will be ready?

I am, sir, your obedient servant,

John Christie, Esq., Ottawa. J. L. McDOUGALL, *A.G.*

OTTAWA, March 23, 1900.

SIR,—I find that Mr. Mountain, the Chief Engineer, is still absent from his office through illness, and upon referring to himself he told me that he thought he would be permitted to get back to his office during the next two or three weeks, but upon referring to his physician, Dr. Klock, from whom I sent you the former letter, I find that his expectation regarding the time when Mr. Mountain will be fit for work extends for a somewhat longer time. However, in these matters even physicians may be wrong, and I can only say that just so soon as Mr. Mountain's health will permit of his returning to his work I will have completed and sent you the statement which I promised. There is no other source from which I can obtain the information.

I am, sir, your obedient servant,

The Auditor General. (Sgd.) JOHN CHRISTIE.

AUDIT OFFICE, OTTAWA. March 27, 1900.

SIR.—About April 9 next I shall hold an investigation of the character which I originally contemplated making regarding the cost of the Coteau Bridge. I shall be very glad if you have ready by that time the information which you consider it important to give. If not, after obtaining whatever information I may get, I shall determine whether to adjourn the investigation or not.

I am, sir, your obedient servant,

John Christie, Esq., Ottawa. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 23, 1900.

DISCUSSION as to Mr. Christie's objection to the jurisdiction of the Auditor General on the alleged overpayment of subsidy to the Canada Atlantic Railway on the Coteau Bridge.

Mr. CHRISTIE—I have prepared a statement of the ground taken by us in this matter, which I will read and leave with you. (The following statement was read) :

In the matter of 'The Consolidated Revenue and Audit Act,' being chapter 29, of the Revised Statutes of Canada, and of sections 55, 56 and 58 thereof.

And in the matter of a certain subpœna issued out of the Exchequer Court of Canada, bearing date the 27th day of January, 1900, at the instance of the Auditor General of Canada, and directed to one E. J. Chamberlin and others, and served on the said E. J. Chamberlin the 20th day of April, 1900, respecting certain matters affecting the Canada Atlantic Railway Company.

Monday, April 23, 1900.—Counsel instructed by and on behalf of the said E. J. Chamberlin, and of the Canada Atlantic Railway Company, attends upon and respectfully states to the Auditor General of Canada,—

(a.) That the said E. J. Chamberlin, being the person named in the said subpœna is the General Manager of the Canada Atlantic Railway Company, but he has not in his possession or control, nor is he able to produce the ledger, contracts or any papers whatever relating to the Canada Atlantic Railway Company which show the expenditure of that company on the Coteau Bridge ; nor is the Canada Atlantic Railway Company in possession of any ledger, contracts or papers which show the total expenditure by and on behalf of the Canada Atlantic Railway Company on the Coteau Bridge.

(b.) That in regard to the legality of the issue of the said subpœna, he points out that there is not at present any account submitted to the Auditor General of Canada for audit with reference to which the evidence of the said E. J. Chamberlin under the said subpœna is required, and that all moneys payable by the government of Canada to the Canada Atlantic Railway Company respecting the Coteau Bridge have been audited by the Auditor General of Canada, and duly paid as appears by the Auditor General's certificate and report ; and therefore, submits that the application for the order that the said subpœna be issued has not been made under the requirements of the said statute, and also that the said subpœna has been issued improvidently and wholly without jurisdiction in that behalf.

(c.) That under the advice of counsel the said E. J. Chamberlin is not in attendance upon the Auditor General of Canada, as required by the said subpœna ; but this failure to attend before the Auditor General of Canada is not made in any spirit of contumacy or with a desire or intention to show any disrespect to the Auditor General of Canada, but is the course taken in this proceeding under the advice of counsel and with every intention of acting in a spirit of full respect and obedience to the honourable court from which the subpœna has been issued, but solely for the purpose of properly raising for the decision of the court, the question of the authority of the Auditor General of Canada in this matter to obtain the issue of the said subpœna and to hold the proposed inquiry, as a matter pertinent to any account submitted to him for audit.

(d.) Further, he undertakes that if the court decides that the said E. J. Chamberlin so subpœnaed as aforesaid, should attend and testify before the Auditor General of Canada, as directed by the said subpœna, he, the said E. J. Chamberlin will do so at his own expense at any time, on receiving reasonable notice of such decision and direction.

JOHN CHRISTIE.

The AUDITOR GENERAL—When you say, 'If the court so directs,' what do you mean?

Mr. CHRISTIE—In regard to the issue of the subpœna. The only person who can decide whether a subpœna properly issues is the Court: that is the judge or the Court from which it issues. The statute refers to it.

The AUDITOR GENERAL—I know that our statute refers to it. You mean the Audit Act.

Mr. CHRISTIE—The Exchequer Court Act and your Audit Act. This is the answer of Mr. Chamberlain which I have read to you, and it is certainly made in no spirit of contumacy.

The Auditor General—So far as I am concerned it does not matter.

Mr. Christie—I will attend and he will attend at any time, if it is decided by the Court that the subpœna is properly issued requiring his attendance.

The Auditor General—In this statement you go on to say in some way that you are going to refer to the Exchequer Court.

Mr. Christie—No. I assume that if you desire to press this matter further, the only way to do is under the ordinary procedure of the Court respecting subpœnas ; that is, that you would make a motion before a judge for contumacy or for attachment, and on notice which the Court would require the case would be argued. The Court will not issue a writ of attachment without notice and argument. Upon that the question of the jurisdiction of the Court would be argued.

The Auditor General—All your case is in these papers and it will be for me to decide what I will do.

Mr. Christie—Yes. Except in the variation of words to suit the different parties, the substance is identical.

The Auditor General—There is nothing fresh in the other cases.

Mr. Christie—No, the same answer on behalf of each one. I made this in case you desire to go further. This would be what would be said by counsel on their behalf. The only thing I would press is, that of course when a subpœna is served, if a party wantonly disregarded it——

The Auditor General—It would be contempt of Court under ordinary circumstances.

Mr. Christie—Yes. I come here to show that we do not do that.

The Auditor General—Of course, you raise the question as to the meaning of the word 'submitted.'

Mr. Christie—Yes.

The Auditor General—Really, the whole thing depends upon that as far as you are concerned. If it is submitted to me for audit, then of course I have these other powers, the only powers that I could use at all under the circumstances, because my witnesses are of course employees of the other party.

Mr. Christie—For instance, we raise the question in this way: any account which is now submitted for audit and which requires your audit, then you can do it for the purpose of auditing, but in any matter which has been submitted and which has been audited and closed, it cannot be done, because it is contrary to law to issue any subpœna for the examination of any person prior to the commencement of an action or where there is no action pending.

The Auditor General—So far as I am concerned——

Mr. Christie—You are outside of the Court.

The Auditor General—Yes, and I have no authority at all to do what Courts do.

Mr. Christie—Except by the statute.

The Auditor General—And no authority to collect anything. This is really for the purpose of audit, to help me to form an opinion with reference to something. I am mentioning these things for the purpose of seeing what your view is, if you choose to give it, in case I think it advisable, as I no doubt will, to ask the advice of counsel as to what I should do. For instance, a short time ago an account came before me for payment and I did not pass it, but made an investigation of my own. It happened to be a bridge subsidy, 15 per cent, similar to this one, and it ended in my paying less than half—that is, reducing their account for the cost of the bridge less than one-half. Some time afterwards I thought of asking for the statement that was submitted to one of the provinces from which a subsidy was also granted, and it turned out that the engineer of the bridge put in a statement in detail of all the things, making the cost only about 60 per cent, after the bridge was all completed, of what was submitted to me as the cost. Supposing that I had really paid the amount in full instead of having

paid only a part, would it not appear reasonable now at any rate that I, for the sake of defending the people of Canada in any claims that might be made, that I should have examined that to determine how I might guard myself in the future against similar claims, unless one is shut out by the exact wording, unless this word 'submitted' has a special meaning, the meaning you assign to it? You assign to it, as I understand you, the meaning that unless it has been put before me for audit——

Mr. CHRISTIE—Yes, and is not yet audited.

The AUDITOR GENERAL—That is to say, that I cannot audit a second time.

Mr. CHRISTIE—Yes.

The AUDITOR GENERAL—Assume the case I mention; would it be in the public interest advisable that I should make an examination of such an account?

Mr. CHRISTIE—No, I think the law would preclude you, because both the Exchequer Court and the law of Ontario, and the English law are explicit in this, that they will not give a right to a roving examination before action brought, because it is contrary in the first place to law, and in the next place it is contrary to the principles upon which our law is based, that no man shall be compelled to give a statement of whatever case he might have against another party or another party against him by way of his defence until he is called on to do so in court.

The AUDITOR GENERAL—You are comparing me to a judge.

Mr. CHRISTIE—I think your position is a judicial one in that respect.

The AUDITOR GENERAL—I think that is widening my position and also narrowing it. If you read the Audit Act and consider what my duties are, really my duties, in my view of the case, are more like the manager of an ordinary concern.

Mr. CHRISTIE—Hardly that.

The AUDITOR GENERAL—A man comes to you with a claim, and you employ a person to look after such claim, and the examination that you make of the claim as presented to you does not concern in any way the man who presents this claim. You say: 'I will know my position through this man; he is an expert in this, or is employed in doing it, and gives his whole attention to it.' The man who presents the claim does not come into your establishment and say, 'Well, you are to examine this in a particular way.' He has no right to come in; and after it is over the other man says, 'That is entirely wrong.' Well, you answer, 'It may be wrong; you may think so, but you have your rights; you go into court all the same.' I am guided by what my agent, the man in whom I have confidence, tells me; I have engaged him and you have not, of course, anything to do with him. He is my agent and he tells me. Now, your redress is just as good as it was before; you go into court.

Mr. CHRISTIE—It is not the same; I will tell you where the difference is. If that power of examination by writ was not given to you in the Audit Act then you would be just in the position of a chief auditor, like any other chief auditor in a large institution, and it is your duty for the purpose of auditing accounts between the government and the party who is to receive the pay, or between the government and the party who is to pay the government, it is your duty to audit and adjust the accounts under the full definition of what audit means; but the extraordinary remedy, which is wider than that given to any other person holding a commission from Her Majesty, of allowing you to issue a writ of subpæna to compel an examination under oath of a person's whole claim, or a person's whole defence, it may be long after the matter is entirely closed between the two contracting parties, I say it would require words far broader and far more explicit than that which is given in the Audit Act to the Auditor General.

The AUDITOR GENERAL—What power have I under that? Really the power is only that I can compel the attendance of witnesses and I can compel an answer.

Mr. CHRISTIE—And they would be estopped for ever afterwards from contradicting that evidence. That evidence could be used against them.

The AUDITOR GENERAL—I do not think it. It would not appear to me that it could. It is no step in the matter.

Mr. CHRISTIE—It could not be used in any trial I admit, but it is used as information for the Government to build up any claim they may see fit to make.

The AUDITOR GENERAL—And what is the hardship?

Mr. CHRISTIE—Because no man is compelled by law to disclose his case, either claim or defence, to the opposite party, except when a writ has been issued and suit pending. Then they can do it after the other party's statement of defence is in. Both parties can be made do it then. It is not mutual in this case. The authority given to the Auditor General is this: the Act relates to revenue and to audit of that revenue, and it is solely for the purpose of ascertaining whether employees of the Government, officers of the Government, or people who present claims against the Government, or people who owe money to the Government, shall have their accounts examined before they are paid. In order that that should be done the Auditor General is given these extraordinary powers. After he has adjusted the account and it is paid, then with reference to these extraordinary powers, he is what they term in law *functus officio*.

The AUDITOR GENERAL—Supposing a private individual has paid too large a sum?

Mr. CHRISTIE—It can be recovered back, and if the Government has paid too large a sum it can be recovered back.

The AUDITOR GENERAL—But you say 'pays too much,' or if he has reason to think he is paying too much, then he cannot have an examination to determine whether he is right. He must then go to Court, or at least that the Government must go to Court.

Mr. CHRISTIE—All he can do is, according to the very best of his judgment and skill, audit the account. If, notwithstanding his utmost skill, a thing passes through which should not be passed through, then the Government has in the Audit Act reserved to them a full remedy by action.

The AUDITOR GENERAL—Here is a case where the information I get comes from a person who has a means of knowing, or is supposed to know. He sends this statement to me in writing. I, for reasons of my own, think that at any rate in the amount he mentions that he is mistaken. I then say: 'Well, it appears to be my duty under the Act, being the only person who could make this investigation with these powers, to determine whether on the face of this thing—which is about all that I can do—there is a claim for recovery of over-payment.' That seems to me a very innocent kind of thing.

Mr. CHRISTIE—Supposing that you find that some money has been paid in excess of what should be done, there is no remedy given to you under the Act. '

The AUDITOR GENERAL—I quite understand. I have no power. They would not give a layman the power of determining between the Government and the other party.

Mr. CHRISTIE—Oh, yes; because it gives to you remedies, or to the Receiver General remedies for recovering from the officers of the Government moneys received from the Government which are not paid over.

The AUDITOR GENERAL—Yes, but I cannot enter an action. The Receiver General can enter an action.

Mr. CHRISTIE—On your report.

The AUDITOR GENERAL—Of course I would report what I would find.

Mr. CHRISTIE—That is perfectly proper; that is a matter of trust; but take it in a matter of contract: for instance, in a matter of contract between the Government and the party, and the Government says, 'I don't owe you so much as you claim;' and the party says, 'Yes, under my contract with you, you owe me so much;' and it passes to the Auditor General for examination and adjustment; and the Auditor General passes it, and it turns out afterwards that with his utmost skill that he has made a mistake, and that that amount was not due, then I say that the Government has a remedy, but that the Government cannot at the instance of one of its officers

ascertain whether their right is founded wisely or justly in law before they commence their action or not. They must commence their action and proceed in the ordinary way.

The AUDITOR GENERAL—That does not seem to me to be consistent with the Audit Act generally. Of course there is a great deal I am doing that I could not do without the Audit Act ; that is quite plain.

Mr. CHRISTIE—But even under the Audit Act I take it that is the meaning. For instance, the Audit Act is simply to assist in doing that for which the Auditor is appointed ; that is the adjustment of accounts. So soon as he adjusts any account, then the special powers given to him are dormant until he commences a new account. As he finishes each account the special powers given to him with reference to an inquiry end and are terminated as to that account, because he has completed that for which the special powers have been given to him.

The AUDITOR GENERAL—You argue that for part of my duties I could not make use properly of the power to summon witnesses and examine them under oath. You surely do not contend that for my duties generally I would not have the right to examine an account of the nature I told you of before, for the purpose of enabling me to perform my duties in a similar case better than I did before.

Mr. CHRISTIE—No, I do not think the Audit Act gives you the right to issue or call for a subpœna in any case or for any purpose except for determining whether this account is an account that accords either with the contract or with the authority given for making the contract.

The AUDITOR GENERAL—Under the Act the Minister of Finance can ask me to make an examination of any account, with special reference to some particular line of investigation, altogether independently of anything that I might myself want to do.

Mr. CHRISTIE—For instance, with regard to loans and debentures, and anything of that kind.

The AUDITOR GENERAL—But apart from debentures, he can ask me to do anything.

Mr. CHRISTIE—I think it is limited. I made a careful inquiry to ascertain if there had ever ben a case tested as to the issue of the subpœna after the completion of an audit and the payment by the Government after the matter is all closed, and I have never come across a case, either in England or Canada.

The AUDITOR GENERAL—I do not think the Auditor there has that particular power.

Mr. CHRISTIE—Yes, there are officers who have, and the trend of all the decisions is that a subpœna can only issue for obtaining that information which is by way of discovery after an action has been commenced, and the Court always maintained that a roving inquiry will never be given or is not given to any officer, even a judge of the Superior Court. A roving authority to inquire generally is not given to any man on earth.

The AUDITOR GENERAL—But, as I say, a judge is much wider than I am, but he is also much narrower, I think. For instance, the Act reads:

'Provided always, that whenever it appears to the Minister of Finance and Receiver General that the expenditure included or to be included in any appropriation, or any portion of such expenditure calls for further examination, he may instruct the Auditor General to examine such expenditure and to report to the Minister of Finance and Receiver General thereon, and if the Minister of Finance or Receiver General does not thereupon see fit to sanction such expenditure, it shall be regarded,' and so on. 'It shall be chargeable to parliamentary grant, and reported to the House of Commons as hereinafter provided.'

Mr. CHRISTIE—Under that you could not issue a subpœna, I contend.

The Auditor General—Would you not say that was submitted to me by the Minister of Finance ?

Mr. Christie—Not under your powers as Auditor General. You could not under that clause issue a subpœna, nor would the judge issue it.

The Auditor General—You read what it says there ?

Mr. Christie—Oh, yes; I read it very carefully.

The Auditor General—'The Auditor General may examine any person on oath or affirmation or any matter pertinent to any account submitted to him for audit.'

Mr. Christie—That would be prios to audit.

The Auditor General—Is that submitted to him for audit when it is submitted by the Minister of Finance ?

Mr. Christie—No, it is simply for inquiry, to inquire into reports submitted to you between departments.

The Auditor General—I do not agree with you in that, but I think it is well that we should express our different ideas to help in forming an opinion.

Mr. Christie—The powers to issue a subpœna are so extraordinary that there are very few instances in which it is given to a person at all.

The Auditor General—But they would not give me this power if I could touch the man's property or touch his liberty. I cannot do either.

Mr. Christie—It does touch directly his liberty.

The Auditor General—How ? It brings him here.

Mr. Christie—Yes, and in default of coming here, you could issue an attachment.

The Auditor General—But supposing I find, what is palpable to you or to anybody else, is a criminal act, I might find it in connection with the subject I am examining, but it amounts to nothing.

Mr. Christie—Oh, yes.

The Auditor General—Why ?

Mr. Christie—Under no court in the land is a man compelled to answer anything that will tend to criminate himself. If he is here without support of counsel to point out what he might do, he might place himself in a position of disclosing a whole lot of matter and material that, by law, he is not compelled to give to any person.

The Auditor General—But what I mean to say is, that after giving evidence before me, if you were prosecuting him you might perhaps find it out, and you might say : 'Why did you say that to the Auditor General ?' I mean to say that that in itself could not be used, and you could not put it in.

Mr. Christie—Yes, you can be called upon for the production of any material or matter that comes to your hand. There is nothing given to you confidentially that you can hold or refuse to produce. Parliament could call upon you for everything.

The Auditor General—I understand they can call upon me.

Mr. Christie—And the world has it.

The Auditor General—Yes, and they divulge it or do not divulge it, according to what they think of it, but I fancy they could treat it as confidential matter.

Mr. Christie—The government occupies a dual position, or many positions in one. The conflict between the government and an individual is merely a contest between party and party, and they have to submit to the same law and follow the same procedure, but otherwise they are to each other in relation to any claim simply as party and party. The law says that one party has no right by process of law to call on another party to give him information which the party calling for it may think, if he had it, he would have a right of action against the other side.

The Auditor General—You are speaking altogether about cases in court.

Mr. Christie—I will tell you why : It is only for this reason, that the very moment you invoke the aid of the court, then it becomes a question to be determined under the

ordinary rules and procedure of the Court, and the very moment Parliament permits you invoke the aid of the Court, which it does——

The AUDITOR GENERAL—Yes, to bring witnesses. I would have very little power in the examination of these accounts if I could not compel witnesses to appear and give evidence.

Mr. CHRISTIE—You authority in compelling the attendance of a person is very much wider than the authority of the judge of the Exchequer Court who gives you the subpœna.

The AUDITOR GENERAL—Why ?

Mr. CHRISTIE—Because the statute in giving that power enables you to do it in cases in which the Exchequer Court judge could not do it.

The AUDITOR GENERAL—I do not see why it is, but supposing it does, what then ?

Mr. CHRISTIE—And the reason is for the specific purpose of enabling you to carry out simply an examination for the information of the Government. That is all.

The AUDITOR GENERAL—Yes.

Mr. CHRISTIE—Not for the purpose of obtaining information to be used elsewhere by the Government as a party to a suit, which you would enable them to do if you had that authority after you had ceased to be in a position of a person auditing an account. After an account is audited and paid, then your relation to the account is closed. You could not send for it and have it brought back and re-examined, just in the same way as a judge when he hears the evidence on both sides and gives a judgment is functus officio.

The AUDITOR GENERAL—I understand he is there for no other purpose than to try the case. But I am not trying the case. I am determining for the people employing me what we should pay without a suit.

Mr. CHRISTIE—Then after it is paid it cannot be opened up. Supposing it is paid under a mistake of law, there is no remedy. If it is paid under a mistake of fact there is a remedy.

The AUDITOR GENERAL—I know, but supposing I said there was an over-payment, then you have all your rights as you had before ? Supposing the Government of Canada on my report makes up its mind to enter a suit, they do not get their pay merely because they ask it. They have just the same treatment as a private individual has in the Exchequer Court. In what better position are they ?

Mr. CHRISTIE—You are put in this position : Supposing after the examination, you were to come to the conclusion that an over-payment was made ; that might depend altogether upon the construction of the documents in law on which the payment was made. If your construction of documents in law on which the money was paid or payable was wrong, then your conclusion that an over-payment was made, would also be wrong.

The AUDITOR GENERAL—My conclusion to them, but who is hurt ? My people say 'We want to know how this thing appears to you, not how it actually is,' because I have not the knowledge to determine these legal points. But they then will say 'Well we will, go on on this, or we will consule a lawyer on this point, or our counsel who takes these cases for us, and we will see whether we will go on with it or not.' But you will not be deprived of any rights.

Mr. CHRISTIE—Yes, we would be in this unfortunate position, that unauthorized persons or incapable persons or persons without proper knowledge would simply state as facts which are not facts.

The AUDITOR GENERAL—Yes, to me.

Mr. CHRISTIE—Without any opportunity of counsel being present to guard them, or without any right to cross-examine them.

The AUDITOR GENERAL—It is not specially stated, but I take it for granted, supposing this investigation went on, that you would be present, as lawyers have been present in other investigations I have had.

Mr. CHRISTIE—There is no audience permitted by law.

The AUDITOR GENERAL—I do not see that they are refused. Of course this is not affecting this case at all. I fancied that you would have been here, and you might think it necessary to ask questions in addition to what I asked, and you would perhaps say 'Now I want other witnesses to explain this matter.' That is what I have always done in other cases.

Mr. CHRISTIE—But I should say in regard to that that it would be entirely widening the scope of the authority given by the Audit Act. For instance, I do not think that you could call on any person under the Audit Act, to produce anything but what is in their possession, say for instance, if a man has a paper in his possession or in his control, or anything of that kind, he can produce that one thing. The Audit Act is not as broad in its authority respecting production, as the rules of court are with reference to it. It is more limited and more restricted. There are certain things we could call on them to produce, but they are limited by the Act.

The AUDITOR GENERAL—'And if so required, to produce and bring with him any document or paper relative to such account as aforesaid.

Mr. CHRISTIE—That throws upon the witness the matter of determining whether it is relevant or not.

The AUDITOR GENERAL—What do you say in a subpœna from the court ?

Mr. CHRISTIE—We specify the particular thing.

The AUDITOR GENERAL—You are complaining that this Act is so general——

Mr. CHRISTIE—Yes.

The AUDITOR GENERAL—And is not the assumption, whether the legislature was wise in doing it or not that they intended to give these powers to the Auditor General.

Mr. CHRISTIE—I do not know. Of course we have never had a judicial interpretation of these powers at all, but they are necessary. I would not express an opinion at all with reference to accounts under the process of auditing, but certainly after the accounts have been audited and passed, I have not the slightest doubt at all in my mind, that if he is not functus officio then he holds powers greater than any powers given to any other man who holds a commission from the Crown, because the judge of any superior court is limited in his authority both by the statute law and the rules of court, and the rules of court are just as stringent as to what they will not permit the court to do as they are in stating what they will permit the court to do.

The AUDITOR GENERAL—I am only repeating what I said before, but you are making a comparison where there is no ground of comparison at all. If they desired that the Auditor General should be governed by these rules, they would have insisted on the Auditor General being a lawyer.

Mr. CHRISTIE—I think that that is only a very small part of his duty, but it is one part of his duties, and in relation to that I think he holds a judicial position, and all his decisions must be the decisions that would be based on reasonable grounds consistent with law, and that if a decision were given other than that, that it could be set aside simply on motion to bring it up before any of the Courts in which the case at any time would afterwards come.

The AUDITOR GENERAL—At all events, your ground of objection is in these papers.

Mr. CHRISTIE—My ground of objection is, that there is no jurisdiction in the Court to issue the subpœna under the circumstances of this case, that is, that the account has been submitted, has been audited, has been paid, and that as to your duties respecting it, you are *functus officio*, consequently the extraordinary powers given to you are at an end with reference to this account.

The AUDITOR GENERAL—I am thinking about my position in regard to this matter. Of course I am not prepared now to decide upon it, but my present intention is to adjourn this sitting for the purpose of deciding what I am to do in the matter, you having raised this objection. But supposing I adjourn for a week, witnesses have had

no notice of the adjournment, but I do not consider that it ought to be necessary for me to serve fresh subpœnas.

Mr. CHRISTIE—No.

The AUDITOR GENERAL—Supposing I decide to go on with this investigation after I obtain advice?

Mr. CHRISTIE—They not being here, your subpœna either drops or you apply to the Court from which it issues, and call upon the Court to make these witnesses show cause why they should not be committed. In that case a notice would be served either on the witnesses or on the counsel representing them. My statement would show that I am their counsel, in which case I would appear before the Court with my affidavits and would argue the question of law purely, and if the judge decided that the subpœna was improvidently issued—that is, issued without due authority—he would give that as his decision, and the whole matter would drop. Nothing more could be done under that subpœna. If the Government saw fit to commence an action at any time, they have a perfect right to do so, because, under the statute, they reserve all the rights. But that would be the method. You would simply go to the Court which issued the subpœna, and state the case, and the Court would, if deemed advisable, serve a notice on the parties.

The AUDITOR GENERAL—Supposing I adjourn this for a week and I decide to go on?

Mr. CHRISTIE—You would go to the Court then and not to the witnesses.

The AUDITOR GENERAL—I beg your pardon, I think not. You may go to the Court yourself.

Mr. CHRISTIE—No.

The AUDITOR GENERAL—These subpœnas on the face of it are correct.

Mr. CHRISTIE—We say not. We go back to your application. We say the application does not state the fact.

The AUDITOR GENERAL—When you get a subpœna from a Court of law——

Mr. CHRISTIE—You can raise the same question.

The AUDITOR GENERAL—And not appear?

MR. CHRISTIE—Yes. Of course, if a man does it outrageously, and does not come at all, a bench warrant can issue; but if a counsel appears and gives reasons against the subpœna, there is nothing but to apply to the Court to argue the question on its merits. That is the only way. Any course that would be followed would end in that as a result. For instance, if you were to instruct one of the officers—which I do not think the statute enables you to do—but if you were to take the Attorney General or the Deputy Minister of Justice and say, 'We want you to sue for those penalties,' the witness would simply put in as a defence that which has occurred, and that we dispute the authority to issue the subpœna, and then the Court would either listen to the argument, or would have a prohibition served on the party to enable the argument to be brought up in the Court in which the subpœna issued; but in any case, and in every case, the only remedy following this procedure now is to allow the Court to decide whether we are wrong or not. If we are wrong, and the judge so decides that we are wrong, we will come and be examined.

The AUDITOR GENERAL—I will adjourn this matter for one week, at the same hour.

AUDIT OFFICE, OTTAWA, June 7, 1900.

DEAR MR. BLAKE,—With reference to the short conversation which I had with you some time ago in the Supreme Court, I beg to supply fuller details.

The Canada Atlantic Railway Company, under 50-51 Vic., Chap. 24, and the order in council of November 2, 1887, entered into an agreement with the Government for the construction of the Coteau Bridge on a subsidy of 15 per cent of the value of the structure, the subsidy not to exceed $180,000. It does not seem important to

follow out the intermediate transactions until the payment of the balance of the $180,000 subsidy on an order in council of July 1, 1890. You will notice that on November 2, 1890, Mr. Collingwood Schreiber, the Chief Engineer of Government railways, reported that the Coteau Bridge when completed would cost $1,175,000, and Mr. J. R. Booth, the president of the Canada Atlantic Railway, said on June 25, 1890, that there had already been expended in connection therewith $1,264,824.78.

Now on April 25, 1899, I received a letter from a person who was in a position to speak with authority on the subject, in the following words:—

'J. L. McDougall, Esq.,
Auditor General.

'Dear Sir,—Some years ago you paid to Canada Atlantic Railway Company the sum of $180,000, being a percentage of the alleged cost of constructing their bridge from the Coteau side of the river to Clark's Island. This should have been about $105,000, as the bridge does not stand to cost more than about $700,000, as shown by the books of the company. You, of course, should have this information.'

You will find inclosed a copy of the letter which I thereupon wrote to the Department of Railways and of the subsequent correspondence with that department, as well as of the correspondence with Mr. John Christie, the legal adviser of the Canada Atlantic Railway Company.

When, as is shown by the correspondence with Mr. Christie, there seemed no ground for expecting that the accounts of the expenditure on the Coteau Bridge would be supplied by the railway company as promised, I obtained a subpœna from the Exchequer Court for the attendance of witnesses under section 56 of the Consolidated Revenue and Audit Act, 41 Vic., Chap. 7. Mr. Christie appeared, as you will observe from the papers, and questioned my authority in this case.

I now desire to have the matter brought before the Exchequer Court and the question of authority settled as soon as possible. Mr. Christie's objection is that when an account is submitted to me for audit before payment, it cannot be submitted to me again. It does not seem very appropriate in the Canada Atlantic Railway Company to object to my examining minutely the account when one of the two vouchers on which the payment was made was the unsupported letter of its own president, Mr. J. R. Booth, as to the cost of the railway. It is quite true that the other voucher, the valuation of the work by the Chief Engineer of Government railways, was important.

Whether the fact of the payment having been made on examination by me shuts me out from any subsequent examination, is one that must be decided by the Court, but it seems rather inconsistent that it should when we consider the other provisions of the Audit Act.

Sections 43 to 49 inclusive give the Auditor General unlimited powers and therefore duties in examining accounts already paid, and if the Finance Minister wishes the accounts to be examined in greater detail he can require me to do so. If some irregularity or dishonesty has escaped me, why should the country be deprived of the means of finding it out if the means of detecting can be applied in all other cases.

I am, sir, your obedient servant,

S. H. Blake, Esq., Q.C., Ottawa. J. L. McDOUGALL, *A.G.*

Toronto, June 18, 1900.

Re Canada Atlantic Railway Company—Subsidy for Bridge.

Sir,—I have considered your letters of the 7th and 8th instant. I have also gone carefully over the inclosures. In order that I might be fortified in my opinion,

I discussed the matter with Mr. Walter Cassels, and we have both come to the same conclusion in the matter.

Some years ago, under an order in council of July 1, 1890, an audit was had, evidence was procured, and the subsidy in question was handed over. This was the occasion for the Auditor General to have weighed the evidence produced, and to have considered whether it was reasonable to have passsed the item upon vouchers, one of which was the unsupported letter of the presidnt of the road, Mr. J. R. Booth. I refer to this because of the mention made of it in your letter. It is sufficient, however, to say that it was considered by the railway department that the payment in question should be made, and that you, as Auditor General, considered the vouchers presented and determined that the claimant was entitled to the amount of the subsidy. If you had desired then and had doubted the word of Mr. Booth, you could have examined any person on oath or affirmation in respect of the matters of account. You might have refused to issue your certificate until these persons presented themselves before you, and gave the information you desired. The statutes which give you this power, to my mind, manifestly refer to a pending application. The account in question having been audited and passed, you were and are *functus officio*. You have no further power or right in the matter. If a wrong has been done, it is for the Crown, in the usual course, to bring an action to recover back, on the ground of fraud, the amount which has been paid or overpaid. Any examination had by you at present would be merely illusory. No matter what facts might be adduced you could not act upon them. Your audit has ceased, and you cannot go beyond presenting to the Department of Justice the facts which have been laid before you, in order that this department, if it pleases, may take the necessary legal proceedings to have right done in the matter. I strongly advise you not to make the application for the subpœna, as it will be refused. I will be in Ottawa to-morrow, and will be glad to discuss the question with you if you think well of it. I will be all day either at the Russell House or at the Parliament Buildings.

I am, sir, your obedient servant,

The Auditor General. S. H. BLAKE.

Toronto, October 24, 1900.

Re Canada Atlantic, Coteau Bridge.

Dear Sir,—I have given a great deal of attention to the question submitted, arising under sections 55 and 56 of the Audit Act.

The payment of the subsidy was made as far back as 1889-90. The papers which were submitted to you, and upon which you authorized the payment, were on their face sufficient in your judgment, and subsequently the amounts paid were dealt with in your annual audit, and were embraced in your report which was submitted to Parliament.

In 1899 you received from a person who had been in a position which would apparently give him knowledge to speak with authority, a letter to the following effect : 'Some years ago you paid to the Canada Atlantic Railway Company the sum of $180,000, being a percentage on the alleged cost of constructing their bridge from the Coteau side of the River St. Lawrence to Clark's Island. This should have been about $105,000, as the bridge did not stand to cost more than about $700,000, as shown by the books of the company.'

Correspondence ensued between you and the solicitor for the company, with reference to your being furnished with a detailed statement, supported by vouchers, showing the cost of the bridge. The allegations in the above letter were denied, and the correspondence closed, with the result that the statement was not furnished. You

then procured from the Exchequer Court a subpœna directed to certain officers of the railway company, commanding them to appear before you and to bring the company's books, &c., and disclose what they knew concerning the matter 'respecting certain public accounts of Canada which have been submitted to the Auditor General of Canada for audit.'

At the time appointed counsel for the railway company appeared and objected to the legality of the issue of the subpœna upon certain grounds, the gist of which was that 'there is not at present any account submitted to the Auditor General of Canada for audit with reference to which the evidence under the said subpœna is required,' and that the accounts of the moneys paid had been audited. The single question, therefore, is whether the objection is well taken. or whether you still have a jurisdiction to take evidence with respect to the account.

The sections of the statute bearing upon the question are *55*, which is as follows :

The Auditor General may examine any person on oath or affirmation on any matter pertinent to any account submitted to him for audit ; and such oath or affirmation may be administered by him to any person whom he desires to examine;

And *56*, which is as follows :—

The Auditor General may apply to any judge of the Exchequer Court of Canada, or to any judge of a superior court of any province of Canada, for an order that a subpœna be issued from the court, commanding any person therein named to appear before him at the time and place mentioned in such subpœna, and then and there to testify to all matters within his knowledge relative to any account submitted to him, and (if so required) to bring with him and produce any document, paper or thing which he has in his possession relative to any such account as aforesaid.

I am of opinion that after you have audited an account and reported upon it to Parliament, the account cannot be considered as submitted to you for audit within the meaning of these sections, so as to entitle you to take evidence with respect thereto, or to obtain a subpœna compelling the attendance of a person to give evidence, and that with respect to the account in question you are *functus officio*. I do not base my opinion on the ground that what you did at the time the account was paid in authorizing its payment ended the matter so far as your jurisdiction was concerned, though a good deal can be said in favour of that view. I base my opinion upon the fact that the account was submitted to you for audit within the meaning of the statute when you dealt with it in your report for the year in which the payment was made.

I return the papers left with me.

I am, sir, your obedient servant,

The Auditor General. Z. A. LASH.

Using Cheque after the lapse of the Appropriation against which it is drawn.

Order in Council, July 25, 1900.—That authority be granted for the payment of the sum of $847.50 as in the following item in the estimates for 1899-1900 :—

'Intercolonial Railway—Capital—To pay Ralph Jones half interest at 6 per cent on $38,915.37, amount reported by commissioner on Oxford and New Glasgow Railway Claim respecting "hard-pan" of Stewart & Jones contract, No. 6, made up as follows: On $38,055.37 from January 7, 1893, date of finding to September 20, 1893, date of payment, and on $860 from January 7, 1893, date of finding to October 9, 1894, date of payment, in all $1,694.99, $847.50.'

JOHN J. McGEE, *C.P.C.*

OTTAWA, July 25, 1900.

Stewart vs. Jones.

DEAR SIR,—We beg to advise you that the High Court of Justice in Toronto has pronounced an order restraining the defendant Jones from releasing or discharging the claim of the firm of Stewart & Jones in respect of interest on the Hard-pan Claim in whole or any part unless the money be paid into court.

The plaintiff has also recovered judgment against Mr. Ralph Jones for the sum of $4,510.87, and Mr. John Sweetland, the sheriff of the county of Carleton, has been appointed receiver by order, dated the 24th day of July, 1900, of all the defendant's interest in the sum of $847.50, voted to him at the last session of Parliament. We therefore notify you that if the department considers said sum of $847.50 to be partnership money, Mr. Jones is restrained by order of the High Court of Justice from discharging the claim, and if the money is payable to him personally as a gratuity, Mr. John Sweetland, the receiver appointed, is entitled to receive the defendant's personal interest in the said sum and is exclusively entitled to the same.

Yours truly,

O'GARA, WYLD & OSLER.

TORONTO, July 27, 1900.

DEAR SIR,—I am in receipt of your telegram asking me to open letter addressed to Mr. Lash, dated 26th instant and to advise.

As I view the matter the interest in question granted Mr. Jones is not in any sense a gratuity given to him. It is treated as a claim for interest between the dates at which Mr. Jones was entitled to the principal and the date when the principal was paid to him. It may be that the Crown could not have been compelled in law to pay this interest. Be this as it may, it is a claim that as between subject and subject would be recognized as a legal claim. The Crown recognizes it as a proper claim and have so granted it. In the face of the order made appointing a receiver it would be improper for Mr. Jones to receive the money and in my judgment improper to pay it in defiance of this order.

I am just informed by Mr. Shepley that the order of Judge Musgrove, dated the 24th July instant, has been rescinded by Chief Justice Meredith. A motion, however, is now standing for judgment before the Chief Justice to make a new order granting a receiver. It would be premature to deal with the matter or to pay the money pending the result of this application. If the Chief Justice grants a new order appointing a receiver to receive the money then I think the money should not be paid over to Mr. Jones. I have asked Mr. Miller Lash to watch the proceedings before the Chief Justice and to further advise. Mr. Lash will be home in a day or two, and in the meantime no harm will be done by refraining from payment. If the Chief Justice declines to grant any order and there is no order whatever preventing Mr. Jones receiving the money then you would be entitled to pay the money to Mr. Jones.

I am, sir, your obedient servant,

The Auditor General. WALTER CASSELS.

TORONTO, August 1, 1900.

DEAR SIR,—Referring to your letter of July 26, *re* item $847.50, voted to Ralph Jones, and to Mr. Walter Cassels' letter to you of July 27, I now beg to say that on

July 28 Chief Justice Meredith made an order in the action of Stewart vs. Jones to the following effect:—

(1.) Setting aside Judge Mosgrove's order;

(2.) Restraining the defendant Jones until September 4, 1900 (or until motion made to continue the restraining), from collecting or receiving the sum of $847.50 referred to;

(3.) Appointing Sheriff Sweetland receiver until September 4, 1900 (or until motion made to continue him as receiver), to collect and receive the said sum of $847.50.

There is therefore no doubt with respect to the facts of the case. The principle involved is somewhat important. The facts are simply as follows:—

Parliament, by the Appropriation Act (No. 5), 1900, has enacted that 'from and out of the Consolidated Revenue Fund of Canada there shall and may be paid and applied a sum not exceeding in the whole two million two hundred and sixty-four thousand seven hundred and twenty-eight dollars and thirty cents towards defraying the several charges and expenses of the public service of Canada . . . . set forth in schedule A of this Act.'

In schedule A is contained the following item:—

'Ralph Jones, half interest at 6 per cent on $38,915.37, amount reported by commissioner on Oxford and New Glasgow Railway claim respecting "hard pan" of Stewart & Jones' contract No. 6, $847.50.'

This unquestionably places at the disposal of the government the amount mentioned for the purpose referred to, payment of course to be made according to the usual routine.

The order of Chief Justice Meredith restrains Mr. Jones from collecting or receiving the $847.50, and appoints Sheriff Sweetland as receiver with authority to collect and receive it, and, of course, to give a discharge for it on behalf of Mr. Jones.

Because the money was voted to the Crown, and can be paid only by the Crown through its proper officers, the Court could not. and the order referred to did not attempt to, restrain the Crown or its officers from paying the money, the Court not having jurisdiction over the Crown or its officers in such a matter. Technically speaking, I am of opinion that, notwithstanding the order restraining Mr. Jones from receiving the money and authorizing the receiver to collect it, the Crown could not be made liable to pay the money a second time if, in the exercise of its discretion, it thought fit to pay the money to Mr. Jones and not to the receiver. Mr. Jones, by receiving the money would of course be guilty of contempt of Court, and would have to suffer the consequences of his contempt.

The technical legal position is not a difficult one. I think the Crown is entitled to exercise its discretion as to making the payment to Mr. Jones or to the receiver, or, possibly, as to withholding payment altogether. This latter would depend upon the general facts of the case relating to the item, with which I am not familiar, and which it is not important now to consider.

The important question is with respect to the principles upon which the exercise of the Crown's discretion should be based. This, of course, is a matter for Her Majesty's advisers. I may perhaps be permitted to say that to disregard a positive order of one of Her Majesty's Courts having full jurisdiction to make the order, and to pay money to a person who, by receiving it, would be guilty of contempt of Her Majesty's Court, should require very strong grounds of justification on the merits of the whole case. *Prima facie*, as Mr. Jones has been restrained from receiving the money, he is not the proper person to receive it; and, *prima facie*, as Sheriff Sweetland has been appointed to receive the money, he is the proper person to receive it. The facts of the case, however, may be such as to warrant Her Majesty's advisers in advising a course which would be opposed to this *prima facie* case.

With respect to your position as Auditor, I think that you will perform your duty fully by calling the attention of the proper department to the facts as above explained, and asking for the decision of the government thereon. If the government decides to make the payment to Mr. Jones, notwithstanding the order of the Court, I think you would not be justified in refusing as Auditor to sign the cheque. If the government should decide to make the payment to the receiver, I think that you as Auditor would be justified in signing the cheque to him. I return the papers.

I am, sir, your obedient servant,

The Auditor General. Z. A. LASH.

AUDIT OFFICE, OTTAWA, August 2, 1900.

SIR,—With reference to our conversation of this morning regarding the Ralph Jones matter, it might be as well to make the cheque to Mr. Jones and yourself jointly, so that you would be in a position to withhold payment until you were satisfied that it could be made.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, August 3, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 2nd instant, relative to a cheque which it is proposed to make payable to Mr. Ralph Jones, to whom you refer.

In reply, I would say that it is immaterial how the said cheque is drawn so far as my action is concerned in the matter, as it will not be handed over to any one until I have been instructed by proper authority to do so.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, September 15, 1900.

SIR,—The cheque for Ralph Jones was issued by inadvertence on a duplicate certificate, in my absence.

Please return the cheque to this office for cancellation.

Whenever you are in a position to deal finally with the matter to your satisfaction, should that be before October 1, I shall be glad to authorize the issue of a cheque, as you may direct.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 18, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, relative to a certain cheque of the Finance Department issued in favour of Mr. Ralph Jones, being the amount voted to him by Parliament last session, less deduction for costs.

In reply, I have to state that the cheque in question is with the Department of Justice, to be handed to Mr. Jones, should they be satisfied that no legal objection exists to such action.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, October 1, 1900.

SIR,—With reference to the cheque in favour of Ralph Jones, mentioned in my letter of the 15th ultimo, please return it immediately so as to enable me to cancel the entry made debiting the amount to the appropriation. I assume that the cheque was not used, and that, according to my letter, you are holding it for return to this office. It will be impossible to credit the appropriation of last year unless the return is made at once.

It would be illegal to hand over the cheque now, as you will see by referring to section 37 of the Audit Act. Payment would not then be made during the extended time.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, October 4, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 1st instant, with further reference to your request for the return to your office of a certain Finance Department cheque issued in favour of Mr. Ralph Jones in connection with the above-mentioned matter.

In reply I have to say that I am not aware where the cheque in questin is, as, at the Minister's request, I left it on the table in his office, and have not seen it since. The Minister is, at present, absent from Ottawa.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, October 5, 1900.

SIR,—On the 1st instant I wrote to the Deputy Minister of Railways and Canals, asking for the return of a Receiver General's cheque in favour of Mr. Ralph Jones, which I understood had not been used. Inclosed is a copy of my letter and of Mr. Schreiber's reply, which speak for themselves. Will you kindly deal with the case?

I am, sir, your obedient servant,

Hon. A. G. BLAIR, J. L. McDOUGALL, *A.G.*
Minister of Railways and Canals.

AUDIT OFFICE, OTTAWA, January 17, 1901.

SIR,—May I refer again to my letter of October 5 last regarding the cheque issued in my absence to Mr. Ralph Jones and which was then held in your department.

You are aware that my opinion is, that under the 37th section of the Audit Act the cheque could not be legally handed over to Mr. Jones unless he was in a position to accept it before October 1.

I should be much obliged by your now deciding either to return the cheque or to take the ground that the cheque may be legally held to be used in paying Mr. Jones when his legal difficulties may be removed. Such action now would enable me to make

what appear the necessary comments in my report on last year's accounts. I am happy to say that the report is nearly completed.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Hon. A. G. BLAIR, Minister of Railways and Canals.

Circular to Depts.: Proposed Modification in Letter of Credit System.

AUDIT OFFICE, OTTAWA, June 30, 1900.

SIR,—As you are aware, there are now in practice, under the Consolidated Revenue and Audit Act, two modes of making payment of all expenses legally chargeable on a parliamentary appropriation, viz.: (1) by direct application to this Office for a Receiver General's cheque to cover the amount due; (2) by the issue of a cheque under a Departmental Letter of Credit.

The statute does not prescribe or indicate the expenditure, as a class, to which these modes respectively apply, and it seems to me that it will be in the public interest to attempt some classification in this respect for the future guidance of the departments.

In making the selection of the classes of expenditure which in my opinion should be made only by direct application to this office, I have been influenced largely by my experience in the past with expenditure of a similar nature. I have found that it is in connection with these classes of outlay the great bulk of the correspondence between this office and the departments has taken place; and inferentially, it is along these lines that irregular claims will likely be made in future.

I trust you will find that I have kept in view the convenience of the public and the department, by leaving to be paid under the credit all payments where mistakes are not likely to arise.

Commencing, then, with July next—the first month of the financial year 1900-1901—I would like your department to treat as proper claims for direct application to this office any that may come under the following heads:—

(1.) All advances or repayments for travel or other disbursements asked for by the officers or employees of the department to be charged on any vote other than Civil Government Contingencies.

(2.) All payments on account of or in final acquittance of large contracts.

(3.) Extras on contracts.

(4.) Gratuities or allowances of any kind not sanctioned by statute.

(5.) All accounts not within the financial year to which the appropriation applies or within six months before the beginning of it.

(6.) All salaries or other remuneration to employees at the department, not paid through the Accountant of Contingencies.

(7.) Special payments of any kind, whether authorized by the Governor in Council or not, or whether made under a special appropriation or not.

Of course I shall be glad to discuss this matter with you, if you so desire, as I am anxious that any departure which may be made from the present order of things shall be one in the right direction and be such as will not unnecessarily incommode the working of the department or interfere with the prompt settlement of all just claims on the public treasury.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Charges for Printing Cards.

A refund has been made by the Hon. Minister of Justice, and credited to casual revenue, 1900-01, to cover the following items :—

Report, 1898-99, page O—44—

Cox, Geo.—Engraving plate and printing 500 cards, 'Miss Mills' at Home'.....	$12 50

Report, 1899-1900, page T—48—

Cox, Geo.—Printing 200 dinner cards, Mr. Mills.....	5 00
Printing from plate, 100 cards, 'Mrs. Mills' at Home'.....	1 50

AUDITOR GENERAL'S REPORT
1899-1900

PART B

EXECUTIVE REGULATIONS

AND

MISCELLANEOUS STATEMENTS

EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE

Powers of Attorney.

RULES *prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.*

1. No Officer of the Civil Service shall, under any circumstances, be per itted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of theReceiver General, under which only payments can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General ; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February, 1, 1870.

Registration of Letters containing Cheques.

Order in Council, December 6, 1882.—Ordered that the various departments be required to register all letters containing cheques.

JOHN J. McGEE, *C.P.C.*

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss ; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary*

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future

JOHN J. McGEE, *C.P.C.*

Appropriation Balances

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean : "That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports : "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate ; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere ; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1). That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3). That no cheques be signed in blank, either in the inside or outside service.

(4). That all cheques be drawn in the form : "Pay to the order of———" ; and not in either of the forms : "Pay to———or bearer," or "Pay to——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :—(List not printed.)

JOHN J. McGEE, *C.P.C.*

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over $5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $1,000 nor more than $5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTE, *C.P.C.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. McGEE, *C.P.C.*

(*Circular.*) FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, May 2, 1893.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. McGEE, *C.P.C.*

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Secretary*

The Auditor General.

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

JOSEPH POPE, *Asst. C.P.C.*

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

J. M. COURTNEY, *Secretary.*

Stationery Office

Order in Council, June 26, 1889 (as amended by O. C., July 11, 1889).—His Excellency, in pursuance of the powers vested in him by Revised Statutes, chap. 27, sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order :—

1. In every department the Deputy Head shall sign all requisitions in accordance with sec. 7, chap. 27, of the Revised Statutes, and a clerk, to be named by the head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending, also, their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the emyloyees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence, bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief bags, shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

JOHN J. McGEE, *C.P.C.*

Newspapers and Books.

Order in Council, June 18, 1894.—Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 18, 1894.—Regulations respecting the purchase of newspapers, books and magazines, to the several departments :—

(1.) That a maximum limit of $500 be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.

(2.) That books and magazines, other than those which are of a technical character and necessary for the proper working of the department, shall be purchased only on authority of the head of the department.

(3.) That no newspapers be supplied to outside offices of any department except on the authority of the Minister of that department.

JOHN J. McGEE, *C.P.C.*

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch f the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded ; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

JOHN J. McGEE, *C.P.C.*

(Circular.)

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

* * * * * * *

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Ministers recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Legal Services.

Order in Council, April 12,1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

Certified, W. A. HIMSWORTH, *C.P.C.*

Removal Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the Minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted ;—

" *Removal Allowances.*—No removal allowances can be granted except on report of the Treasury Board. No romoval allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

Travelling Expenses—No allowance while on Steamers.

(Order in Council, November 10, 1886.)

TREASURY BOARD,—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by the officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows :—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships, or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. McGEE, *C.P.C.*

Travelling Expenses—General Regulations.

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses, as follows :—" The whole of the expenditure was incurred on Government business " ; said certificate to be signed by the officer who has incurred the expense.

JOHN J. McGEE, *C.P.C.*

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses ; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip ; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

" The whole of the expenditure was incurred on Government business."

JOHN J. McGEE, *C.P.C.*

Note.—The Lieutenant-Governor of the North-west Territories is allowed $5 a day by Order in Council, January 12, 1888.

Order in Council, March 13, 1895.—That the moving expenses of judges holding weekly sittings of the High Court of Justice at Ottawa and London, payment of which is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :—

For each sitting at Ottawa	$25 00
For each sitting at London	10 00

JOHN J. McGEE, *C.P.C.*

Order in Council, March 4, 1897.—That the Order in Council of the 23rd October, 1896, in reference to advances for travelling expenses from Civil Government Contingencies, be amended to read as follows :—That hereafter no advance be made to officers of the several departments, out of Civil Government Contingencies, for travelling expenses, in excess of one hundred and fifty dollars ; and that all advances made to them be accounted for at the end of each quarter, and that no advances be made until previous advances are settled.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the $10 a day allowance to Mr. E. L Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to

England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

* * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Triplicate Deposit Receipts for Balances of Travelling Expenses Advances to go to Accountant of Contingencies.

Order in Council, June 10, 1893.—That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council.

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies, be forwarded by the department or officer making such refunds to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

JOHN J. McGEE, *C.P.C.*

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary"; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

The Deputy Minister of Finance. GEO. W. BURBIDGE, *D.M.J.*

Appointments subject to changes in Superannuation Laws.

Order in Council, 18th November, 1896.—That all appointments made after 23rd June, 1896, or to be hereafter made, shall be subject to the understanding and conditions that the persons so appointed accept office subject to any changes which may be made in the Superannuation Laws of Canada; and that such appointees be notified of such understanding, and that a copy of this Minute, if approved, be forwarded to the deputy head of each department, and that each deputy head be requested to forward a copy thereof to each person to whom it may apply.

JOHN J. McGEE, *C.P.C.*

Civil Service Promotions.

Order in Council, April 12, 1893.—His Excellency, in virtue of the provisions of section 39 or "The Civil Service Act," as amended and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation :—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall, as a condition of promotion, be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

JOHN J. McGEE, *C.P.C.*

Salaries : Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed, be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, *Asst. C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Extra Salary.

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12.—Subsections 1 and 2 of section 51 of the Civi Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor :—"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

Public Service: Hours of Attendance, Extra Salary.

AUDIT OFFICE, OTTAWA, August 11, 1899.

SIR,—The Department of Justice has recently made application to me for payments to members of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of The Queen *vs.* Bradley. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard should be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is manifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will be much more unpopular with their assistants than the deputies in the other Departments with theirs.

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obliged if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

Order in Council, 19th August, 1899.—That the provisions of the 9th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public "service requires it, the Heads of Departments or Deputy Heads to have the right to call for the "attendance of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. McGEE, *C.P.C.*

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved, W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, *C.P.C.*

Information to be sent to the Treasury Board on Matters affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated June 19, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

(*Circular.*)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements :—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

T. J. McGEE, *C.P.C.*

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Hounourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Cap. 17):—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

Temporary Employees: Certificate of Attendance.

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of..... ....and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

J. M. COURTNEY, *Secretary.*

Departmental Employees: Pay-List.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Special Leave of Absence to Employees.

Order in Council, June 29, 1893.—No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. McGEE, *C.P.C.*

Leave of Absence to Temporary Employees.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. McGEE, *C.P.C.*

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. McGEE, *C.P.C.*

Rate of Pay for Copying.

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. McGEE, *C.P.C.*

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of $3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $5 per day, he shall be entitled to receive $5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, *C.P.C.*

Petty Expenses—Advances.

(Order in Council, November 12, 1884.)

Ordered that the sum of two hundred dollars ($200) be granted as a standing advance to each department of the public service for "Petty Expenses," but that before the same is renewed for any department, a detailed statement of the sums expended on account of petty expenses shall be furnished to the Auditor General.

The Auditor General.

JOHN J. McGEE, *C.P.C.*

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.— * * *
* * * * * * * * * * *

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—"(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements";—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See* 38 Vic., cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13.)

I am, sir, your obedient servant,

The Secretary, Treasury Board. GEO. W. BURBIDGE, *D.M.J.*

(*Circular.*) TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

"That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Insurance of Government property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property ; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, *C.P.C.*

Security of Public Officers.

(Order in Council, August, 1869.)

On the recommendation of the Honourable the Minister of Finance, the Committee advise that the annexed memorandum from the Board of Audit containing certain rules defining the circumstances under which security is to be required from public officers be approved and adopted.

WM. H. LEE, *C.P.C.*

The Board of Audit has had under consideration the Act respecting the securities of public officers and the Order in Council founded thereon. Although the manner in which security is to be given is therein laid down, there does not appear to be a sufficient definition of the circumstances under which security is to be required. After conference therefore with the other deputy heads who have not seats on the Board of Audit, the Board submit for the consideration of the Government the following resolutions :—

1. Every person collecting or receiving revenues in cash to be paid by him over to the Receiver General must give security.

2. Every paymaster whose business it is to distribute money handed over to him must give security.

3. Every person to whom letters of credit are given, or to whom warrants issue, whether accountable warrants in round sums to meet general expenditure or warrants to enable him to pay sums ascertained to be due, and who pays such sums by his own official cheque against an official account at the bank, shall give security.

4. When a department receives an accountable warrant for general expenditure or warrants to meet sums ascertained to be due, and such warrants are placed to the credit of the department in an official account, the cheques must be signed by the head or deputy head, and at least one other person in the department who has been designated for that purpose as being cognizant of the transaction and of its being duly received, and in such case it is not necessary that either should give security.

5. The paylists are paid by the bank upon the cheque of the deputy head in the department and of the collector at the ports and inland revenue stations. If the deputy head or collector gives his cheque in favour of the individual or order, he will not be required to give security, but if the whole money is drawn on one cheque to be distributed, the person charged with the distribution should give security.

6. It sometimes happens that in order to save the issue of many warrants or official cheques, money is paid to a department to distribute, although such a transaction may not fall within the ordinary duties of that department. In such cases unless the cheques are signed by another person in the department besides the deputy head, security ought to be given.

7. When for any reason money is casually placed in the hands of any person in a matter not belonging to the regular duties of his office, he cannot be called upon to give security, and it would be better in all such cases to place the money in the hands of two persons who should both sign the cheques.

8. Where a warrant issues in favour of any person and it is paid to him by a cheque in favour of any other person, he will not give security.

9. Where a warrant or letter of credit issues in favour of a Minister of the Crown to enable him to make certain payments, no security is required, but it would be better, except in special cases, that such credits or warrants should issue in favour of the department as in rule (4), in which case a second signature would be required.

It may be advisable to give some instances of cases which would fall under the above rules to render their operations more intelligible.

(1.) Collectors of customs and excise, the cashier of the Post Office Department, the collector of hydraulic rents for the Public Works, the collector of patent fees, Department of Agriculture.

(2.) The paymasters of the Public Works and Militia Departments and the International Railway Commission.

(3.) The accountant of contingencies, the wardens of penitentiaries, and all other persons receiving accountable warrants for petty expenses.

(4.) All the expending departments would come under this rule, but there should be a distinct order in each department, who should sign the cheques. The payment of interest and other services on general or open warrants, where the cheques are signed by both the Deputy Receiver and Deputy Inspector General would come under this rule, and the paymasters in Nova Scotia and New Brunswick.

(5.) All persons authorized to sign paylist cheques.

(6.) It often has occurred when the actual payee is not accessible that warrants have issued to the Receiver General to enable him to pay. Many of such cases will be met by the new arrangement of giving the cheque not in favour of the Receiver General, but of the individual. Such cases may, however, occur again, and would fall under this and the next rule. So also a sum may be paid to the Commissioner of Inland Revenue to distribute for small refunds of duty. Such sums ought to be placed to an official account as in any other expending department, although it may not be the ordinary business of the department, and the cheques should be countersigned.

(7.) Thus a certain sum was placed at the credit of the Secretary of the Treasury Board, to be expended as directed. Such a transaction formed no part of the duties of his office, and if such a thing is done again, a second person should be named to countersign the cheques.

Franking Privilege at Ottawa.

Order in Council, February 25, 1892.—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved :—

REGULATIONS.

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head may frank by a written signature or initials ; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any case be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.

6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.

7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of Ministers, shall be transmitted in envelopes having printed or written thereon the words " On Her Majesty's Service " ; and no envelope bearing the superscription shall be used for any private correspondence.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

JOHN J. McGEE, *C.P.C.*

Tariff of Fees on Commissions.

Order in Council, September 7, 1893.—The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State, with reference to the tariff of fees upon commissions to public officers :—

That the following tariff of fees chargeable upon commissions to public officers be confirmed :—

1. Upon commissions to Lieutenant-Governors, Ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of $20.

2. Upon commissions issued to officers or others receiving salaries of $1,000 or over, a fee of $15.

3. Upon commissions issued to officers or others receiving salaries from $400 to $1,000, a fee of $8.

4. Upon commissions issued to officers or others receiving salaries from $100 to $400, a fee of $5.

5. Upon commissions issued to officers or others receiving salaries of $100, or to officers or persons appointed to office, who are paid by fees of office, a fee of $4.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of $3,000 or upwards, the fee chargeable on commissions issued to them be fixed at $20.

The above to apply to commissions issued under the Great or Privy Seal.

He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid.

JOHN J. McGEE, *C.P.C.*

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission ; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance ; and that no further charge be allowed for such letters and interviews ; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissionner hereafter appointed with his commission, or the notification of his appointment, and that such commissionner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

The Auditor General, JOHN J. McGEE, *C.P.C.*

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1893.—On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the

Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 18, 1893.—That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Reports to 500 copies each.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 27, 1896.—The Committee on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

JOHN J. McGEE, *C.P.C.*

EXECUTIVE REGULATIONS GOVERNING REVENUE AUDIT.

Treasury Minute, June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give the letter was unanswered ; but, in order that the law may be complied with, I have now to state that the rules are approved of.

* * * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public Moneys.

(1.) Receipts with printed consecutive numbers should be used.

(2.) A receipt should be given for each payment.

(3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.

(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made ; and it should be signed by the collector, and when payment is made in person, by the payer.

(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $25. If the daily receipts do not amount to $25, a deposit should be made whenever that sum or more is on hand.

(6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration, the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows :—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $25 ; otherwise, whenever that sum is on hand ; and he shall furnish regularly to the proper department, a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance ; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary, certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicable to each department be submitted to the Board for approval.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Explanations by Accountant of Contingencies :—

a. An item of $900 was placed in Supplementary Estimates, and reported as voted, but subsequently did not appear in Supply Bill, thus causing slight overdraft. *b.* Overdraft caused by transfer which was put through after payments had ceased.

These accounts have been examined under my direction and are correct.

Examined,
H. Gross.

J. L. McDOUGALL,
Auditor General.

Explanations furnished by department:

a As we had no control over the expenditure in the Paris office, the overdraft was unforeseen as far as we were concerned.

These accounts have been examined under by direction and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,
H. GROSS.

Explanations by Deputy Minister Schreiber:

a. Works did not proceed as rapidly as anticipated.
b. Some claims not yet settled.
c. Works not proceeded with.
d. Underestimated.
e. Overestimated.
f. Strict economy.
g. Claim not settled.
k. Interest could only be paid upon the portion of the claim paid.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor General.

Examined (except as in letter below).
FREDERICK HAYTER.

AUDIT OFFICE, July 26, 1900.

SIR,—For the reasons set forth in the memoranda submitted to you, I prefer not to countersign the certificate for $29,143.89 in favour of Corry & Laverdure for extras on the Trent Canal.

Respectfully yours,
FREDERICK HAYTER.

The Auditor General.

Explanations furnished by Comptroller White:

a. The withdrawal of members of the Mounted Police for service in South Africa necessitated the engagement of recruits, the employment of special constables, transportation and other expenses which unavoidably disarranged our expenditure under the various sub-heads of the appropriation. *b.* It is impossible under existing conditions in the Yukon Territory to keep the expenditure within the limits of the various sub-heads of the appropriation.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,
J. W. Reid.

" bal. 1888-99 unexpended	3,665 67				
	377,416 57	354,209 97		*23,206 60	

a. By a special clause in the Supply Bill the balance unexpended each year does not lapse. Carrying forward the balance of previous years accounts for the present surplus. *b*. The estimates were based on the number of patients treated in 1898-99, making allowance for the same ratio of increase in preceding years, but the same rate of increase did not take place.

*Under section 4 of the Supply Bill this amount is available for expenditure in 1900-1.

These accounts have been examined under my direction and are correct.

EXPLANATIONS BY THE ACCOUNTANT, INLAND REVENUE DEPARTMENT.

a. Caused by changes in staff, deaths and superannuation of officers who were not replaced on permanent list. *b*. Decrease in expenses for prevention of smuggling. *c*. Caused by destruction of stock by the fire, which had to be replaced immediately. *d*. Presumed decrease in lumber trade and cove surveys and consequent decrease in expenses. *e*. Changes in staff and reduction in expenses. *f*. Unavoidable over-expenditure caused by the payment from this year's appropriation of accounts for 1898 and 1899 outstanding for want of available funds. *g*. No renewal of ferry licenses and consequent saving in advertising.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor General.

Dairying Interests: Maintenance.

AUDIT OFFICE, OTTAWA, May 10, 1900.

SIR,—Cheque No. 18514 for $300 is a payment to the Prince Edward Island Dairy Association as a special grant. Please let me have a statement of the conditions under which payment to the association was made, and of any other circumstances relative to the matter.

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 11, 1900.

SIR,—Referring to your letter of January 29 relative to a payment of $600 to the Churchbridge Creamery Association as a loan on the security of a note of the directors payable sixteen months after June 21, 1898, which note was discounted by your department at the end of the fiscal year, and the proceeds ($592.10) deposited as a refund to the vote from which the payment was made, with the statement in your letter of the date referred to, that the Churchbridge Creamery Association had been

asked to refund the amount of the discount—$7.90, I notice that the note in question was taken up by your department by a payment out of this year's vote, cheque No. 19496, for $600.

Please explain why the makers of the note did not meet their obligation, and what steps have been taken by you to obtain a repayment of this money.

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner. J. L. McDOUGALL, *A.G.*

Dairying Interests: Stock Account.

AUDIT OFFICE, OTTAWA, March 9, 1900.

SIR,—Referring to your expenditure on account of Dairying Interests Stock Account, let me call your attention to the following statement and remarks :—

Fiscal Year.	Debit Balance.	Credit Balance.	Deposited Casual Revenue.
	$ cts.	$ cts.	$ cts.
1893-94	3,883 73		
1894-95	39,669 38		
1895-96	17,563 81		36,000 00
1896-97	1,993 89		
1897-98		4,130 27	126 92
1898-99		7,309 04	
	63,110 81	11,439 31	36,126 92
			11,439 31
	47,566 23		47,566 23
Debit balance	15,544 58		

You will see from the above that to June 30, 1899, there was an apparent shortage on this account as shown by the public accounts of $15,544.58. I should like to be furnished with your statement of the expenditure and revenue on the account, and explanation of the fact that the expenditure has not been repaid in full as the terms of yearly votes, which were to be used simply as a credit, require—in fact with the present system of keeping the account, I cannot understand why the account should not always balance itself when the charges against the patrons are closed up, which they should be when the product is sold. The actual deficit must be greater than $15,544.58, as the credit balance for 1897-8 and 1898-9 of $4,130.27 and $7,309.04 as above, include the amounts of the assessments on the various factories for the repayments of the North-west creameries, loans and other advance payments, and these should be deducted.

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 25, 1900.

SIR,—Referring to the expenditure for 1898-9, charged to dairying interests "Stock Account," I have to call your attention to the payments made under these cheques :

Cheque No. 14985, Grenfell, B.C., Association.....$214 19
" No. 16058, Wetaskiwin Dairying Company..... 135 68

In each case as one-half loan fund, 1898.

In view of the terms of the Order in Council of February 7, 1898, providing by means of a charge of one cent per pound on the butter made in the creameries, for the repayment of the advances made to these creameries, which deductions were made in your settlement with the patrons at these stations, please explain why one-half of this assessment was afterward paid back to these two associations.

I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner. J. L. McDOUGALL, *A.G.*

Re Arrears Due.

DEPARTMENT OF AGRICULTURE, OTTAWA, October 9, 1900.

SIR,—I have the honour to inform you, in reply to your letters of the 6th ult. and 8th inst., asking for a statement of the arrears due this department for the purpose of publication in the Audit Report, that there are no arrears due this department.

I am, sir, your obedient servant,

A. L. JARVIS, *S.D.A.*

The Auditor General.

Re Cattle Inspection.

AUDIT OFFICE, OTTAWA, October 30, 1900.

SIR,—The receipts on account of cattle inspection that came to account for 1899-1900, amounted to $2,083.12.

The returns of the inspectors who made the inspections and collected the fees have been furnished for only about one-half of this amount. I have to inquire why returns have not been obtained for all the deposits made.

In order to make a proper audit of this revenue, a list should be furnished of all places where inspections are made and the names of the inspectors ; a monthly statement should be furnished by each inspector, and these returns, having been examined and certified in your department, should be forwarded monthly to this office.

Deposits have come to account during the present fiscal year amounting to $468.39, for which no returns have been furnished.

A copy of the regulations and the tariff of fees should also be furnished.

Your early attention is requested.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Agriculture.

DEPARTMENT OF AGRICULTURE, OTTAWA, November 5, 1900.

SIR,—In reply to your letter under date the 30th ult. *re* cattle inspectien, I have the honour to state that the acting accountant has reported to me that every endeavour has been made to obtain monthly returns from all inspectors, and to have all forms properly filled up and forwarded to the department. He adds that so far as this year's work is concerned, details are being furnished with every deposit, and I trust that there will be no further trouble in this respect.

I beg to state that the deposits already received this year amount to $731.64, not $468.39 as mentioned in your letter.

I send you herewith the details covering the amount of inspections, as requested.

I also inclose copy of our regulations and tariff of fees for inspections, as they may be of service in your office.

I am, sir, your obedient servant,

A. L. JARVIS, *Acting D.M.A.*

The Auditor General.

Illegal to Issue Cheque after Vote has Lapsed.

CUSTOMS DEPARTMENT, OTTAWA, September 4, 1900.

SIR,—I have the honour to request that you will cause the issue of a cheque in favour of Mr. Johnstone Beatty, formerly a Preventive Officer of Customs at Port Hope, Ont., for the sum of $187.33, the same being a retiring gratuity voted by Parliament for the fiscal year ended June 30, 1900, and the payment of which is authorized by Order in Council of the 25th July last.

I am, sir, your obedient servant,

F. G. BENNET, *Acting Commissioner.*

The Auditor General.

AUDIT OFFICE, OTTAWA, September 5, 1900.

SIR,—I am in receipt of your letter of yesterday requesting the issue of a cheque in favour of Mr. Johnstone Beatty for the sum of $187.33, being a retiring gratuity voted by Parliament for the fiscal year ended June 30, 1900, and in reply I am sorry to state that it would be illegal to now issue the cheque as the amount voted by Parliament for this purpose lapsed on the 15th of August.

I am, sir, your obedient servant,

The Acting Commissioner of Customs. J. L. McDOUGALL, *A.G.*

Details not Furnished.

AUDIT OFFICE, OTTAWA, November 12, 1900.

SIR,—In the travelling expense accounts of Mr. J. J. Bremner, charged to Inspection for the year 1899-1900, I find the following items :—

July 17, 1899—	Supplies laid in at Halifax	$ 1 55
Aug. 21, 1899—	Sundry supplies at Halifax	2 20
Nov. 4, 1899—	" "	2 40
June 9, 1900—	" "	2 12

Please ask Mr. Bremner to give a description of the supplies furnished.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, November 29, 1900.

SIR,—Referring to your letter of the 12th instant, *re* travelling expenses of J. J. Bremner, Inspector of Customs, I am informed that the supplies in question, laid in at Halifax, were edibles, such as cakes, canned meats, liquid beef, cheese, &c., used on his journeys to remote Customs Stations in the course of his official inspection.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Irregularities in Pay Lists.

AUDIT OFFICE, OTTAWA, November 12, 1900.

SIR,—In examining the salaries for the port Kentville, N.S., for the year 1899-1900, I find that the signature of J. E. Orpin appears upon the July, August, September and October pay lists, but attached to the August pay list I find a letter from the Collector and a copy of a letter from your Accountant in reply which show that Mr. Orpin died about August 1. Please inform me why the signature of Mr. Orpin appears on the pay lists as late as October when he appears to have died early in August.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

Increase of salary of Miss B. L. Mason

AUDIT OFFICE, OTTAWA, November 18, 1899.

SIR,—I have an Order in Council of November 4, authorizing the increase of salary of Miss B. L. Mason, from $430 to $480 on account of her having passed in two optional subjects at the time she passed the qualifying examination. Kindly inform me of the reason that these optional subjects were not taken into account in fixing her initial salary when she was first employed in your department.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, November 30, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant in reference to an Order in Council increasing the salary of Miss B. L. Mason from $430 to $480, in consideration of the fact that she passed in two optional subjects at the time of passing the qualifying examination. In reply I beg to state that, owing to an oversight, the optional subjects were not taken into account in fixing Miss Mason's salary when she was first employed in this department.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Payments to Miss Daws for Copying.

AUDIT OFFICE, OTTAWA, January 13, 1900.

SIR,—I have your application for a cheque in favour of Miss E. M. Daws for the amount of $81.25 for preparing returns to Parliament. Before passing this application I would like to check the number of folios for which payment is asked. I have accordingly to ask you to send me the return in question, in order that I may check the amount of work. If the return is of a confidential nature it will be treated as such in this office.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, February 12, 1900.

SIR,—With further reference to your application of the 9th ultimo (file No. 35926) for a cheque in favour of Miss E. M. Daws for the sum of $81.25 for preparing a return for the Senate, I beg to inform you that I have had the words in the copy of the return sent me counted. According to that count the number of words is 122,634, or 1,226 folios of 100 words, which would make the amount payable Miss Daws $61.30 instead of $81.25, as asked by you. Kindly let me know how you arrived at the figures given by you.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, February 14, 1900.

SIR,—Referring to your letter of the 12th instant respecting application for a cheque in favour of Miss E. M. Daws for preparing a return to the Senate, I beg to state that the estimate of the number of folios furnished you included an allowance of about one-fifth for making a carbon copy of the return for use in the department. If no allowance is to be made out of this vote on account of the carbon copies, please forward the cheque for $61.30 in accordance with your count.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Customs Seizures.

AUDIT OFFICE, OTTAWA, March 9, 1900.

SIR,—I have lately received a copy of an Order in Council dated February 2, establishing amended regulations providing that the proceeds of all customs seizures, after deducting awards to collectors, seizing officers and informers, shall be available to meet expenses of customs seizures and customs preventive service.

The effect of this regulation will be to supplement the amount voted by parliament for preventive service by the net revenue arising from customs seizures amounting in 1898-99 to $34,777.75.

I have to inquire under what statutory authority this action is taken.

I am, sir, your obedient servant

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, April 12, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th ultimo, inquiring under what statutory authority an Order in Council has been passed for payment of the expenses of customs seizures and preventive service out of the proceeds of customs seizures and pointing out that the net revenue (exclusive of expenses) arising from customs seizures in 1898-99 was $34,777.75.

The expenses of seizures have been heretofore charged against seizures. In 1892 an Order in Council was passed, providing that "five per cent. of the gross proceeds of all customs seizures, and "and of all fines and penalties imposed in connection with any customs seizure or for any violation "of any customs law, may be deposited to the credit of the Receiver General as a special fund from "which may be paid under authority of the Minister of Customs any expenses legitimately incurred "and regularly vouched for in connection with the customs preventive service."

Payments have been made under this Order in Council ever since 1892, and the authority for the above provisions in the Order in Council of 1892 would be applicable in the case of the Order in Council of February 2, 1900, there being no change in the law, in this respect, since 1892, so far as I am aware.

The whole proceeds of customs seizures, penalties and forfeitures, appear to be available for distribution, upon the Order of the Governor in Council, under section 191 of the Customs Act, which reads as follows:—

"The proceeds, after deducting expenses, shall, unless it is otherwise provided, belong to Her "Majesty for the public uses of Canada; but the net proceeds or any portion thereof, may be "divided between, and paid to the collector or chief officer of the customs at the port or place "where the seizure was made, and the officer or officers by whom the seizure was made, or the infor- "mation given which led to the seizure and any person who has given information or otherwise "aided in effecting the condemnation of the the thing seized, in such proportions as the Governor in "Council in any case or class of cases directs and appoints; but nothing herein contained shall be "construed to limit or affect any power vested in the Governor in Council or the Minister of Customs "to make and ordain any other plan or system for the redistribution of such net proceeds, or with "regard to the remission of penalties or forfeiture, imposed by this Act or any other law."

Section 3, Chapter 180, Revised Statutes of Canada, provides that "The Governor in Council "may, from time to time, direct that any fine, penalty or forfeiture, or any portion thereof, which "would otherwise belong to the Crown for the public uses of Canada, be paid to any provincial, "municipal or local authority, which wholly or in part bears the expenses of administering the law "under which such fine, penalty or forfeiture is imposed, or that the same be applied in any other "manner deemed best adapted to attain the objects of such law and to secure its due administration."

I may point out that the net revenue of $34,777.75 for 1898-99, referred to in your letter, is subject to refund of deposits in undecided cases; and the amount which will be available for expenses of Customs Preventive Service under the new Order in Council will be much below the sum named, taking the average results for the past few years as a basis.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Inspection of Ports.

AUDIT OFFICE, OTTAWA, June 8, 1900.

SIR,—I wrote you March 9 last calling your attention to previous correspondence in reference to the reports of your inspectors being furnished regularly to this office, and again requesting your attention to the matter. I have not yet received any reply to my letter.

The Post Office Inspectors make out their reports in duplicate, one copy of which is forwarded to this office; and the Inland Revenue Department are making arrangements to do the same.

Your attention is again requested.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, July 3, 1900.

SIR,—I have the honour to acknowledge the receipt of your letters, asking that copies of Customs Inspectors' Reports be furnished to you.

These reports as now prepared for the information of this department, are usually voluminous and cover a variety of matters relating to the customs service, which are not connected with the auditing of the customs revenue or expenditure. It is impracticable to furnish copies of these reports for your office, and I am of opinion that no useful purpose would be served in furnishing them.

Your office now receives regularly direct from all customs ports and outports a statement of all customs revenues collected, and from all customs ports the following documents, viz. :—

(*a*) Bank deposit receipts for customs revenues collected.
(*b*) Checks for all expenditure.
(*c*) Bank statement signed by the agent of the bank showing in detail the money deposited and withdrawn by the collector.

When the revenues collected are not duly accounted for, the defalcation thus occurring, either through suppression of entries or in other ways, is specially reported to the Audit Office, if discovered.

A thorough check of customs entries which are not suppressed is now made in the Customs Department. If reports by customs inspectors be necessary as a further check on such entries, the furnishing of a special report will be considered. if the form can be agreed upon.

The inspectors' reports in respect of expenditure or payments made through collectors would be of no service, as the original checks, which are sent to the Audit Office (and also examined in the Customs Department), are seldom available for examination by the inspectors.

Where entries are suppressed, the information necessary to establish the facts has generally to be obtained from sources outside the customs service.

There are many matters connected with the collection of customs revenue which can be checked at customs ports only, as the invoices, manifests, reports, bills of lading and other documents are required to be filed there. I am satisfied that your office cannot audit such matters through the customs inspectors reports, and that a recheck, if necessary, can only be made at the custom-house.

Whether the expense of further special returns to the Audit Office in respect of such matters should be provided for, is a question which may be considered. Such returns cannot be provided without an increase in the customs staff.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, July 24, 1900.

SIR,—I have received your letter of the 3rd instant stating the objections and difficulties that would arise were you required to furnish this office copies of your inspectors' reports.

Please let me have a copy of the form now in use.

Inspectors of Post Offices, Inland Revenue and Railways make out their reports in duplicate, one for this office. Could your inspectors not do likewise ?

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, August 2, 1900.

SIR,—Referring to your letter of the 24th ultimo in the above matter, I send you herewith a copy of the usual printed form for customs inspectors' reports, consisting of 11 pages inquiries (printed) and 3 blank pages, and covering a variety of matters relating to the customs service, which are not connected with the auditing of the customs revenue or expenditure.

The report which you receive from the inland revenue is a single page statement of about half a dozen lines.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, August 17, 1900.

SIR,—I have received your letter of the 2nd instant inclosing a copy of the form on which your inspectors will make their reports.

Though it is exhaustive and covers some information not directly of use for auditing purposes, yet it contains a great deal of information we should get. I cannot see what objections there can be to ask the inspectors to make their reports in duplicate and forward one copy to this office. The extra work of copying the return is not so great as to stand in the way of furnishing this office with information which, in our judgment, would be useful.

I trust you may see fit to give the necessary instructions to your inspectors.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

Re Collectors Bank Account.

AUDIT OFFICE, OTTAWA, August 17, 1900.

SIR,—In your letter of July 3 last you state that, together with other vouchers and statements furnished to this office, there is a "bank statement signed by the agent of the bank, showing in detail the money deposited and withdrawn by the collectors," and "cheques for all expenditure."

I have to inform you that no such statements or cheques appertaining to the fiscal year ended June 30 last have been received here. Your accountant in his letter of March 28 explains the delay in forwarding them by the fact that they were badly prepared, and a large amount of correspondence was necessary. He wrote again on May 16 and August 9, stating in effect that he did not propose to let these returns go out of his hands until they were properly verified, and on the former date the returns of July, 1899, had not been fully checked.

These returns are necessary for our work, but to be of use they should be furnished regularly and promptly. The return and cheques for one month should reach us before the close of the succeeding month or shortly after.

Your early attention is requested.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, October 15, 1900.

SIR,—Referring to your letter of August 17 in the above matter, I beg to state that instructions have been given to have these statements and cheques regularly and promptly forwarded, and further clerical assistance is being now used for that purpose.

The statements and cheques for the past fiscal year have recently gone forward (with few exceptions), and those for subsequent periods will follow in due course.

I am, sir, your obedient servant,

The Auditor Geueral. JOHN McDOUGALD, *Commissioner.*

Re Casual Revenue.

AUDIT OFFICE, OTTAWA, April 19, 1900.

SIR,—I have to ask for explanations and any vouchers you may have in connection with the following items credited to casual revenue during the present fiscal year :—

Winnipeg—Bradley estate, $100 and $193.91.
Victoria—Refund, previous years expenditure, $17.52.
New Westminster—J. S. Clute, $147.55 and $250.
Dawson—J. A. McMartin, $22.
Sarnia—H. J. Smith, account (board) $69.70.
Windsor, Ont.—A. Drouillard, overpayment, $50.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, May 2, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, asking for explanations and any vouchers which may be in the possession of this department in connection with various items credited to casual revenue during the present fiscal year.

In respect to the items of $100 and $193.91 in connection with the Bradley estate at Winnipeg, I would say that these are amounts derived from the sale of certain lands formerly the property of Mr. Fred T. Bradley, late collector of customs at the port of Emerson, Man., who defaulted—the lands being taken possession of by the Crown.

Under the provisions of Order in Council of November 27, 1894, the Minister of the Interior was authorized to dispose of the lands to the best advantage possible for the benefit of the Crown, accounting therefor to the Department of Customs for the proceeds thereof.

The item of $17.52 at the port of Victoria covers an overpayment of salary to Mr. P. R. Peele, acting customs officer at White Pass. It was impossible to obtain this refund from Mr. Peele before the expiry of the time for the closing of the accounts for the fiscal year 1898-99.

The same remark applies to the items of $147.55 and $250 covering refunds of advance by Inspector J. S. Clute, and of $22 refunded by Mr. J. A. McMartin, one of the officers at Dawson.

Mr. Clute was in the Yukon district on inspection, and the department was unable to obtain refunds from him until after his return from that country.

The refund from Mr. McMartin also came too late to be included in last year's accounts.

The item of $69.70, refunded by Mr. H. J. Smith, of Sarnia, Ont., covered an amount paid to him for living expenses from March 1 to June 30, 1899.

Upon inspection of the port of Sarnia by Mr. Inspector Clappison, he found that Mr. Smith, who was acting as landing waiter at the Tunnel Station, had obtained payment of his living expenses from the department between March 1, 1899, and November 30, 1899, although he had removed his family to Sarnia on March 1, 1899, and did not incur any extra expense for board after that date.

Upon these facts being made known to the department, Mr. Smith was called upon to refund the amount.

The item of $50 refunded by Mr. A. Drouillard, customs officer at Windsor, is explained by your letter of February 23 last. Vouchers in respect of these matters were sent you as soon as they were received by the department, and will be found included with the vouchers for fiscal year 1898-99.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Customs Seizures, No. 525, Port of St. Stephen.

AUDIT OFFICE, OTTAWA, April 30, 1900.

SIR,—Referring to voucher No. 627, seizure expenses, port of St. Stephen, sub-voucher No. 9 calls for some explanation. It reads as follows :—

" John A. Dixon—Freight on seized liquor received at Grand Manan and delivered to Collector Ruel at St. John," $35.

This voucher is certified by Charles Dixon, Collector, outport of North Head. The voucher furnished for wharfage paid at St. John indicates that the liquor reached there by sloop *Magdalene.* Should not the charge for freight have been only from St. Stephen to St. John ? Is John A. Dixon the owner of the sloop *Magdalene ?* If so the voucher should be made out accordingly. The whole account is signed by H. Graham, collector at St. Stephen. Should he not certify that the several vouchers were examined and approved by him ?

The expenses of this seizure paid out of proceeds of sale were $149.56, for which vouchers should be furnished. It would be more satisfactory if the gross proceeds of such sales were deposited and the expenses paid through the department.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, May 19, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 30th ultimo, in reference to voucher No. 627 covering seizure expenses at the port of St. Stephen, N.B., *re* seizure No 525.

In reference to the voucher for freight on seized liquor, $35.00, paid to Mr. John A. Dixon, I beg to advise you that the collector at St. Stephen, Mr. H. Graham, chartered Mr. Dixon's sloop to take the seized goods from Grand Manan, the place of seizure, to St. John, N.B., and the goods were never in St. Stephen.

The vouchers were certified to by Mr. Charles Dixon, sub-collector at the outport of North Head, as he was the officer who made the seizure and it is usual for the vouchers to be certified to by the sub-collector.

As, however, you seem to object to the certificate, the vouchers have been certified to by Mr. Collector Graham, who says that the charges were fair and just.

In regard to your remark that " it would be more satisfactory if the gross proceeds of sale were deposited and the expenses paid through the department," the sum of $149.59 having been paid out of the proceeds of the sale, I beg to advise you that under the seizure regulations it is provided that the net proceeds of sales of all seizures and forfeitures are to be paid over to the Receiver General.

I enclose you herewith account sale to which is attached vouchers for the expenses amounting to $149.56, and would ask you to return the same to me.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, May 29, 1900.

SIR,—As requested, I am returning the account of sale *re* seizure No. 525 Port of St. Stephen, N.B., received with your letter of the 19th instant.

Whether the present practice of paying the expenses of the sale of seized goods out of the proceeds of sale is to be continued, or the gross proceeds deposited and the expenses paid through the department the sales accounts with vouchers should be furnished to this office regularly.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

Re Defalcation at Bathurst, N. B.

CUSTOMS DEPARTMENT, OTTAWA, June 6, 1900.

SIR,—I send you herewith copy of statement from J. S. MacLaren, inspector of customs, showing a defalcation of $246 in the accounts of J. E. Baldwin, late collector of customs at Bathurst, N.B., who has been dismissed from the service.

The account is in the hands of the Justice Department for collection, and the amount is likely to be collected.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner of Customs.*

AUDIT OFFICE, OTTAWA, June 8, 1900.

SIR,—I have received your letter of the 6th instant, enclosing a statement dated St. John, N.B., July 20, 1899, from J. S. MacLaren, inspector of customs, showing a defalcation of $246 in the accounts of J. E. Baldwin, late collector of customs at Bathurst, N.B.

This defalcation is part of the duty on 90 brls. pork imported by Adams, Burns & Co., in November or December, 1898.

I have to inquire how often the customs offices in New Brunswick are inspected, and the dates of the last three inspections of the Bathurst office.

This officer also made collections for the Department of Inland Revenue and is a defaulter to that department to the extent of $1,487.40.

Do your inspectors and inspectors of the Inland Revenue Department make joint inspection of such offices?

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, June 13, 1900.

SIR,—Referring to your letter of the 8th instant, in the above matter, I would state that the customs inspectors and the inspectors of the Inland Revenue Department do not make joint inspection of offices where the same officer acts for both departments, so far as I am aware.

Customs ports in New Brunswick, as a general rule, are inspected once a year.

The Bathurst office was inspected by J. S. MacLaren, inspector of customs, on the following dates, viz:—August 1, August 1896; August 19, 1897; July 14, 1898; April 18, 1899; July 20, 1899.

A further credit of $31.01 is to be given on account of this defalcation, as at October 30, 1899, for Officer Baldwin's salary.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Defalcation at Revelstoke, B.C.

CUSTOMS DEPARTMENT, OTTAWA, August 1, 1900.

SIR,—I send you herewith report of S. W. McMichael, chief inspector, showing default in the accounts of the late acting sub-collector of customs at Revelstoke, B.C., of $2,717.31, less subsequently received $1,350.46, leaving $1,366.85 still due.

The account has been placed in the hands of the Department of Justice for collection, and the balance claimed is likely to be recovered in due course.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Bounty on Pig Iron.

AUDIT OFFICE, OTTAWA, November 12, 1900.

SIR,—The following companies were paid bounty on the pig iron manufactured during 1899-1900: The Hamilton Blast Co., The Mineral Product Co., The Nova Scotia Steel Co., The Canada Iron Furnace Co., The Deseronto Iron Co., John McDougall & Co. The claim papers furnished by the first three were certified by a collector of customs as 'examined and approved,' those of the others were not.

I have to inquire the nature and extent of the examination made by the collector to enable him to certify the claim paper as he does; also, why the claim papers of all the companies are not certified.

I observe that no bounty has been paid on over 13½ per cent. of the pig iron manufactured by The Hamilton Blast Co., on account of the cinder and mottled iron used. Bounty has been paid on the whole quantity manufactured by other companies, in which case nothing but natural ore should have been used. What evidence is there on this point?

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, December 12, 1900.

SIR,—Referring to your letter of the 12th ultimo in the above matter, I have to state that the claim papers of all the companies are not marked "examined and approved" by the collector of customs, because the regulations prescribed by Order in Council do not require any such certificate from the collector.

This certificate, in the cases where signed by the collector, implies only that the claim is presented in due form, and that the amount of the bounty is correctly computed on the basis of the product attested to in the claim. All the claims, however, are carefully checked by the accountant of this department before payment.

As to the evidence that nothing but natural ore has been used in the manufacture of the pig iron upon which bounty has been paid, there is the affidavit of the persons concerned in the manufacture, to the effect that the quantity of pig iron upon which the bounty is claimed is the true proportion produced from Canadian ore and foreign ore respectively.

The Nova Scotia Steel Company state that when they have used some off-grades of pig iron, they have invariably deducted the quantity used from the quantity of pig iron on which bounty has been claimed.

I have no reason to believe that bounty has been paid in respect of pig iron produced otherwise than from Canadian or foreign ores.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Customs Refunds

Payment to the Windsor and Annapolis Railway, $32,533.22: This matter is under correspondence with the department, which will appear in next year's report.

Stenographers' charges in excess of Rates fixed by Order in Council.

AUDIT OFFICE, OTTAWA, March 5, 1900.

SIR,—Your letter-of-credit expenditure for February ulto., includes a payment of $700, by cheque No. 14733, to Messrs Urquhart, Wright & Bush for taking and transcribing in triplicate the evidence at the trials of Wm. Weir and Ferdinand Lemieux. The account as rendered is for 2,065 folios at 40c., $826. Messrs. Urquhart & Co., however, accepted $700 as payment in full. This makes the rate per folio about 33⅞. Please let me know why the provisions of the Orders in Council of Oct. 9, 1888 and July 3, 1890, regarding the rate of pay to reporters, were not adhered to. I notice that Mr. J. J. Lomax charges only 15c. a folio for reporting the evidence taken in the police court in connection with these prosecutions.

The only certificate on the account is the following, signed by M. Hutchinson, Q.C. "I verified the number of words in several of the depositions and I think they are quite correct." The certificate should be a definite statement that the number of folios is correct.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

DEPT. OF FINANCE, OTTAWA, March 7, 1900

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, respecting the payment of Messrs. Urquhart, Wright and Bush for taking and transcribing in triplicate the evidence at the trials of Wm. Weir and Ferdinand Lemieux.

I regret to state that in this case an error occurred inadvertently on the part of this Department. I will at once endeavour to see what can be done to rectify the same.

Yours truly,

J. M. COURTNEY, *D. M. F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, November 24, 1900.

SIR,—Referring to our correspondence in March last, regarding the account of Messrs. Urquhart, Wright and Bush in connection with the Ville Marie Bank trials, please let me know whether a readjustment of the account has been made.

I am, sir your obedient servant,

J. L. McDOUGALL, *A G.*

The Deputy Minister of Finance.

Delay by Departments in Settling Accounts with the Queen's Printer.

AUDIT OFFICE, OTTAWA, June 4, 1900.

SIR,—I have been for years in constant difficulty with the Queen's Printer about his accounts with the various departments for printing and stationery. You are aware that the accounts against him for labour and materials are met altogether by the payments of the departments for work done for them. Whenever a department is unable to pay its account, the Queen's Printer becomes in arrears for advances made to him under credits of the usual kind. I am not authorised by Parliament to make these advances, and, therefore, I am going beyond my powers in issuing the credits.

I have contended with the Queen's Printer that, if I am to continue the practice which has prevailed of giving credits to him without Parliamentary appropriation, I should have from him a promise that he will cease to make advances to the departments that are in arrears; but he has replied to me by a letter of July 19, 1899, of which I send you a copy, and which I need not explain as it speaks for itself. Whether his view or mine is the correct one, he certainly says all that can be said for his side of the question, and a perusal of the letter will show you that the only thing that can be done in this case to prevent friction and difficulty is to provide an appropriation which will cover the arrears that may exist at any time. The charges against this appropriation would mean at any particular day the arrears of that day—that is to say, the amount which had not been repaid by the departments.

I have written in the same words to the Premier.

I am, sir, your obedient servant,

The Minister of Finance. J. L. McDOUGALL, *A.G.*

Ottawa Improvement Commission—Audit of Expenditure.

NOTE.—This correspondence is introduced to show the importance in securing a proper and inexpensive audit, of having control of the manner of conducting the expenditure. Incidentally the difficulties which are set up where they should not be expected are seen.

J. L. McD.

AUDIT OFFICE, OTTAWA, January 31, 1900.

SIR,—I have your application for a cheque in favour of the Ontario Bank for the credit of the Ottawa Improvement Commission for the sum of $45,000, payable to the Commission in quarterly instalments.

I would prefer to have the money made available for the Commission by a credit in favour of the chairman and secretary. This will answer all the legitimate purposes of the Commission, and will secure the payments being made only on the cheque of the chairman and secretary, as required by the Act. It will also have, for our purposes, the advantage of preventing any part of the money being put to other uses than those contemplated by the Act without its being made apparent to me as auditor that it has been diverted even temporarily for some other purpose.

As Parliament has placed upon me the duty of auditing this expenditure, I take it that my methods are approved, and that therefore as long as the perfect freedom of the commission in making expenditure for the purposes authorized by the Act is not interfered with, the methods of this office of control as well as of audit proper are intended to be applied in this case as in the ordinary expenditure of the Government. My duties will be performed much more effectively by this method.

This view is made stronger by noticing the difficulties that have arisen in the city of Ottawa on account of the use of moneys apparently quite independently of the purposes for which they were intended, even if they ultimately went to their proper destination.

I am sorry that on account of being very busy yesterday, I was not able to take this matter up. I hope there has been no inconvenience from this delay.

I am, sir, your obedient servant,

The Deputy Minister, Finance Department. J. L. McDOUGALL, *A.G*

FINANCE DEPARTMENT, OTTAWA, January 31, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of this date with reference to the application made to you for a cheque in favour of the Ontario Bank for the credit of the Ottawa Improvement Commission for the sum of $45,000.

I notice that you would prefer to have the money made available for the commission by a credit in favour of the chairman and secretary. Permit me to call your attention to section 2 of the Act of last session with reference to the Commission. That section provides that the money shall be *paid* by the "Minister of Finance and Receiver General *into a chartered bank*, to be designated by him, *to the credit of the Board of Commissioners*" therein provided for. From this it seems to me that all we can do is to place the money in the bank to the credit of the Commission.

The section further reads:—"No payment shall be made by such bank from any amount at the credit of the commission except on the joint cheque of the chairman or acting chairman and the secretary or acting secretary." I will when sending the cheque to the bank, call the attention of the manager of the bank to these special provisions.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, February 5, 1900.

SIR,—Your letter of the 31st ultimo reached me in due course. I do not lay the same stress on the words of the section with regard to paying over the money to the Commission as you do. As a matter of fact neither a cheque nor a credit is a payment to the commissioners. A cheque is as good as a payment and a credit is as good as a cheque for all legitimate purposes.

I am anxious that a credit should issue so that my work, which is sufficiently onerous now, should not be made any more burdensome than in the public interest is necessary. If any other method can be suggested which will secure the control of the money in the bank as Government money is controlled until used for the purpose authorized, I shall be quite willing to follow it nstead of the one which suggests itself to me.

With reference to the difficulty which you mentioned in conversation, that is, what would be done about the balance unexpended at the end of the year if the expenditure were made under a credit—there is really no difficulty, as the provision is a statutory one and does not lapse, and therefore, can be paid at any time.

If the money were treated as your application describes, although the Ontario Bank would not be justified in paying it out except on joint cheques of the chairman and the secretary of the Commission, the whole of the money might be paid at one time on such a cheque. The Banker would have

no right to refuse any cheque, no matter whether it was drawn for the purposes of the Commission or not. The Auditor would have no means of determining through how many hands the money might have gone before it was used for the legitimate purposes of the Commission. The chairman and secretary could draw the money and put it to another account in the same bank or in any other bank.

I am anxious that there should be no delay in making the money available for the Commission, but I should like to have the transaction begin in such a way that we can continue it without change.

I am sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Finance Dept.

FINANCE DEPARTMENT, OTTAWA, February 7, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th instant, in the above matter, and I am directed by the Minister of Finance to say in reply thereto that, however desirable the course you wish to have adopted may be, it appears to him that Parliament has in the Act providing for the grant in question laid down in express words how the money is to be paid, viz:—into a chartered bank to the credit of the Commission and we cannot depart from the Act of Parliament.

I have, therefore, to request that you will kindly issue the certificate for the cheque in favour of the Ontario Bank as requested.

I am sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 14, 1900.

SIR,—I have given careful consideration to your letter of the 7th inst.

As you have not replied to the objections raised in my letter of the 5th inst., I find myself unable to pass the application for a cheque.

If I am over-ruled by the Treasury Board, it will be seen that I have not acquiesced in a course which would result in my having imposed upon me duties which I would be unable to properly perform under any circumstances, and particularly with the means at my disposal.

I may repeat that I shall be glad to give the fullest consideration to any difficulties which the Commission may foresee in the performance of its duties by agreeing to my suggestion. I shall also be happy to get any evidence that I have over-estimated the obstacles in the way of carrying out my own duties.

Might I suggest that, as Parliament is in session, the Act ought to be amended by providing for the payments under credit, or by relieving me of the duty which I would with so much pleasure perform, if it were made practicable for me to do so.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Finance.

FINANCE DEPARTMENT, OTTAWA, February 14, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of this date in the above matter.

I have again read over your letter of the 5th instant, and I must confess that I cannot see that you have raised any objections therein to passing my application for a cheque in favour of the Ontario Bank for the credit of the Commission.

You certainly have stated your views as to the desirability of adopting another course of procedure, but as I stated in my last letter, however desirable that course may be, the Act of Parliament has laid down in express words how the money is to be paid, viz:—in the way application has been made, and in my opinion we have no option, but have to follow the method laid down in the Act. This you tacitly admit in your letter of to-day when you suggest that the Act be amended by providing for payments under credit.

In the meantime the payments should have been made before this and I must ask that you will be good enough to pass the application, or if not that you will inform me to that effect and at the same time state your objections categorically to doing so.

I shall be glad to hear from you at your earliest convenience.

I am, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 15, 1900.

SIR,—In reply to your letter of yesterday on this subject, I think that I was specific enough in the second paragraph of mine of the same date, in signifying that I did not intend to pass the application when I said :

'I find myself unable to pass the application for a cheque.'

From my reading of the Audit Act, I conclude that it is not neeessary that I should state any reason for refusing to pass the application until the matter comes before the Treasury Board on appeal. I mention this fact to meet your view that I have raised no objection to passing your application for a cheque. It is very possible that when the question comes before the Board I may not see any objections except those which I have urged and which I think are very pertinent ; but in the meantime there is no necessity so far as I can see to state any objections.

I am, sir, your obedient servant,

J. M. McDOUGALL, *A.G*

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, Feb. 21, 1900.

DEAR SIR,—I had a conversation with Mr. Simpson of the Ontario Bank this morning regarding the grant from the Government. He seems to see no objection to the condition which it appears to me well to impose, for the purpose of rendering the audit by me of the accounts practicable and easy. He suggested that I should see the Chairman. I called and did not find Mr. Bate in. I thought that it would perhaps be well that you and he should talk the matter over before I called again.

Mr. Simpson kindly offered to send me a duplicate statement of the cheques drawn, and to assist in every way to carry out your views. What I would like you to agree to do is :

1. To draw no cheque, apart from what may be needed for the small contingencies for postage, telegrams, cab-hire and the like, except those payable to order and to pay debts of the Commission.

2. To obtain a return of your cheques at the end of each month and after you have had a day or two to examine them, to forward them to me, to be returned again to you when I have had sufficient time to examine them here. This of course would involve your not transferring any part of your account to any Bank or person, unless you were making a transfer of the whole of your account to some other Bank. You would, no doubt, be able to give me the other vouchers at the same time the you give me the returned cheques.

3. To give instructions to the Manager to allow me, or any person whom I might send, to see at any time your Bank account and any cheques in the Bank at the time.

As soon as you and Mr. Bate are together in your office and have had time to think this matter over, I shall be very glad to go over and consider the matter with you if you notify me that you are there.

I am, sir, your obedient servant,

C. R. CUNNINGHAM, Esq., Ottawa.

J. L. McDOUGALL, *A.G.*

THE OTTAWA IMPROVEMENT COMMISSION, OTTAWA, February 24, 1900.

SIR,—I have the honour to transmit herewith a certified copy of a resolution passed by "The Ottawa Improvement Commission" at a meeting held this morning, regarding the conditions under which payments by the Commission should be made and returns forwarded for audit.

I am, sir, your obedient servant,

The Auditor General.

STEPHEN E. OBRIEN, *Secretary.*

COPY *of resolution passed at a meeting of the Ottawa Improvement Commission, held on February 24, 1900.*

Moved by Commissioner Payment, seconded by Commissioner Cunningham :—That, to conform to the suggestions of the Auditor General as to the conditions under which "The Ottawa Improvement Commission" should make payments and forward returns for audit, the following resolution be adopted :—

1. That no cheques shall be drawn, apart from what may be needed for small contingencies, such as postage, telegrams, cab hire, and the like, except those payable to order for the purpose of paying the debts of the Commission.

2. That each pay list shall be covered by a separate cheque made payable to the order of the Commissioners' engineer ; the receipted pay list to be considered as a sufficient voucher.

3. That a return of cheques shall be obtained at the end of each month, and after being held a day or two for examination, shall be forwarded with the corresponding vouchers, to the Auditor General, to be returned, after examination by him, to the Secretary.

4. That the Manager of the Ontario Bank shall be instructed to allow the Auditor General, or any person deputed by him, to see at any time, the Commission's Bank account, or any of its cheques in the Bank at the time.

Certified a true copy.

STEPHEN E. O'BRIEN, *Secretary.*

1—3½G

AUDIT OFFICE, OTTAWA, March 1, 1900.

SIR,—You will please notice in connection with the $45,000 for the Ottawa Improvement Commission, deposited with you, that the cheques withdrawing the money, under the Act which provided for this grant, are all to be signed by the chairman or acting chairman and the secretary. Please refer to the second section of the Act.

I am, sir, your obedient servant,

The Manager, Ontario Bank, Ottawa. J. L. McDOUGALL, *A.G.*

Condition of issuing Credit to the Accountant of Contingencies.

AUDIT OFFICE, OTTAWA, February 1, 1900.

SIR,—With reference to your conversation of yesterday regarding the method of paying out moneys by the Accountant of Contingencies, I beg to inclose a copy of an Order in Council of August, 1869, the original being in your bound volume of that year. If you look at the marks made by me on that copy, you will notice that it was then determined that the accountant of contingencies should give security.

You remarked that Guilbault, the paymaster of the canals, was in a similar position to that of the Accountant of Contingencies. The differences in his position from that of the accountant of contingencies are very marked. As I mentioned at the time, the credit which Mr. Guilbault receives covers an ascertained sum, and is assigned by a statement to the several parties to whom it is to be paid. Then he is associated in the credit with Mr. Marceau, the superintending engineer, and besides he supplies a bond from a guarantee company.

I am, sir, your obedient servant,

The Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, February 3, 1900.

SIR,—I have your letter of the 1st instant on the subject of the credit of the Accountant of Contingencies, together with the copy of the Order in Council of August, 1869, therein referred to.

In reply I have to say that although it appears to have been then determined that the accountant of contingencies should give security, there is nothing so far as I can find out to show that such security ever was given. In fact from my acquaintance with the department, which began in the year mentioned, 1869, I doubt if security ever was given.

Be that as it may, however, the circumstances at the time the Order in question was passed were very different from those now obtaining. The accountant of Contingencies did not then get a credit, but he did get actual cash in large sums through the system of accountable warrants, and his powers were much more extensive than those of the present accountant.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, February 5, 1900.

SIR,—I have your letter of the 3rd instant with reference to the credit of the accountant of contingencies.

If you look again at section 3 of the recommendations adopted by the Government, you will find that it reads this way :

" (3.) Every person to whom letters of credit are given or to whom warrants issue, whether " accountable warrants in round sums to meet general expenditure or warrants to enable him to pay " sums ascertained to be due, and who pays such sums by his own official cheque against an official " account at the bank, shall give security."

This shows that every person who had a credit without any one countersigning his cheques, was expected to provide security. It is quite true that this Order in Council was apparently overlooked for many years, but it is still in existence, and now that my attention has been called to it, I cannot take part in granting a credit to the accountant of contingencies unless after he has given security or unless there is some other person associated with him.

I am, sir, your obedient servant,

The Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, February 13, 1900.

SIR,—I regret that through extreme pressure of business involved in preparation for the budget and other matters I have been unable to answer earlier your letter of the 5th instant respecting the credit of the Accountant of Contingencies.

Since I wrote you last, I have caused search to be made in the records of the Registrar of the Dept. of the Secretary of State, and I find that the Accountant of Contingencies never gave a bond, but be that as it may, as the Order in Council is still in existence, its terms must be complied with.

I do not see how in the present situation of this Department any other person can be associated with the Accountant of Contingencies to countersign cheques so as to permit of any real security, and it would, therefore appear that the other alternative, the giving of security, would have to be adopted.

The total payments made by the Accountant of Contingencies amount yearly to about $230,000, of which about $70,000 are for printing and stationery and are in a manner cross-entries. It, therefore, reduces itself that the absolute dealings amount to about $160,000 or say $13,000 a month. As the greater portion of this $13,000 is made up of payments to extra clerks and charwomen, the telegraph service, and the travelling expenses of public officers, there is but little in the way of payments to the public, only the newspaper subscriptions as a matter of fact.

I am inclined, therefore, to think that a very small security is all that is required and as the accounts vouchers and cheques are sent in monthly for audit I presume you will concur in this view.

I shall be glad to have your views as to the amount of the bond to be given, which will of course be that of a Guarantee Company, and as the present credit is running out I shall be glad to hear quickly so that the matter may be arranged without delay.

Yours truly,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, February 14, 1900.

SIR,—I have your letter of yesterday with reference to the credit of the Accountant of Contingencies.

I do not see the ground for the distinction which you make in the different kinds of payments made by the Accountant of Contingencies. It seems to me that a bond, if obtained at all, would cover expenditure of one kind as properly as expenditure of another kind.

I should be glad to have your reason for the distinction which you make.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, Ottawa, Feby. 14, 1900.

SIR,—I have your letter of to-day with reference to the credit of the accountant of contingencies.

I was not making any distinction as to the different kinds of payments; I was simply classifying them, but be that as it may, the fact remains that the whole amount a month is $13,000, and as the accounts are audited monthly, I think the bond should be light and I shall be glad to have your views as to the amount as early as possible.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 15, 1900.

SIR,—I have your letter of yesterday with reference to the credit of the Accountant of Contingencies. It appears to me that you should name the amount of security which in your view would be a sufficient guarantee.

I am, sir, your obedient servant,

The Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, February 27, 1900.

SIR,—Referring to previous correspondence, I have the honour to inform you that Mr. W. H. Hayes, Accountant of Contingencies, has furnished this Department with a fidelity bond for $2,000 from the Dominion of Canada Guarantee and Accident Insurance Co.

The amount of the bond was fixed at $2,000 by the Minister of Finance.

I am, sir, your obedient servant,

The Auditor General. M. J. COURTNEY, *D.M.*

Hay bought for Imperial Government: Audit of Accounts,

AUDIT OFFICE, OTTAWA, March 8, 1900.

SIR,—I have to remind you that the accounts in connection with the shipments of hay &c. on steamships *Montauk* and *Micmac* have not been returned to this office. As you are aware, these accounts were sent back to your Department some time since for completion, the necessary certificates as to prices and quality of hay having been omitted in the vouchers originally forwarded to this office. These omissions were pointed out verbally when the papers were returned to your department. The Order in Council of November 22, 1899, authorizing this expenditure states that it shall be subject to audit by the Auditor General as required by Section 50, Chap. 29 of the Revised Statutes of Canada.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, March 9, 1900.

SIR,—I am in receipt of your letter of March 8. The accounts in connection with shipments of hay on the steamship *Montauk* and *Micmac* were returned to this office. I was asked to hold these here until Mr Fraser, of the Finance Department, who, I understood, was looking after a part of the work which the Department of Finance was doing, had returned to his office, he being sick for a day or two. I completed the certificates asked for. Mr. Fraser came to this office this morning and took all these accounts with him, together with the certificates which I had attached to them.

Yours truly,

The Auditor General. JAS. W. ROBERTSON, *Commissioner.*

AUDIT OFFICE, OTTAWA, May 4, 1900.

SIR,—I am in receipt of your application of April 28, to repay the Bank of Montreal the sum of $454,789.45 representing a portion of the expenditure in connection with the purchase of hay and other supplies for the Imperial Government, and have also received from the Commissioner's Branch of your Department a statement headed "Imperial Government Hay Account" certified correct as in itself by the accountant, copies of general certificates by Prof. Robertson covering the shipments of hay &c., per steamships "Montauk" and "Micmac", and a certificate by Mr. Whitley that the hay charged to the Imperial Government has been inspected by competent Government inspectors.

Until complete evidence has been supplied me that shipments of hay to the amount represented in the statement of account with the Imperial Government have been made, and that the hay so shipped has been duly inspected as required by the Imperial Government, I cannot pass the application. A general certificate by Mr. Whitley is not sufficient in itself as his knowledge of the inspection of the hay is only secondary.

It seems to me that it will be necessary to have Mr. Robertson here before making payment. The application is held in the meantime.

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, April 21, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of yesterday's date respecting the repayment of the Bank of Montreal for expenditure on account of shipments of hay to the Cape on behalf of the Imperial Government.

Beyond the cost of the first shipment the accounts for which were duly audited by you, no vouchers have been sent to the Imperial Government. The accounts of the subsequent shipments which are not in a completed form, can be audited by you hereafter.

As you are aware, the fiscal year of the Imperial Government ends on March 31, and as Governments, as you can well understand, desire to defray as much as possible of the expenditures of a fiscal year before its expiration, we have received from the War Office something on account of the first shipment and a little more than was asked for on the second shipment, the explanation in regard to these being that some enquiries were being made as to the method of checking the cargoes in and out.

In the case of the subsequent shipments the accounts for which aggregate £99,000 and for which statements of account unaccompanied by vouchers have been transmitted to the War Office, we have been paid the sum of £95,000 on account leaving subsequent adjustments to be made hereafter when the accounts are fully completed.

Under the circumstances as the matter is important involving large advances on the part of the bank for which no repayments have yet been made, I have to ask you to be good enough to pass the sum which I requested the Department of Agriculture to make as near $450,000 as possible to repay the Bank.

Any further explanation in my power I shall be glad to furnish you

All this action I may say was at the direct request of the War Office who desired to make as large a payment for this service as was possible before the end of the fiscal year.

I am, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 4, 1900.

SIR,—Adverting to your letter of the 21st ult., I may state that I have since received an application from the Department of Agriculture to repay the Bank of Montreal the sum of $454,780.45, but have not passed the application for reasons communicated to that Department in a letter of to-day's date.

I may also say that you are mistaken in supposing that the accounts of the first shipment were duly audited in this office as stated in your letter. These accounts were partially examined by us and were found to be incomplete as vouchers for the expenditure. They were accordingly returned to the Department of Agriculture for completion and have not since been seen by me.

I am, sir, your obedient servant,

The Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF FINANCE, OTTAWA, May 7, 1900.

SIR,—Referring to your letter of the 4th instant, respecting the repayment of the Bank of Montreal, for advances of hay purchased for South Africa, on behalf of the Imperial Government, I shall be much obliged if you will kindly favour me with a copy of the letter referred to thereon as having been addressed the Department of Agriculture.

I am, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 7, 1900.

SIR,—As requested by your letter of this date, I enclose herewith a copy of my communication of the 4th inst., addressed to the Dept. of Agriculture with reference to the Imperial Government Hay Account.

I am, sir, your obedient servant,

The Deputy Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, June 22, 1900.

SIR,—I am a receipt of your letter of the 19th instant, and accompanying papers relating to the expenditure for hay and other supplies for the Imperial Government.

I have made a cursory examination of the papers, and to complete the work would like to be furnished with all the accounts of the parties to whom payments were made, the paid cheques returned by the bank and a statement covering the expenditures made by the amount charged to yourself.

I am sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, Ottawa, June 28, 1900.

SIR.—To facilitate the work of examining the Imperial War Office account I should like to be furnished as soon as possible with the statements of account with the following firms:—John G. Hall & Co., T. Hogan & Sons.; Barber & Co.; Robt. Reford Co.; Elder, Dempster & Co. Please let me know where the payment of $8,000 (cheque No. 9 Dec. 5, 1899) to Elder, Dempster Co. has been accounted for.

I am sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Agriculture and Dairying.

Re Superannuation Revenue—Canals.

AUDIT OFFICE, OTTAWA, November 2, 1900.

SIR,—The abatement for superannuation from the salaries of the staff of the Williamsburg canal for the quarter ended June 30 last amounted to $13.43. The deposit that has come to account is for only $10.24, a difference of $3.19, which is the abatement from R. Armstrong, the first name on the list.

The abatements for June quarter at the Cornwall canal amounted to $14.40, for which no deposit has reached this office. Your early attention is requested.

Instead of the present practice of issuing a cheque in favour of the paymaster for the total amount of the pay-list, including superannuation abatements, and then his depositing the latter to credit of the Receiver General, it would be more satisfactory if in future your applications specified the amount of the abatements to be deducted, and a cheque would issue only for the amount payable to the staff. An entry warrant could then be passed debiting the vote and crediting superannuation revenue.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

Re Arrears Due.

FINANCE DEPARTMENT, OTTAWA, September 15, 1900.

SIR,—Referring to your letter of the 6th instant, *re* arrears due this department, I have the honour to state that no interest was received during the fiscal year ended June 30 last from any of the following sources :—

Albert Railway Company ;
Three Rivers Harbour Commission ;
Fredericton and St. Mary's Bridge Company ;
Quebec Harbour Commission ;
Montreal Turnpike Trust.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

RAILWAYS AND CANALS DEPT., OTTAWA, November 7, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 2nd instant by which you state that the abatements for superannuation from the salaries of the staff of the Cornwall Canal for the June quarter amounted to the sum of $14.40, for which you state no deposit has reached your office.

In reply I have to say that the deposit of the amount in question was made on September 6 last, and that it was sent to the Department of Finance on the 12th of that month.

With regard to the item of $3.19, the abatement for superannuation from the salary of Mr. R. Armstrong, for which no deposit has been furnished, I have to state that the said amount was not collected, as the cheque was, through inadvertence, drawn for the full amount of his salary. It will, however, be deducted from his salary for the month of October ultimo, and forwarded to the Department of Finance.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, November 12, 1900.

SIR,—I have received your letter of the 7th in reference to the superannuation abatement about which I wrote on the 2nd.

The deposit receipt of $14.40 which you were informed was sent to the Finance Department on September 12 was not entered up in the finance books till September 26, and the statement on which it was entered bears the stamp of your department of that date. The accounts of 1899-1900 were closed on September 15, as your department was previously advised they would be, and in consequence the deposit in question had to be credited to this year's accounts.

The mixing up of the accounts of the two years in this respect would be avoided if the superannuation abatements were treated as suggested in my letter of the 2nd instant.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, November 14, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 12th instant in further reference to the abatements for superannuation from the salaries of the staff of the Cornwall Canal, by which you state that the mixing up of the accounts of the two years in that connection would be avoided if the abatements in question were treated in accordance with the suggestion contained in the letter addressed by you to the department on the 2nd instant.

In reply I have to say that in the future the department will endeavour to have such abatements dealt with accordingly.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *A.G.*
